777-94

Date of Issuance:
JAN 23 2002

NOTICE OF PESTICIDE:
 Registration
 Reregistration

Term of Issuance:
Conditional

Name of Pesticide Product:
Lysol® Brand Disinfectant Concentrate

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Reckitt Benckiser Inc.
1655 Valley Road,
P.O. Box 943
Wayne, NJ 07474-0943

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the labeling changes listed below before you release the product for shipment:

- a. Add the phrase "EPA Registration Number 777-94."
- b. Remove the subheading "First Aid Statement" from the Precautionary Statement subheading.

Signature of Approving Official:

Adam Heyward
Product Manager Team-34
Regulatory Management Branch II
Antimicrobials Division (7510C)

Date:

JAN 23 2002

3. With respect to comment #2 in your letter of December 11, 2001, if the upper and lower limits for the active ingredient has been changed, this would then change the percent by weight for the active ingredient as well. Make sure that the percentage by weight and certified limits for all components reflect the change (if necessary).

4. You must confirm that the efficacy data generated under product formula #269-005 and Lysol® Brand Disinfectant Concentrate (EPA Registration # 777-94) is the same formula. Refer to the enclosed EPA/AD Product Science Branch efficacy review dated October 18, 2001.

5. Submit three copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

Adam Heyward
Product Manager 34
Regulatory Branch II
Antimicrobials Division (7510C)

Front or Back Label

Kills Household Germs

Lysol Brand Disinfectant Concentrate is a Hospital type disinfectant. It is a convenient and effective way to kill a wide variety of germs including those that cause illness and odor.

On hard non-porous surfaces Lysol Brand Disinfectant Concentrate:

Kills both gram-positive and gram-negative germs including *Pseudomonas aeruginosa* (Kills *Pseudomonas* at 4 oz. (1/2 cup) per gallon dilution).

Kills *Staphylococcus aureus* (Staph) and *Salmonella choleraesuis* (*Salmonella*) germs.

Kills viruses such as influenza A2/Japan/305/57, Herpes Simplex type 1 (and) (&) 2.

Controls the spread of germs on treated surfaces throughout (the) (your) home.

Disinfects –or- Kills [common household] germs and/or bacterial and/or viruses without bleaching.

Controls Household Odors: Lysol Brand Disinfectant Concentrate is the fast, easy effective way to deodorize and make your home sanitary.

Directions for Use:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

To Open Child Resistant Cap: Place bottle on a flat horizontal surface. With one hand, grasp bottle firmly near top. With other hand, while pushing cap down, turn cap counter-clock-wise. AVOID SQUEEZING BOTTLE WHEN OPENING. To reseal, twist cap until tightly locked.

Directions: to disinfect/deodorize hard, non-porous surfaces, remove heavy soil first, then add 1.3 oz. (2.6 tbsp.) to one gallon of water and apply with a sponge or mop, wetting all surfaces thoroughly. Let stand 10 minutes, then wipe away excess. Prepare a fresh bucket of solution every time you clean or more often if necessary.

For Hospital Type Disinfection: Add 4 ozs. (1/2 cup) to one gallon of water and apply with sponge or mop, wetting all surfaces thoroughly. Let stand 10 minutes, then wipe away excess. Prepare a fresh bucket of solution every time you clean or more often as necessary.

To clean and disinfect toilet bowl, flush first. Add 1 oz. (2tbsp.) to bowl water. Brush all surfaces including under the rim. Let soak 10 minutes. Flush.

Use on:

Kitchen floors and counters, walls (painted) woodwork, glazed tile, glazed porcelain, linoleum, bathroom surfaces, exteriors of toilets, toilet bowls, floors, tiled floors, garbage cans, diaper pails, storage areas, pet areas, basement floors and walls, baby's room, sick rooms. Rinse surfaces which come in contact with food (such as) (kitchen counters) (highchair trays) (and) (other food contact surfaces) with potable water following treatment.

Bathroom:

Use Lysol Brand Disinfectant Concentrate to disinfect and deodorize your entire bathroom fixtures (and) (surfaces). Lysol Brand Disinfectant Concentrate disinfects and deodorizes the toilet bowl.

Laundry:

After filling the washer with water, add one cup of Lysol Brand Disinfectant Concentrate to each wash load for a sanitary laundry. Significantly reduces the malodors in the washing machine by cleaning washer tub often with the recommended Lysol dilution.

Nursery:

In the baby's room Lysol Brand Disinfectant Concentrate cleans and disinfects toys, cribs, changing table and highchair surfaces. Rinse surfaces with potable water. Lysol Brand Disinfectant Concentrate disinfects and deodorizes diaper pails.

All Around the House:

Use Lysol Brand Disinfectant Concentrate (daily), (as recommended) to clean and deodorize your entire house, kitchen floors, walls and woodwork.

Bacteria:

Stapylococcus aureus
Pseudomonas aeruginosa
Salmonella choleraesuis

***Viruses:**

Influenza type A2/Japan/305/57
Herpes Simplex Type 1 and 2

Precautionary Statements: (First Aid Statement)

Hazards to Humans and Domestic Animals.

DANGER: Corrosive. Harmful if swallowed. Causes irreversible eye and skin burns. Do not get in eyes or on clothing. Wear protective eyewear (goggles, face shield, or safety glasses). Wear protective clothing and rubber gloves. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse. Avoid prolong breathing of vapor or mist.
