Subject: PRIA Label Amendment – Addition of SARS-CoV-2 Claims
Product Name: Lysol Brand All Purpose Cleaner
EPA Registration Number: 777-89
Application Date: September 2, 2020
Decision Number: 565801

Dear Ms. Turner:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

The term "Y" is a place holder for a character A – Z.

Antibacterial Action

Approved to kill X% more¹ (kinds of) germs**

Approved to kill germs** ((2)(3)(x)X faster)(X times faster)¹

Approved to kill X germs** X times faster¹

A disinfecting hard, non-porous, non-food contact surface cleaner for use in {insert use sites – see Appendix 2}

Cleans and disinfects in dilution

Disinfects (Deodorizes) (and) (Sanitizes) as it cleans

Disinfects in dilution

Disinfects (even) (when diluted with water) (in dilution) when used according to directions

Disinfects even when diluted (in water)

Kills 99.9% of bacteria* (even when diluted) (even in dilution)

Kills 99.9% of bacteria and viruses**

Kills 99.9% of germs** (even) in dilution

Kills 99.9% of (household) (germs**) (bacteria and viruses**)

Kills 99.9% of viruses†

Kills 99.9% of viruses and bacteria**

Kills 99.9% of viruses and bacteria (even in dilution) (even when diluted in water)**

Kills Avian Influenza A Virus on pre-cleaned (environmental) surfaces in 3 minutes

(Kills) (Destroys) (Eliminates) 99.9% of germs** even in dilution

(Kills) (Destroys) (Eliminates) 99.9% of germs** even when diluted (in water)

(Kills) (Destroys) (Eliminates) germs**

(Kills) (Destroys) (Eliminates) germs** while it cleans

Kills germs** effectively

Kills germs** (even when diluted (in water))

Kills germs** such as: {insert organisms – See Appendix 1}

Kills germs** and controls the growth of mold and mildew

Kills (kitchen) (household) (bathroom) (restroom) bacteria*

Kills (kitchen) (household) (bathroom) (restroom) bacteria and viruses**

Kills (kitchen) (household) (bathroom) (restroom) germs**

Kills (household) germs** in dilution

Kills 99.9% of bacteria and viruses**

Kills 99.9% of viruses and bacteria**

Kills 99.9% of (the following) (household) germs** (in 6 minutes) ({insert organisms – See Appendix 1})

Kills the cold virus (Respiratory Syncytial Virus)

Kills viruses†

Kills viruses and bacteria**

Kills viruses in 3 minutes†

(Now) tested (and proven (effective)) to kill (the) (COVID-19 virus) (SARS-CoV-2) (2019 Novel Coronavirus) (even) (in dilution)⁵

(Now) tested (and proven (effective)) against (the) (COVID-19 virus) (SARS-CoV-2) (2019 Novel Coronavirus) (even) (in dilution)⁵

(Now) tested (and proven (effective)) to help (reduce the spread of) (the) (COVID-19 virus) (SARS-CoV-2) (2019 Novel Coronavirus) between treated surfaces⁵

(This product) helps control cross-contamination of many germs** on treated surfaces (when used as directed)

<< USE DIRECTIONS >>

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To Clean (/ Deodorize) (/Remove Allergens††): Once automatic dispensing unit has applied product to (sponge) (cloth) (towel) wipe surface until visibly wet. Wipe with a clean cloth or sponge.

To Clean (/ Deodorize) (/ Remove Allergens††): Use full strength or dilute ¼ cup [2 (fl.) oz] per gallon of warm water. Apply to surface with (cloth,) (sponge,) (mop) (or) (trigger spray) until visibly wet. Wipe with a clean (cloth) (sponge) (or) (mop). When using full strength, rinse thoroughly with clean water. (Prepare a fresh bucket of solution every time you clean or more often as needed.)

