NOTICE OF PESTICIDE:  
_X Registration  
___ Reregistration  
(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):
Arjun Channi  
Regulatory Strategy Lead  
Reckitt Benckiser LLC.  
Morris Corporate Center IV  
399 Interpace Parkway  
Parsippany, NJ 07054

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:
Eric Miederhoff, Product Manager 31  
Regulatory Management Branch I  
Antimicrobials Division (7510P)  
Office of Pesticide Programs  

Date: 7/11/17
2. You are required to comply with the data requirements described in the DCI identified below:

   a. ADBAC GDCI-069105-30882
   b. DDAC GDCI-069166-30875
   c. DDAC GDCI-069149-30869
   d. DDAC GDCI-069165-30870

You must comply with all of the data requirements within the established deadlines. If you have questions about the Generic DCI listed above, you may contact the Reevaluation Team Leader (Team 36): http://www2.epa.gov/pesticide-contacts/contacts-office-pesticide-programs-antimicrobial-division

3. Make the following label changes before you release the product for shipment:

   • Revise the EPA Registration Number to read, “EPA Reg. No. 777-130.”

4. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

   • Basic CSF dated 06/14/2017
   • Alternate CSFs 1-12 dated 06/14/2017

The following alternate brand names have been added to the product record:

   • Lysol Brand V Kills 99.9% of Viruses & Bacteria** Disinfecting Wipes
   • Lysol Brand V Kills 99.9% of Viruses & Bacteria** Disinfecting Wipes Citrus Meadows Scent
   • Lysol Brand V Kills 99.9% of Viruses & Bacteria** Disinfecting Wipes Lemon & Lime Blossom Scent

(Flaps) Flip(s) up to get into hard to reach areas
Flip mechanism for small spaces & baseboards
For a complete clean, try Lysol® Wet and Dry Cloths
(For) (deep) corner and baseboard cleaning
(For) (quick) (easy) Assembly
For sweeping and (&) mopping
Gets into corners (and small spaces) easily
Lysol® Dry Cloths – Picks up dust, dirt & hair!
Lysol® Wet Cloths – Cleans as it disinfects!
(No-touch) easy attachment of cloth (wipe) (to mop)
Push (activation) slide (in) (one) (direction) to (raise) (engage) flaps
Push (activation) slide (in) (other) (opposite) (direction) to (disengage) (lower flaps)
Use (the) (Brand/Sub-brand/Product Name) wet (mopping) cloths (wipes) to clean as directed
Use(s) 100% of the surface of the cloth (sheet) when used with (Clean-Flip™) (Brand Name) mop
Uses the whole cloth
Use(s) the whole surface of the cloth (or sheet) when used with (Clean-Flip™) (Brand Name) mop
Usage Instructions: (1) Attach (2) Clean (3) Toss

This Lysol® cleaning tool contains an antimicrobial agent built in during manufacturing that won’t wear off over time, to provide continuous product protection (to resist) (against) odors caused by bacteria. [Note to reviewer: This treated article claim is not for the disinfecting wipe but the cleaning tool]
<< USE DIRECTIONS >>

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

<< FOR CANISTER PACKAGING >>

To Open Package: Open cap lid and pull up firmly on lid to remove the entire cap from the canister. Locate wipe at the center of the roll and insert corner of wipe through opening in lid. DO NOT PUSH FINGER THROUGH OPENING. Replace lid. Pull sheet up and slightly to side. Always snap lid securely shut between uses to prevent moisture loss.

To Open Package: Pull up tab and remove large cover. Remove inner tab loop from cover hinge. Insert loop into opening. Thread first sheet in center of roll through loop. Replace cover. Pull loop back through opening. Pull each sheet up and slightly to the side. Always snap lid securely shut between uses to prevent moisture loss.

To Open Package: Open cap lid. Pull up wipe (from center of the roll) and slide corner of wipe into smaller opening. Pull wipe up (and slightly to the side) to (remove) (use) (start). (After use,) snap lid securely shut (between uses) to prevent moisture loss.

To Open Package: Open cap lid. Thread wipe through dispensing (lid) (hole) and pull wipe up (and slightly) (downwards) (to the side) to (remove) (start) (begin) (use). Do not push finger through opening. (Next wipe pops up automatically.) (After use) snap lid securely shut (between uses) to prevent moisture loss.

<< FOR POUCH PACKAGING >>

To Open Package: Peal back the front label slowly. Remove towelette (wet) (mopping) (cloth) (as needed) (and reseal pouch to avoid moisture loss). Reseal pouch by firmly running thumb over the label. Throw away soiled (wipe) (wet) (mopping) (cloth) when done.

