**RE: Lysol Brand Disinfectant Concentrate
EPA Registration No.: 777-94
Master Label Typographical Correction
OPP ID Number: 307025**

Dear Adam,

Reckitt Benckiser Inc. recently discovered that the Master label for Lysol Brand Disinfectant Concentrate (EPA Reg. No.: 777-94) has a critical error. The Active Ingredient, o-Benzyl-p-chlorophenol, is listed on the label as 2.50% whereas the approved CSF has the Active Ingredient percent listed as 5.50%.

Reckitt has determined the master label A.I. percent was a typographical error. RB contacted the Agency to determine the best way to resolve this inconsistency. Per Lisa McKelvin advisement, we are submitting a Notification to correct the label Active Ingredient percentage to 5.50%.

In order to support this submission, the following documentation is included:

- EPA Form 8570-1, OPP Identification No. 307025
- Notification Certification Statement as per PR Notice 95-2

If you have any questions or need anything else, please contact me at (973) 404-2781 (office) or email at liane.jenkins@reckittbenckiser.com.

Sincerely,

Liane Jenkins
