<< Back Panel - Use directions >>

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To Open Child Resistant Cap: Place bottle on a flat horizontal surface. With one hand, grasp bottle firmly near top. With other hand, while pushing cap down, turn cap counter-clockwise. **AVOID SQUEEZING BOTTLE WHEN OPENING.** To reseal, twist cap until tightly locked.

To (Disinfect) (Deodorize) (Hard Non-Porous Surfaces): Remove heavy soil first, then add 1.3 oz (2.6 tbsp) to one gallon of water and apply with a sponge or mop, wetting all surfaces thoroughly. Let stand 10 minutes, then wipe away excess. Prepare a fresh bucket of solution every time you clean or more often if necessary.

For Hospital Disinfection: Add 4 oz. (1/2 cup) to one gallon of water and apply with sponge or mop, wetting surfaces thoroughly. Let stand 10 minutes, then wipe away excess. Prepare a fresh bucket of solution every time you clean or more often if necessary.

To Clean and Disinfect the Toilet Bowl: Flush first. Add 1 oz. (2 tbsp) to bowl water. Brush all surfaces including under the rim. Let soak 10 minutes. Flush.

To Reduce Malodors in the Washing Machine: After filling the washer with water, add 1 cup of (this product).(solution) to each washload.

<< Advisory Statements >>

Do not use (this product) on utensils, dishes or glasses.

For food contact surfaces rinse with clean potable water after using this product.

Rinse food contact surfaces with clean potable water after using this product.

Rinse surfaces which come in contact with food (such as) (kitchen counters) (highchair trays) (and) (other food contact surfaces) with potable water following treatment.

NOTE: Bracketed information is denoted as: << directive >>, { insert as noted }, (optional text), [required qualifier]. The term "this product" used throughout this document may be replaced with the marketed product brand name. To use the term "germ" the product must be efficacious against 2 of the 3 major classes of organisms. The product label must identify the specific bacteria, virus, fungus & mold.
