

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

	U.S. ENVIRONMENTAL PROTECTION AGENCY Office of Pesticide Programs Registration Division (H7505C) 401 "M" St., S.W. Washington, D.C. 20460	EPA Reg. Number: 777-86	Date of Issuance:
	NOTICE OF PESTICIDE: <input checked="" type="checkbox"/> Registration <input type="checkbox"/> Reregistration	Term of Issuance: Conditional	
	(under FIFRA, as amended)	Name of Pesticide Product: LYSOL BRAND HARD WATER STAIN CLEANER	
Name and Address of Registrant (include ZIP Code): Reckitt & Coleman, Inc. 225 Summit Ave. Montvale, NJ 07645			
Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.			
On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.			
Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.			
This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:			
1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.			
2. Change the label by revising the EPA Registration Number to read, "EPA Reg. No. 777-86 "			
3. Submit two copies of the revised final printed label for the record.			
If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.			
A stamped copy of the label is enclosed for your records.

BACK PANEL -

LYSOL® BRAND DISINFECTANT HARD WATER STAIN CLEANER

Removes stubborn soap scum, lime scale, mineral deposits, dirt and grime without scrubbing. Nonabrasive, will not scratch.

Lysol® Hard Water Stain Cleaner's formula makes hard water stain cleaning easy! Starts working immediately to penetrate, break up and loosen hardened mineral deposits including:

- Hardened white, gritty stains such as lime scale caused by calcium, magnesium and other minerals.
- Tough combination soap scum/hard water stains.

Also effective on tough bathroom dirt and grime. Wipes away with little or no scrubbing. Use as needed to remove hard water stains. Use regularly to prevent mineral stain build-up.

Effectively cleans and disinfects hard surfaces such as tile, tubs, sinks, shower doors, toilets, fixtures, and other nonporous (bathroom) surfaces around the home (in commercial areas) made from porcelain, ceramic, stainless steel, chrome, glass, synthetic marble and Formica. Do not use on rubber or marble. May discolor painted surfaces, including decorative tile, and colored grout. For all other surfaces, test on a small hidden area before use. May etch some older abraded sinks and tubs. Safe for septic tanks.

For use in hotels/motels, health care facilities, schools, health clubs, restrooms, etc.

Kills (common household) germs such as Staph and Strep, athlete's foot fungus, Influenza A2 (Japan) and Herpes Simplex Virus Types 1 and 2 on hard, nonporous surfaces. Controls mold and mildew growth on hard, nonporous surfaces.

Directions for use: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To Open Child Resistant Nozzle: Point bottle away from face. Set bottle on hard, level surface. Press button on top of trigger down with one hand and turn nozzle with other hand.

For Cleaning: Spray with full strokes 6" - 8" from surface until soiled area is thoroughly covered. After a few seconds, wipe with damp cloth or sponge and rinse with water. For extra tough stains, allow product to penetrate and work on stain before wiping. Repeat application if necessary. To reclose, turn nozzle back until it clicks. Rinse hands after using.

For disinfecting, killing athlete's foot fungus (*T. mentagrophytes*), *Staphylococcus aureus*, *Streptococcus salivarius*, *Enterococcus faecalis*, *Pseudomonas aeruginosa*, *Salmonella choleraesuis*, Influenza A2 (Japan), Rhinovirus Type 39, Rotavirus, Respiratory Syncytial Virus, Herpes Simplex Types 1 and 2,

and Human Immunodeficiency Virus Type 1 (HIV-1) (AIDS Virus) on hard nonporous surfaces: If surfaces are extremely dirty, follow cleaning directions first, then spray on surface until thoroughly covered. Allow a 10 minute contact time. Wipe with damp cloth or sponge and rinse with water.

Kills Human Immunodeficiency Virus Type 1 (HIV-1) (Aids Virus) on precleaned environmental surfaces/objects previously soiled with blood/body fluids in health care settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of Human Immunodeficiency Virus Type 1 (HIV-1) (Associated with AIDS).

SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1 OF SURFACES/OBJECTS SOILED WITH BLOOD/BODY FLUIDS:

PERSONAL PROTECTION: When handling items soiled with blood or body fluids, use disposable latex gloves, gowns, masks, or eye protection.

CLEANING PROCEDURES: Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of Lysol® Hard Water Stain Cleaner.

CONTACT TIME: Allow surface to remain wet for 10 minutes.

DISPOSAL OF INFECTIOUS MATERIALS: Blood and other body fluids should be autoclaved and disposed of according to local regulations for infectious waste disposal.

For Mold and Mildew Control on Nonporous Surfaces: Spray on surface until thoroughly covered. Let stand 10 minutes. Wipe with damp cloth or sponge and rinse with water. Reapply product if new growth appears.

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Corrosive. Causes eye damage. Do not get in eyes. Protect eyes when handling. Odors may irritate. Avoid prolonged breathing of vapor. Use only in well ventilated areas (open windows/use fan). If vapors bother you, leave the room while the product is working. Not recommended for use by persons with heart conditions or chronic respiratory problems such as asthma, emphysema or obstructive lung disease. Do not use any other spray dispenser with this product. For sensitive skin or prolonged use, wear household gloves.

FIRST AID: For contact with eyes, immediately flush eyes with cool running water. Remove contact lenses and continue flushing eyes for at least 15 minutes. Get medical attention immediately. If swallowed, , drink large quantities of water. If on skin, wash skin with soap and plenty of water. If breathing is affected, get fresh air immediately. Get medical attention if irritation persists.

PHYSICAL OR CHEMICAL HAZARDS: Contains hydroxyacetic and sulfanic acids. Do not mix with any other product, especially bleach or mildew stain removers as toxic fumes may result.

STORAGE/DISPOSAL: Store in original container, always inaccessible to small children. Do not reuse empty container. Discard in trash or recycle.
