Parsippany, NJ 07054-0225

Subject: PRIA Label Amendment – Add claim for soft surface and pre-soak disinfection
Product Name: BANANA SPLIT
EPA Admin Number: 777-140
Application Date: February 11, 2021
Case Number: 00292170

Dear Ms. Landolt:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

<< OPTIONAL USE DIRECTIONS >>

(Peel here)

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

(Read the entire label before using the product.)

[Place Holder for Dosing Cap Graphics]

(For (Laundry) Detergent (Directions))

(Follow (clothing) label care instructions, then sort. Test inside seam for color fastness.)

[Note to reviewer, following instructions are to be used only for packaging with vented dosing mechanism]

(Place bottle on its side with the (tap) (valve) facing down. Twist (vent) (small) (cap) for increased flow. Press (red) ([insert color]) button to dispense detergent (into measuring cup).)

((For) Bag in Box (use):)

(Pull tab on side of pack to reveal tap and dosing cup. Remove dosing cup, and make sure to secure tap in place. Press the (red) (button) (twist the) (blue) (knob) to dispense the desired amount into the dosing cup, holding the cup under the (white) (middle) portion of the tap.) (Place the box on an edge, with the tap sticking out over the edge. Or use the stand on the bottom of the box (folding the legs out and into place). (Separate the bag from the box, and sort based on materials, offering for recycling where possible))

(For (pouch) (refill) (doy bag):)

NOTE: Bracketed information is denoted as: << directive >>, { insert as noted }, (optional text), [required qualifier].
The term "this product" used throughout this document may be replaced with the marketed product brand name.
The term "x" is a place holder for a number between 0 to 104.
The term "Y" is a place holder for a character A – Z.
The term "Z" is a place holder for a number between 45 mL to 90 mL (and the corresponding value for converted measurements, e.g. fl. oz, cups, etc

((For (using as refill) (decanting into bottle)) (To refill Lysol Antibacterial** Detergent bottle). Remove cap by twisting. Pour into empty (Lysol Antibacterial** Detergent) ({insert brand name}) bottle. Use detergent as usual and follow (usage)(dosage) instructions on the (Lysol Antibacterial** Detergent) ({insert brand name}) bottle. (Dispose of pouch) (or) (offer for recycling where possible, rinsing and drying the pouch first)) (Using the cap from (your)(the) {insert brand name} bottle or dedicated measuring (cup) (spoon).)

<< USE DIRECTIONS – FOR ALL PACKAGING TYPES >>

<< Note: Not all the following use directions need to appear on product >>

(Test inside seam for color fastness.)

(For pre-treat)

((Pre-Treat)(Soak) to (help) remove (tough) stains by applying (detergent)(product) directly to (the) (stain)(affected area) prior to wash)

[* or ††]To Kill Bacteria in Pre-Soak:** Pre-clean visibly soiled (clothing)(fabric)(laundry). Using a well-insulated bucket, dilute two caps of Lysol Antibacterial Detergent (measured to the “2” line) into one quart of hot (tap) (50°C) (122°F) water (or 3.58 fl oz. of product into 32.12 fl oz. of hot (tap) (50°C) (122°F) water). Add clothing and allow to soak for 15 minutes. After soaking, launder according to the directions below.

[* or ††] to Kill Viruses in Pre-Soak:** Pre-clean visibly soiled (clothing)(fabric)(laundry). Using a well-insulated bucket, dilute one cap of Lysol Antibacterial Detergent (measured to the “3” line) into one gallon of cold (20°C) (68°F) water (or 3.04 fl oz. of product into 128 fl oz. of cold (20°C) (68°F) water). Add clothing and allow to soak for 15 minutes. After soaking, launder according to the directions below.

[* or ††]To Disinfect in Pre-Soak:** Pre-clean visibly soiled (clothing)(fabric)(laundry). Use a well-insulated bucket. For Bacteria dilute two caps of Lysol Antibacterial Detergent (measured to the “2” line) into one quart of hot (tap) (50°C) (122°F) water (or 3.58 fl oz. of product into 32.12 fl oz. of hot (tap) (50°C) (122°F) water). For Viruses, dilute one cap of Lysol Antibacterial Detergent (measured to the “3” line) into one gallon of cold (20°C) (68°F) water (or 3.04 fl oz. of product into 128 fl oz. of cold (20°C) (68°F) water). Add clothing and allow to soak for 15 minutes. After soaking, launder according to the directions below.