NOTE: Bracketed information is denoted as: << directive >>, { insert as noted }, (optional text), [required qualifier].
The term “this product” used throughout this document may be replaced with the marketed product brand name.
To use the term “germ**” the product must be efficacious against 2 of the 3 major classes of organisms.
The product label must identify the specific bacteria, virus, fungus & mold.
The term ‘x’ is a place holder for a number between 1 to 99.
The term “Y” is a place holder for a character A – Z.

To Clean (/ Deodorize) (/ Remove Allergens††): (Use full strength (or dilute X fl. oz. per gallon of water) (according to chart)). Apply to surface. (Allow product to penetrate (tough) {insert soils from appendix 2} soil(s).) Wipe. (No rinsing required.)

To Clean (Soap Scum) (and) (Greasy Soil): Use at full strength and rinse.

To Sanitize / Disinfect: Pre-clean surface. Use (at) full strength or dilute 1 (fl.) oz. (of this product) with (every) 5 (fl.) oz. of warm water. Apply to surface with (cloth,) (sponge,) (mop) (or) (trigger spray) until visibly wet. **To Sanitize:** Leave for 60 seconds before wiping. **To Disinfect:** Leave for (6) (10) minutes before wiping.

To Sanitize / Disinfect: Pre-clean surface. Use (at) full strength or dilute according to chart. Apply to surface with cloth, sponge, mop or trigger spray until visibly wet. **To Sanitize:** Leave for 60 seconds before wiping. **To Disinfect:** Leave for (6) (10) minutes before wiping.

To Disinfect/Sanitize (hard non-porous surfaces): Preclean. (Use full strength (or dilute X fl. oz. per gallon of water) (according to chart)). Apply and leave visibly wet for 60 seconds to sanitize and (6) (10) minutes to disinfect. Wipe dry.

To Control (and Prevent) (the Growth of) Mold & Mildew: Apply to pre-cleaned surface. Let surface remain visibly wet for 3 minutes and then allow to air dry. Repeat application at weekly intervals or when mold and mildew growth appears.

To Control (and Prevent) (the Growth of) Mold & Mildew: Preclean. Apply and leave visibly wet for 3 minutes and allow to air dry. Repeat weekly or as needed.

<< One of the below rinse statements is mandatory on the label >>

Rinse food contact surfaces (and toys) with potable water.

††††**For surfaces that come in contact with food:** Use only on hard, non-porous surfaces and rinse thoroughly with potable water.

<< Dilution table – will only appear on gallon size container or larger >>

To prepare: (solution)	Add: (this product)	In warm water
1 Pint (16 (fl.) oz.)	2.7 (fl.) oz.	13.3 (fl.) oz.
1 Quart (32 (fl.) oz.)	5.4 (fl.) oz.	26.6 (fl.) oz.
½ Gallon (64 (fl.) oz.)	10.8 (fl.) oz.	53.2 (fl.) oz.
1 Gallon (128 (fl.) oz.)	21.6 (fl.) oz.	106.4 (fl.) oz.

<< ADVISORY STATEMENTS >>

Can be used in cleaning tools that recommend the use of (this product).

Do not use on (eating / cooking utensils, glasses / dishes or cookware) (outdoor patio furniture cushions / pillows) (unfinished, oiled or waxed wood floors).

On painted surfaces test a small inconspicuous area first.

Rinse bathtub / shower surfaces with water after using product.

<< HUMAN IMMUNODEFICIENCY VIRUS TYPE 1 [HIV-1 AIDS Virus] >>

KILLS HUMAN IMMUNODEFICIENCY VIRUS TYPE 1 [HIV-1 AIDS Virus] ON PRECLEANED HARD NON-POROUS ENVIRONMENTAL SURFACES / OBJECTS PREVIOUSLY SOILED WITH BLOOD / BODY FLUIDS, in settings in which there is an expected likelihood of soiling of inanimate surfaces / objects with blood or body fluids; and in which the hard, non-porous surfaces / objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of HIV-1 [associated with AIDS].

SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1 ON SURFACES / OBJECTS SOILED WITH BLOOD / BODY FLUIDS:

PERSONAL PROTECTION: When handling items soiled with blood or body fluids, use disposable latex gloves, gowns, masks and eye coverings.

