AND TOXIC SUBSTANCES

Mary C. Pisculli
Regulatory & Registration Compliance Specialist
Reckitt Benckiser, Inc.
Morris Corporate Center IV
399 Interpace Parkway
Parsippany, NJ 07054-0225

Subject: Lysol Brand Disinfectant Bleach Plus
EPA Registration No. 777-83
Application Date: June 17, 2008
Receipt Date: June 19, 2008

Dear Ms. Pisculli:

The following amendments, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, are acceptable with the conditions listed below:

- Addition of optional marketing claims
- Revision of section headers for clarity
- Addition of disinfection qualifiers specific to viruses
- Addition of trigger nozzle open/close directions
- Update Storage & Disposal statement per PR notice 2007-4

Conditions

1. On page two (2) of the product label, remove the claim "Complete". This is vague and misleading, as it implies a greater efficacy than the product provides.
2. On page two (2) of the product label, remove the claim "Ultimate Clean". This is a comparative claim, and is unacceptable.
3. On page four (4) of the product label, remove the claims "Kills 99.9% of viruses and bacteria (in 30 seconds)" and "Kills 99.9% of viruses (in 30 seconds)". Despite the referenced lists of affected viruses, these claims are misleading and imply a shorter contact time than is actually required.

<< Back Panel - Use directions – IMPORTANT: Advisory statements must be included where appropriate >>

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Apply Carefully - Contains Bleach

Avoid contact with clothes, fabric, wood, rubber, carpet, painted / paper surfaces, non-porous vinyl surfaces, and finished floors. Rinse immediately after use on metal to avoid pitting or discoloration. Prolonged contact with metal, old porcelain, plastic laminate and marble may cause discoloration.

Do not use on eating/cooking utensils, glasses/dishes or cookware.

<< Trigger # 1 >> **To Operate:** Turn nozzle to desired position.

<< Trigger # 2 >> **To Open:** Lift tab up, push back and press tab down to lock into open position.
To Close: Release tab from locked position, push tab down and snap closed.

To Refill: Remove trigger sprayer from empty bottle. Unscrew cap on refill container and pour contents into empty bottle. Replace trigger sprayer and use as you normally would. Refill bottle only with (this product).

- To Refill:**
1. Remove trigger sprayer from empty bottle.
 2. Unscrew cap on refill container and pour contents into empty bottle.
 3. Replace trigger sprayer and use this product as you normally would.

General Cleaning (and Stain Removal): Apply (this product) with damp sponge, mop, brush, or cloth to (surfaces) (insert surface). Wipe clean and rinse. If deposits are heavy or to enhance whitening of cutting surfaces or grout, allow solution to remain on surface for 3-5 minutes. Scrub if necessary. Rinse immediately after use on metal. Use (this product) full strength or diluted as directed below.

To Clean and Disinfect: Spray 4-6 inches away from hard non-porous surface to be cleaned. Let stand for 5 minutes. Wipe clean and rinse. If the vapors bother you, leave the room while the product is working.

To Clean and Disinfect: Apply full strength with a damp sponge or cloth onto hard, non-porous surface to be cleaned, or apply product directly onto surface to be cleaned. Let stand 5 minutes. Wipe clean and rinse.

To Clean and Disinfect No-wax Floors: Mix 1 cup (8 oz.) of product per 1 gallon of water, mop until clean. Let stand 5 minutes. Rinse for the best shine.

Kills Mold & Mildew: Apply to pre-cleaned hard, non-porous surface. Let surface remain wet for 5 minutes, allow to air dry. Repeat application at weekly intervals or when mold and mildew growth appears.

Sanitize / Deodorize: (For heavily soiled surfaces, first clean according to General Cleaning (and Stain Removal) directions.) Spray washable hard, non-porous surfaces until thoroughly wet. Let stand for 30 seconds before wiping.

Sanitize / Deodorize: (For heavily soiled surfaces, first clean according to General Cleaning (and Stain Removal) directions.) Apply full strength on washable hard, non-porous surface until thoroughly wet. Let stand for 30 seconds before wiping.

Note: Bracketed information is denoted as: <<directive>>, {insert as noted}, (optional text), [required qualifier].
The term "this product" used throughout this document may be replaced with the marketed product brand name.
