FILE COPY

Subject: **Lysol Brand Toilet Bowl Cleaner with Bleach**
EPA Registration Number: 777-83
Application Dated: January 13, 2009
Receipt Dated: January 14, 2009

Dear Ms. Dellanno:

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable with conditions.

Conditions:

1. You must remove the term "professional" from the Storage and Disposal Container header.
2. Specify the container sizes for the Trigger and Pourable bottles.
3. Revise Storage and Disposal statement to read: Store in cool, well-ventilated area, inaccessible to small children. Keep securely closed. Do not reuse or refill except as described in the direction for use. Refill trigger bottle only with this product. If not refilling, discard in trash or offer for recycle, if available.
4. Remove the claims for "**Hair**" and "**Pollen**" from Nonliving Allergen sections.
5. Sodium hypochlorite is the only Active Ingredients you must remove "with bleach".
6. Remove all the claims with "x%" you have to specify the percentage. The Agency needs to know what percentages are represented by x%. Therefore, all claims represented by x% have been removed.

General Comment:

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

A stamped copy of the labeling accepted with condition is enclosed. Submit one copy of your final printed labeling before distributing or selling the product bearing the revised labeling.

Should you have any questions concerning this letter, please contact Wanda Henson at (703) 308-6345.

Sincerely,

for Wanda G. Henson,
Emily Mitchell
Product Manager 32
Regulatory Management Branch II
Antimicrobials Division (7510P)

<< Back Panel - Use directions – IMPORTANT: Advisory statements must be included where appropriate >>

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Apply Carefully - Contains Bleach

Avoid contact with clothes, fabric, wood, rubber, carpet, painted / paper surfaces, non-porous vinyl surfaces, and finished floors. Rinse immediately after use on metal to avoid pitting or discoloration. Prolonged contact with metal, old porcelain, plastic laminate and marble may cause discoloration.

To Operate: Turn nozzle counter clockwise to preferred usage.

To Operate: Turn nozzle to ("ON") (desired) position.

(To Operate): To Open: Lift tab up, push back and press tab down to lock into open position.
To Close: Release tab from locked position, push tab down and snap closed.

To Refill (Bottle): Remove trigger sprayer. Pour in product from refill container and replace trigger.

To Refill (Bottle): Remove trigger unit from empty bottle and attach to new bottle.

To Clean (/ Deodorize) (/ Remove Allergens^{††}): (Spray) (Apply to) surface until thoroughly wet. Wipe with a clean cloth or sponge and then rinse.

To Clean (Lime Scale) (Soap Scum) (and) (Greasy Soil): Allow product to sit 15-20 seconds to penetrate soil before wiping clean. Repeat if necessary.

To Sanitize / Disinfect: Pre-clean surface. (Spray) (Apply to) surface until thoroughly wet. **To Sanitize:** Leave for 30 seconds before wiping. **To Disinfect:** Leave for 5 minutes before wiping. Rinse all food contact surfaces with water after use. If the vapors bother you, leave the room while the product is working.

Kills Mold & Mildew: Apply to pre-cleaned surface. Let surface remain wet for 5 minutes and then allow to air dry. Repeat application at weekly intervals or when mold and mildew growth appears.

To Clean No-wax Floors: Mix 1 cup [8 oz.] of product per 1 gallon of water; mop until clean. Rinse for the best shine.

<< Advisory Statements – must be included where appropriate >>

Do not use on eating/cooking utensils, glasses/dishes or cookware.
Rinse bathtub / shower surfaces with water after using product.