CLEANING PROCEDURES: Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of this product.

NOTE: Bracketed information is denoted as: << directive >>, { insert as noted }, (optional text), [required qualifier].
The term "this product" used throughout this document may be replaced with the marketed product brand name.
To use the term "germ*" the product must be efficacious against 2 of the 3 major classes of organisms.
The product label must identify the specific bacteria, virus, fungus & mold.
The term 'x' is a place holder for a number between 1 to 99.
The term "Y" is a place holder for a character A – Z.

CONTACT TIME: Allow surface / object to remain visibly wet for 3 minutes. Use a 6 minute contact time for all listed bacteria.
DISPOSAL OF INFECTIOUS MATERIALS: Blood and other body fluids must be autoclaved and disposed of according to local regulations for infectious waste disposal.

<< Animal Care Facilities >>

For Use in Veterinary Clinics, Animal Care and Animal Laboratories: For cleaning and disinfecting the following hard, non-porous surfaces: equipment, utensils, instruments, cages, kennels, etc. Remove all animals and feeds from the premises, crates, cages and enclosures. Remove all litter, droppings and manure from floors, walls and surfaces occupied or traversed by animals. Empty all troughs, racks and other feeding / watering appliances. Thoroughly clean all surfaces with soap or detergent and rinse with water. Saturate surface with a use solution of 8.5 oz per gallon of warm water. Immerse halters, ropes, and other types of equipment used in handling and restraining animals as well as forks, shovels, and scrapers used in removing litter and manure. Allow surface to remain visibly wet for 6 minutes. Ventilate buildings and other closed spaces. Do not house animals or employ equipment until treatment has been absorbed, set or dried. Thoroughly scrub all treated feed racks, automated feeders and watering appliances with soap or detergent and rinse with potable water before reuse.

<< PRECAUTIONARY / FIRST AID / STORAGE & DISPOSAL >>

<< PRECAUTIONARY / FIRST AID STATEMENTS >>

PRECAUTIONARY STATEMENTS: Hazards to Humans and Domestic Animals

CAUTION: Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. If you have sensitive skin wear rubber gloves.

FIRST AID	
If in eyes	<ul style="list-style-type: none">• Hold eye open and rinse slowly and gently with water for 15-20 minutes.• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.• Call a Poison Control Center or doctor for treatment advice.
If on skin	<ul style="list-style-type: none">• Take off contaminated clothing.• Rinse skin immediately with plenty of water for 15-20 minutes.• Call a Poison Control Center or doctor for treatment advice.
CONTACT NUMBER	
Questions? Comments or In case of an emergency, call toll free (1-800-228-4722) (1-800-677-9218) (1-xxx-xxx-xxxx). Have the product container or label with you when calling a Poison Control Center, or doctor, or going for treatment.	

<< STORAGE & DISPOSAL – Residential containers >>

STORAGE AND DISPOSAL: Store in areas inaccessible to children. Keep securely closed. Non-refillable container. Do not reuse or refill this container. Discard in trash or offer for recycling, if available.

STORAGE AND DISPOSAL: Securely close and store in a cool dry area. Non-refillable container. Do not reuse or refill empty container. Recycle empty container if available or discard in trash.

<< Dispensing Unit Refill bottle >>

STORAGE AND DISPOSAL: Store in areas inaccessible to children. Keep securely closed. Non-refillable container. Do not reuse or refill this container. Discard in trash or offer for recycling, if available.

STORAGE AND DISPOSAL: Securely close and store in a cool dry area. Refillable container. Only refill with this product. Recycle empty container if available or discard in trash.

<< STORAGE & DISPOSAL – Commercial / Institutional / Industrial containers >>

STORAGE AND DISPOSAL:

Do not contaminate water, food or feed by storage and disposal.

