Subject: Citrus Scent Lysol Brand Antibacterial Kitchen Cleaner II
EPA Reg. No. 777-91
Application Dated: July 27, 2007
Receipt Date: July 31, 2007

Dear Ms. Pisculli,

The following amendment submitted in connection with registration under the section 3(c) (7) (a) of Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) as amended is acceptable with comments.

Proposed Amendment

- Revise label
- Adding efficacy claims
- Add marketing Claims

Comments

Make the following changes to your labeling:

- 1) pg. 2, delete all "Introductory 6 month Claims" and "All in 1" for these claims heighten the efficacy of the product and are considered misleading.
- 2) pg. 3, revise the 25th marketing claim "This product will help you keep your kitchen clean and disinfected from harmful bacteria to read "This product will help you keep your kitchen clean and disinfected from bacteria" for the reason that "harmful" infers that an infectious disease will permeate into their body.

3) pg.3, delete the words "Total" and "Maximum" from the 26th and 27th marketing claims for they are considered to heighten the efficacy of the product.

4) pg. 5, delete the word "Maximum" 13th marketing claim for it appears to heighten the efficacy of the product.

5) pg. 6, pg. 7 and pg. 10, revise the nomenclature of "E.coli O157:H7" to read "E.coli O157:H7" to correctly identify the antigen association.

6) pg. 7, revise the following statement "Can help prevent the spread of harmful bacteria" to read "Can help prevent cross-contamination of bacteria" for "harmful" is considered misleading.

7) pg. 7, 6th marketing claim, delete the word "Prevents" from the label. This product does not offer residual mildewcidal or fungicidal activity that would support a prevention claim. You must submit data to demonstrate this type of claim.

8) pg. 9, since you are making a fungistatic claim on your label, you must submit appropriate directions for use to support this claim. Add the following directions below:

"Kills Mold & Mildew: Pre-clean hard non-porous surfaces. Apply product at full strength with (sponge) (cloth) (or) (trigger spray). Let surface remain wet for 10 minutes. Allow to air dry. Repeat application at weekly intervals or when mold and mildew growth appears."

9) pg. 11, revise (Outdoor patio furniture cushions and pillows") to read "Outdoor patio furniture (non-wood)-except cushions and wood frames"

10) pg. 12, since you are distributing your product in containers of 1 gallon or less, you must add it to the "Household container header" for clarity to the end user to read:

<< Storage and Disposal language-Household containers less than 1 gallon>>

11) pg. 12, revise the "Professional containers" header to read "Professional containers greater than 1 gallon"

<< Storage and Disposal language-Professional containers greater than 1 gallon>>

12) pg. 12, your label must bear the following Storage and Disposal directions, since this product will be distributed in containers greater than 1 gallon.

STORAGE AND DISPOSAL:

Do not contaminate water, food, feed by storage and disposal.

STORAGE:

Store in areas inaccessible to small children. Keep securely closed.

PESTICIDE DISPOSAL: Pesticide wastes are actually hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

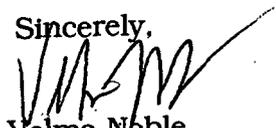

CONTAINER DISPOSAL: Triple rinse or equivalent. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

General Comments

A stamped copy of the acceptable with comments labeling is enclosed. Submit one (1) copy of your final printed labeling before distributing or selling the product bearing the revised labeling.

Should you have any questions or comments concerning this letter, please contact Velma Noble at (703) 308-6233.
