	777-108				
		SEP	10	2009	
	Term of Issuance:				
	Conditional			_	
	Name of Pesticide Pro	oduct:			
	Grattuso GP	•	•		

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Reckitt Benckiser Inc. Morris Corporate Center IV 399 Interpace Parkway Parsippany, NJ 07054-0225

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number:

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product [OPP Decision Number: D-409905] is conditionally registered in accordance with FIFRA sec 3(c)7(a) provided that you:

- 1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for re-registration of your product under FIFRA section 4.
- 2. Make the following labeling changes listed below before you release the product for Shipment:
 - a. Revise the "EPA Registration Number to read, "777-108".

- b. The Precautionary Statements must state: "Causes substanstantial but temporary eve injury. Do not get in eyes or on clothing. Wear protective eyewear (goggles or face shield). Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco or using the toilet. Remove and wash contaminated clothing before reuse."
- c. The First Aid Statement must state:

If in Eves:

- Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing
- Call a Poison Control Center or doctor for treatment advice.

If Swallowed:

- Call a Poison Control Center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by a Poison Control Center or doctor.
- Do not give anything by mouth to an unconscious person

If on Skin or Clothing:

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a Poison Control Center or doctor for treatment advice.
- d. The term "fast-acting" has not been qualified by the Agency and should be removed from your label.
- e. On page 5 of the proposed label, add clarifying information, "from treated surfaces", to the claim "Prevents the spread of harmful germs".
- f. On page 5 of the proposed label, remove the claim "Gives you full complete total disinfection."
- g. Multiple fiberglass surfaces are porous. Add information regarding the fiberglass use surfaces.

<< Back Panel - Use directions - IMPORTANT: Advisory statements must be included were appropriate >>

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To Operate:

Turn nozzle counter clockwise to preferred usage.

To Operate:

Turn nozzle to ("ON") (desired) position.

(To Operate:)

To Open: To Close: Lift tab up, push back and press tab down to lock into open position. Release tab from locked position, push tab down and snap closed.

To Refill (Bottle): Remove trigger sprayer. Pour in product from refill container and replace trigger.

To Refill (Bottle): Remove trigger unit from empty bottle and attach to new bottle.

To Clean (/ Deodorize) (/ Remove Allergens⁺⁺): (Spray) (Apply to) surface until thoroughly wet. Wipe with a clean cloth or sponge (or rinse with water).

To Clean (Lime Scale) (and) (Soap Scum): Allow product to sit 15-20 seconds to penetrate soil before wiping clean. Repeat if necessary.

To Sanitize / Disinfect: Pre-clean surface. (Spray) (Apply to) surface until thoroughly wet. **To Sanitize:** Leave for 30 seconds before wiping. **To Disinfect:** Leave for 5 minutes before wiping.

<< Advisory Statements >>

Does not harm most (bathroom) (restroom) surfaces.
On painted surfaces test a small inconspicuous area first.
For all other surfaces, test on a small hidden area before use.
May discolor painted surfaces including decorative tile and colored grout.
May etch some older sinks and tubs.
Not recommended for use on acrylic plastics.
Rinse bathtub / shower surfaces with water after using product.
Should not be used on marble surfaces.
Will not harm septic tanks.

If the last portion (of this product) is difficult to dispense, turn trigger 180° to face opposite direction; this will ensure full use of its contents.

- << IMPORTANT: The following is required for PROFESSIONAL USE products making claims against: >>
- << Terminal Sterilant Statement qualified metal surfaces >>

This product is not for use on critical & semi-critical medical devices or medical equipment surfaces.

<< Terminal Sterilant Statement - unqualified metal surfaces >>

This product is not to be used as a terminal sterilant / high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body; or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to preclean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection.

NOTE: Bracketed information is denoted as: << directive >>, { insert as noted }, (optional text), [required qualifier]. The term "this product" used throughout this document may be replaced with the marketed product brand name. To use the term "germ" the product must be efficacious against 2 of the 3 major classes of organisms. The product label must identify the specific bacteria, virus, fungus & mold.

Amended: 7-01-2009