[* or ††]To Disinfect in Pre-Soak:** Pre-clean visibly soiled (clothing)(fabric)(laundry). Use a well-insulated bucket. Dilute one cap of Lysol Antibacterial Detergent (measured to the “2” line) into one quart of hot (tap) (50°C) (122°F) water (or 3.58 fl oz. of product into 32.12 fl oz. of hot (tap) (50°C) (122°F) water). Add clothing and allow to soak for 15 minutes. After soaking, launder according to the directions below.

(To Launder Clothing & Remove Odor-Causing Bacteria:)

****To remove odor-causing bacteria (in wash) (Direct Dosing Instructions):**

((For) Single Dose (use) (for) (all washing machine (types)(styles)):

(Add (full) contents of (pack)(package)(sachet) directly to the drum before clothing, or to your laundry detergent drawer.) (Dispose of (pack)(package)(sachet))

(Using the cap from (your) Lysol Antibacterial** Detergent bottle or dedicated measuring cup³)

(For (use with)(Standard)(Top Load)(High Efficiency)(HE)(Front Load)(all washing machine(types)(styles)):

(For (up to) (Medium)(Small) Loads, (fill) (add) (use) (product) (to) (line)(X) (up to) (45mL) Z (mL) (fl. oz) (tbsp) (just over) (cup(s)) (of) (detergent) (to) (level) (of) (a) (or) (the) (dosing) (cup)(cap))

NOTE: Bracketed information is denoted as: << directive >>, { insert as noted }, (optional text), [required qualifier].
The term “this product” used throughout this document may be replaced with the marketed product brand name.
The term “x” is a place holder for a number between 0 to 104.
The term “Y” is a place holder for a character A – Z.
The term “Z” is a place holder for a number between 45 mL to 90 mL (and the corresponding value for converted measurements, e.g. fl. oz, cups, etc

((And) (then) Add (detergent) (either) (directly) to the drum before clothing, (or to your laundry detergent drawer.) (or to detergent compartment in machine.))

(For (Large) (Full) Loads, (fill) (add) (use) (product) (to) (line)(X) (up to) Z (mL) (fl. oz) (tbsp) (just over) (cup(s)) (of) (detergent) (to) (level) (of) (a) (or) (the) (dosing) (cup)(cap))

((And) (then) Add (detergent) (either) (directly) to the drum before clothing, (or to your laundry detergent drawer.) (or to detergent compartment in machine.))

<< OPTIONAL ADVISORY STATEMENTS >>

Safety statements below refer to direct contact with concentrated product only and not with fabrics that have been washed.

§Not intended to be mixed with bleach products and other laundry detergents.

Can be used on (most) (majority of) washable (fabrics) (materials).

(Not intended for use on) (silk) (or) (wool).

Do not use on materials that cannot be washed in (a) washing machine(s).

If applied directly to clothing, wash before reusing.

If you have unusually sensitive skin or a serious skin condition, please consult your doctor before using this product

Do not reuse this package for dispensing beverages or other liquids

Keep a dedicated measuring (cup)(spoon) for dosing detergent only

<< PRECAUTIONARY / FIRST AID / STORAGE & DISPOSAL >>

PRECAUTIONARY STATEMENTS: Hazards to Humans and Domestic Animals

CAUTION. Harmful if swallowed, absorbed through skin, or inhaled. Causes moderate eye irritation. Avoid contact with skin or eyes. Avoid breathing vapor/mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

FIRST AID	
If swallowed	Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
If in eyes	Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a Poison Control Center or doctor for treatment advice.
If on skin	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
If inhaled	Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for treatment advice.
CONTACT NUMBER	
Questions? Comments or In case of an emergency, call toll free (1-800-228-4722) (1-800-677-9218) (1-800-222-1222) (1-xxx-xxx-xxxx). Have the product container or label with you when calling a Poison Control Center, or doctor, or going for treatment.