NOTE: Bracketed information is denoted as: << directive >>, { insert as noted }, (optional text), [required qualifier].
The term "this product" used throughout this document may be replaced with the marketed product brand name.
To use the term "germ**" the product must be efficacious against 2 of the 3 major classes of organisms.
The product label must identify the specific bacteria, virus, fungus & mold.
The term 'x' is a place holder for a number between 1 to 99.
The term "Y" is a place holder for a character A – Z.

PESTICIDE STORAGE: Store in original container in areas inaccessible to children. Keep securely closed.

PESTICIDE DISPOSAL: To avoid waste, use all material in this container according to label directions. Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Non-refillable container. Do not reuse or refill this container. Clean container promptly after emptying. Triple rinse (or equivalent). Follow pesticide disposal instructions for rinsate. Then discard in trash or offer for recycling, if available.

STORAGE AND DISPOSAL: Do not contaminate water, food, or feed by storage and disposal. Securely close and store in a cool dry area. Non-refillable container. Do not reuse or refill empty container. (Triple rinse container (or equivalent) when empty). Recycle empty container if available or discard in trash.

<< LYSOL® AUTOMATIC DISPENSING UNIT - Includes: Dispenser, (product name) Refill and 4 AA batteries >>

Assembly:

1. Open battery door (as shown) then insert 4 AA batteries (included).
2. Close battery door, pressing firmly on the tab to ensure it is fully closed.
3. Remove seal from (product name) refill.
4. Insert (product name) refill into the dispenser until you hear it CLICK into place.
5. Place dispenser on the counter (where you will use it).
6. Turn unit ON using the ON/OFF switch on the back of the dispenser.
7. Wait until the RED indicator light at the front stops blinking. Dispenser is now ready for use.

To Use:

Place (sponge) (cloth) (towel) underneath the nozzle. Ensure (sponge) (cloth) (towel) is placed between the nozzle and the indicator light. You may need to move (sponge) (cloth) (towel) under nozzle several times before first dispense. The dispenser will automatically dispense just the right amount of product on your (sponge) (cloth) (towel).

Replacing the Refill:

Turn OFF the dispenser by using the ON/OFF switch. Press the EJECT button at the back of dispenser and remove the empty bottle. Replace only with (this product) refill. Be sure to remove the seal from (the) refill cap before use.

Replacing the Batteries:

When the batteries have run out, the RED indicator light will flash 6 times. For best results, replace with a new set of 4 AA alkaline batteries.

Maintaining Your Dispenser:

- DO NOT place the dispenser in standing water, under running water or inside the dishwasher. If you do so, the unit may no longer function.
- If the dispenser requires cleaning, switch unit OFF, then wipe dispenser with a damp non-abrasive cloth and dry thoroughly.
- Ensure lens on underside of nozzle is free from product build-up as this may unintentionally activate sensor.
- DO NOT place the dispenser in direct sunlight.

Troubleshooting:

1. If the dispenser does not turn ON:
 - Check that the batteries are inserted in the correct orientation.
 - If the batteries are inserted correctly, the light in front of the dispenser will flash for a few seconds and stop when it is switched ON and ready for use.
2. If the dispenser does not dispense properly OR does not dispense any product at all:
 - Ensure (sponge) (cloth) (towel) is placed between the nozzle and the indicator light (see diagram).
 - Switch dispenser to OFF. Clean as described in the section 'Maintaining Your Dispenser'.
 - Check to see if dispenser is standing in water. If so, the unit may no longer function; however, try removing the battery door, wiping and drying the interior thoroughly, then re-inserting the batteries.
3. If product is dispensing unintentionally, see 'Maintaining Your Dispenser'.

IMPORTANT:

- DO NOT hold the dispenser from the front middle while it is switched ON; as this will activate the sensor and product will be dispensed onto your hand.

NOTE: Bracketed information is denoted as: << directive >>, { insert as noted }, (optional text), [required qualifier].
The term "*this product*" used throughout this document may be replaced with the marketed product brand name.
To use the term "germ**" the product must be efficacious against 2 of the 3 major classes of organisms.
The product label must identify the specific bacteria, virus, fungus & mold.
The term 'x' is a place holder for a number between 1 to 99.
The term "Y" is a place holder for a character A – Z.