To Open Package: Open pouch by peeling back the seal. Remove one (towelette) (wipe) (wet) (mopping) (cloth) (this product) and reseal pouch to avoid moisture loss. (Use abrasive side for tougher soils and soft side for light duty cleaning.) (Throw away soiled wipe when done.)

<< FOR REFILL PACKAGING >>

To Open Refill Package: Open (bag) (pouch) (box) (container) (package). Place (wipes) (wet) (mopping) (cloths) in (refill) (x count) canister. Do not use (wet) (mopping) (cloths) (wipes) in this refill package.

To Refill: Remove the entire cap from the canister. Place refill (wipes) (cloths) in canister.

To Refill:

1) (Gently) (remove) (pop) (peel) (cut) (off) the lid (foil) (seal) from the (top of the) (refill) (canister) (pack) (pouch)
2) Dispose (off) (foil) (seal) (lid) (pouch) (in) (garbage) (/) (trash) (can).
3) (Open) (dispenser) (Remove) (lid) (cap) (from) (existing) (x) (75) (or) (80) (count) (Lysol) (Disinfecting wipes Canister).
4) (Insert) (Place) (refill) (roll) (canister) (pack) (pouch) (in) (on) (to) (existing) (empty) (x) (75) (or) (80 count) (canister) (dispenser).
5) Locate wipe (end) (at the center of the roll) (and) (insert corner) (thread) (of)(the)wipe (through) opening (in lid).
6) (Close lid) (and use)

<< USE DIRECTIONS – FOR ALL PACKAGING TYPES (Except Convenience Mop)>>

To Clean (hard, non-porous surfaces) (floors) (/ Deodorize) (/ Remove Allergens††): Use fresh (wipe) (wet) (mopping) (cloth) on surface. Repeat for stubborn stains.

NOTE: Bracketed information is denoted as: << directive >>, { insert as noted }, ( optional text ), [ required qualifier ].
The term “this product” used throughout this document may be replaced with the marketed product brand name.
To use the term &quot;germ&quot; the product must be efficacious against 2 of the 3 major classes of organisms.
The product label must identify the specific bacteria, virus, fungus & mold.
The term (x) is a placeholder that represents a number between 1 and 99.
To Sanitize / Disinfect: Pre-clean surface. Use enough fresh (wipes) (wet) (cloths) to thoroughly wet surface. Surface must remain wet for the entire contact time. To Sanitize: Allow to remain wet for 10 seconds.
To Disinfect: Allow to remain wet for 2.5 minutes. Allow surface to air dry. Toss dirty wipe away. (Rinse all food contact surfaces and toys with water after use.)

^*For surfaces that come in contact with food: Use only on hard, non-porous surfaces and rinse thoroughly with water.

To Disinfect Toys: Use only on hard, non-porous surfaces and rinse thoroughly with water after use.

Rinse (child / baby) plastic toys, (child / baby) hard, non-porous surfaces and all food contact surfaces with potable water or a damp cloth after use.

<< USE DIRECTIONS – continued >>

<< FOR CONVENIENCE MOP >>

To use with (convenience) (quick clean) (mop) (sweeper):
1. Fix (wipe) (wet) (mopping) (cloth) (around) (on) (convenience) (quick clean) (mop) (sweeper).
2. Use (quick clean) (sweeper) (mop) (with) (wipe) (wet) (mopping) (cloth) to clean (the) floor.

<< ADVISORY STATEMENTS >>

Do not use (this product) on dishes, glasses, or utensils.
Do not flush (in toilet).
Do not use on unfinished, oiled or waxed wood, unsealed tiles or carpet.
Do not leave this product on stainless steel surfaces to dry for more than one hour.
For food contact surfaces rinse with clean potable water after using this product.
For other surfaces, spot test in an inconspicuous area.
Not (intended) for personal hygiene.
Not recommended for (bare) (unpainted) (wood) (or) (natural) (marble) (surfaces).
Unplug small electrical appliances before (use) (cleaning) (disinfecting) (with this product).
Will not harm (your) (septic tanks) (or) (plumbing)

<< TERMINAL SANITIZANT STATEMENT – qualified metal surfaces >>

This product is not for use on critical & semi-critical medical devices or medical equipment surfaces.

<< TERMINAL SANITIZANT STATEMENT – unqualified metal surfaces >>

This product is not to be used as a terminal sterilant / high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body; or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enters normally sterile areas of the body. This product may be used to pre-clean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection.
