DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Safety First: Run the shower before entering to rinse shower / tub. Always stand on a non-slip surface when in shower or tub.

General Bathroom Cleaning:

1. For best results, start with a clean shower. Immediately after showering, lightly mist all shower surfaces including curtain and door. No need to rinse, wipe or scrub. If you see streaks, rinse off and apply less.
2. If you start with a soiled shower, it will take 2-4 weeks for Lysol® Brand II Disinfectant Mist Away™ Daily Shower Cleaner to loosen build-up and clean your shower. If deposits remain, simply wipe off with soft cloth when shower surfaces are damp. For best results, wipe immediately after showering.

To Sanitize: Start with a clean shower. Spray until wet and leave on at least 30 seconds.

To Disinfect: Start with a clean shower. Spray until wet and leave on at least 10 minutes or until dry.

No harsh chemicals: contains no abrasives or acids. Cleans without bleaching. Does not harm bathroom surfaces. Do not use on natural marble or brass. For all other surfaces, test in an inconspicuous area.

PRECAUTIONARY STATEMENTS: Hazards to Humans and Domestic Animals

CAUTION: May cause eye irritation. Avoid contact with eyes.

Combustible. Keep away from heat, sparks and open flame.

FIRST AID	
If sprayed or splashed in eyes:	<ul style="list-style-type: none">• Hold eye open and rinse slowly and gently with water for 15-20 minutes.• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye• Call a Poison Control Center or doctor for treatment advice.