- Before cleaning your counter where the dispenser has been placed, turn the dispenser OFF before moving to prevent product from accidentally dispensing.
- Use only (product name) refills in the dispenser.
- Contains batteries. Do not reuse batteries. Batteries contain 0% Mercury / 0% Lead / 0% Cadmium.

<< EMERGING VIRAL PATHOGENS CLAIMS – Hard, non-porous surface >>

This product meets the criteria to make claims against certain emerging viral pathogens from the following viral category:

-Enveloped Viruses

<i>For an emerging viral pathogen that is a/an...</i>	<i>...following the directions for use for the following organisms on the label:</i>
Enveloped virus	Rotavirus WA

[Product name] has demonstrated effectiveness against viruses similar to ***[name of emerging virus]*** on hard, ***[porous and/or non-porous surfaces]***. Therefore, ***[product name]*** can be used against ***[name of emerging virus]*** when used in accordance with the directions for use against ***[name of supporting virus(es)]*** on ***[hard, porous/non-porous surfaces]***. Refer to the ***[CDC or OIE]*** website at ***[pathogen-specific website address]*** for additional information.

[Name of illness/outbreak] is caused by ***[name of emerging virus]***. ***[Product name]*** kills similar viruses and therefore can be used against ***[name of emerging virus]*** when used in accordance with the directions for use against ***[name of supporting virus(es)]*** on ***[hard, porous/non-porous surfaces]***. Refer to the ***[CDC or OIE]*** website at ***[website address]*** for additional information.

NOTE: Bracketed information is denoted as: << directive >>, { insert as noted }, (optional text), [required qualifier].
The term "this product" used throughout this document may be replaced with the marketed product brand name.
To use the term "germ**" the product must be efficacious against 2 of the 3 major classes of organisms.
The product label must identify the specific bacteria, virus, fungus & mold.
The term 'x' is a place holder for a number between 1 to 99.
The term "Y" is a place holder for a character A – Z.

Lysol Brand Kills 99.9% of Viruses & Bacteria** (Clean & Fresh) (Lavender & Orchid Essence) (Sparkling Lemon & Sunflower Essence) (Scent) (Multi-Surface Cleaner)

<< USE DIRECTIONS >>

Follow the directions for use on the pesticide label when applying this product. The product in this container is diluted as directed on the pesticide product label.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To Clean (/ Deodorize) (/ Remove Allergens††): Use full strength or dilute ¼ cup [2 (fl.) oz] per gallon of warm water. Apply to surface (with) (cloth,) (sponge,) (mop) (or) (trigger spray) until visibly wet. Wipe with a clean (cloth) (sponge) (or) (mop). When using full strength, rinse thoroughly with potable water. (Prepare a fresh bucket of solution everytime you clean or more often as needed.)

To Clean (Soap Scum) (and) (Greasy Soil): Use at full strength and rinse.

To Sanitize / Disinfect: Pre-clean surface. Use (at) full strength or dilute 1 (fl.) oz. (of this product) with (every) 5 (fl.) oz. of warm water. Apply to surface (with) (cloth,) (sponge,) (mop) (or) (trigger spray) until visibly wet. **To Sanitize:** Leave for 60 seconds before wiping. **To Disinfect:** Leave for (6) (10) minutes before wiping. Rinse all food contact surfaces with potable water after use.

To Control (and Prevent) (the Growth of) Mold & Mildew: Apply to pre-cleaned surface. Let surface remain visibly wet for 3 minutes and then allow to air dry. Repeat application at weekly intervals or when mold and mildew growth appears.

<< ADVISORY STATEMENTS >>

Can be used in cleaning tools that recommend the use of (this product).

NOTE: Bracketed information is denoted as: << directive >>, { insert as noted }, (optional text), [required qualifier].
The term "this product" used throughout this document may be replaced with the marketed product brand name.
