Office of Pesticide Programs  
Registration Division (H7505C)  
401 "M" St., S.W.  
Washington, D.C. 20460

EPA Reg. Number:  
777-87

Date of Issuance:  
**FEB 11 1999**

**NOTICE OF PESTICIDE:**

- Registration
- Reregistration

Term of Issuance:  
**Conditional Registration**

Name of Pesticide Product:  
**TULSA**

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

**Rickitt & Colman  
House Product Division  
225 Summit Ave.  
Montvale, NJ 07645**

**Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.**

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the following label changes:
  - a. Revise the EPA Registration Number to read. "EPA Reg. No. 777-87".
3. Add the following precautions to the Precautionary Statement:
 

" Wash thoroughly with soap and water after handling".

Signature of Approving Official:

Date:

**FEB 11 1999**

Marion Johnson

Page # 2  
EPA Reg. No. 778-87

The Agency believes that this statement is necessary to further decrease the potential that may be associated with accidental exposure, especially in lieu of hand to eye exposure.

4. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Marion Johnson  
Product Manager 03

**Carton - Back Panel**

Tulsa is specially formulated to kill/control dust mites. Dust mites are microscopic organisms that can live in mattresses, pillows and upholstered furniture in even the cleanest homes. Regular use of TULSA on these surfaces will kill/control dust mites which may contribute to allergies.

Use Tulsa to kill/control dust mites on:

- Mattresses
- Pillows
- Upholstered furniture

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labelling.

Before spraying, vacuum area to be treated using a readily available 2-ply vacuum bag. Spray evenly to cover area and let air dry for approximately 15 minutes. Contents will treat approximately four mattresses. One month later, vacuum area again and respray. Continue to repeat treatment each month for continuous dust mite control. See can for full directions.

**PRECAUTIONARY STATEMENTS: Hazards to humans and Domestic Animals.**

**Caution:** Causes eye irritation. **Avoid spraying in eyes,** on skin or on clothing.

**First Aid:** In case of eye contact, immediately flush eyes thoroughly with water, remove any contact lenses, and continue to flush eyes with plenty of water for at least 15 minutes. Get medical attention if irritation persists.

**PHYSICAL HAZARDS:** Flammable: Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate. Exposure to temperatures above 130°F may cause bursting.

Extinguish any open flames and cigarettes before use and until surface is dry. Open windows and doors to provide adequate ventilation before, during and after use.
