BACK LABEL COPY (CONTINUED)

**General Cleaning and Stain Removal:** Apply LYSOL® Bleach Plus with a damp sponge, mop, brush or cloth to counter tops, sinks, tubs, showers, tiles, fiberglass, vinyl no-wax floors, quarry tile and ceramic tile, (kitchen) appliances and food carts. Wipe clean and rinse. If deposits are heavy or to enhance whitening of cutting surfaces or grout, allow solution to remain on surface for 3-5 minutes. Scrub if necessary. Rinse immediately after use on metal. Use LYSOL® Bleach Plus full strength or diluted as directed below.

**APPLY CAREFULLY - CONTAINS BLEACH**

LYSOL® Bleach Plus cleans and disinfects kitchen and bathroom surfaces, including stove tops, counters, appliances, no-wax floors, sinks, tubs, toilets and tiles.

(FOR POURABLE CONTAINER:)

To clean and disinfect surfaces, apply full strength with a damp sponge or cloth onto surface to be cleaned, or apply product directly onto surface to be cleaned. Let stand for 5 minutes. Wipe clean and rinse.

To clean and disinfect no-wax floors, mix 1 cup (8 oz.) of product per 1 gallon of water, mop clean and let stand for 5 minutes. Rinse for the best shine.

TO CLEAN and DISINFECT Toilet Bowls, follow these easy steps:

1. Flush toilet to remove any excess dirt.
2. Direct (Add) 3/4 cup (6 oz.) of product inside bowl to completely coat the sides of the bowl and under the rim. Clean up spills and drips immediately. Replace cap securely.
3. Let soak for at least 5 minutes. Do not close toilet bowl lid.
4. Brush entire bowl to wet surfaces thoroughly, including under the rim, and flush.
5. Rinse brush in fresh water after use. Repeat if necessary.

(FOR TRIGGER SPRAY CONTAINER:)

Turn nozzle counter clockwise to open. Spray 4-6 inches away from surface to be cleaned. Let stand for 5 minutes. Wipe clean and rinse. If the vapors bother you, leave the room while the product is working. If the last portion of product is difficult to dispense, turn the trigger 180 degrees to face opposite direction. This will help ensure full use of contents.

(FOR CHILD RESISTANT CAP:)

TO OPEN CHILD RESISTANT CAP: Hold bottle firmly with one hand on a flat surface. With other hand, squeeze sides of cap where symbols indicate and turn counterclockwise. AVOID SQUEEZING BOTTLE WHEN OPENING. To reseal, turn cap clockwise until tightly closed.

Kills Human Immunodeficiency Virus Type I (HIV-I) (AIDS Virus) on precleaned, environmental surfaces/objects previously soiled with blood/body fluids in health care settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of HIV-I (associated with Aids).

SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-I OF SURFACES/OBJECTS SOILED WITH BLOOD/BODY FLUIDS.

PERSONAL PROTECTION: When handling items soiled with blood or body fluids, use disposable latex gloves, gowns, masks or eye coverings.

CLEANING PROCEDURES: Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of LYSOL® Bleach Plus.

CONTACT TIME: Allow surface/objects to remain wet for 5 minutes.

DISPOSAL OF INFECTIOUS MATERIALS: Blood and other body fluids should be autoclaved and disposed of according to local regulations for infectious waste disposal.

Precautionary Statements: Hazards to humans and domestic animals.

WARNING: Causes eye and skin irritation. Do not get in eyes, on skin or on clothing. Odors may irritate. Use only in well-ventilated areas. Avoid prolonged breathing of vapor. Not recommended for use by persons with heart conditions or chronic respiratory problems such as asthma, emphysema or obstructive lung disease. Harmful if swallowed. For sensitive skin or prolonged use, wear gloves.

Practical Treatment: In case of eye contact, immediately flush eyes with water, remove any contact lenses, and continue flushing eyes for at least 15 minutes. Get medical attention immediately. In case of skin contact, immediately wash with plenty of soap and water. If irritation persists, get medical attention. If swallowed, drink a glass of water and get prompt medical attention. If breathing is affected, get fresh air immediately.

Physical and Chemical Hazards: LYSOL® Bleach Plus contains bleach. Do not mix with other household chemicals such as products containing ammonia, toilet bowl cleaners, rust removers, vinegars, acids, or other LYSOL® Brand Products. To do so will release hazardous gases. Rinse immediately after use on metal to avoid pitting or discoloration. Avoid contact with clothes, fabric, wood, rubber, carpet, painted and paper surfaces and finished floors. Prolonged contact with metal, old porcelain, worn Formica® and marble may cause discoloration.
