

U.S. ENVIRONMENTAL PROTECTION AGENCY  
 Office of Pesticide Programs  
 Antimicrobials Division (7510P)  
 1200 Pennsylvania Ave., N.W.  
 Washington, D.C. 20460

EPA Reg. Number:

777-142

Date of Issuance:

1/18/22

**NOTICE OF PESTICIDE:**

Registration  
 Reregistration  
 (under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

Raven

**Name and Address of Registrant (include ZIP Code):**

Reckitt Benckiser LLC. D/B/A Reckitt  
 Morris Corporate Center IV  
 399 Interpace Parkway  
 Parsippany, NJ 07054-0225

**Note:** Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

**Signature of Approving Official:**

*E. Miederhoff*  
 Eric Miederhoff  
 Product Manager 31  
 Regulatory Management Branch I  
 Antimicrobials Division (7510P)  
 Office of Pesticide Programs

Date:

1/18/22

1. You are required to comply with the data requirements described in the DCI identified below:
  - a. ADBAC GDCI: 069105-30882; 069105-1679
  - b. DDAC GDCI: 069149-30869; 069149-0681

You must comply with all of the data requirements within the established deadlines. If you have questions about the Generic DCI listed above, you may contact the Reevaluation Team Leader (Team 36): <http://www2.epa.gov/pesticide-contacts/contacts-office-pesticide-programs-antimicrobial-division>

2. Make the following label changes before you release the product for shipment:
  - Revise the EPA Registration Number to read, “EPA Reg. No. 777-142.”
3. Submit one copy of the final printed label for the record before you release the product for shipment.

Because you have opted to add statements pertaining to emerging viral pathogens to your label as described in the August 19, 2016, Guidance to Registrants: Process For Making Claims Against Emerging Viral Pathogens Not On EPA-Registered Disinfectant Labels (“Guidance”), [https://www.epa.gov/sites/production/files/2016-09/documents/emerging\\_viral\\_pathogen\\_program\\_guidance\\_final\\_8\\_19\\_16\\_001\\_0.pdf](https://www.epa.gov/sites/production/files/2016-09/documents/emerging_viral_pathogen_program_guidance_final_8_19_16_001_0.pdf), you are subject to the following additional terms of registration:

1. You may make statements pertaining to emerging viral pathogens only through the following communications outlets: technical literature distributed exclusively to health care facilities, physicians, nurses and public health officials, "1-800" consumer information services, social media sites and company websites (non-label related). These statements shall not appear on marketed (final print) product labels.
2. Your statements pertaining to emerging viral pathogens must adhere to the format approved on the Agency-accepted master label.
3. You may make statements pertaining to emerging viral pathogens only upon a disease outbreak that meets all the following criteria:
  - a. The causative organism must be a virus that causes an infectious disease that has appeared in a human or animal population in the U.S. for the first time, or that may have existed previously but is rapidly increasing in incidence or geographic range.
    - i. For human disease, the outbreak is listed in one of the following Centers for Disease Control (CDC) publications:
      - A. CDC Current Outbreak List for “U.S. Based Outbreaks” ([www.cdc.gov/outbreaks](http://www.cdc.gov/outbreaks)),
      - B. CDC Current Outbreak List for “Outbreaks Affecting International Travelers” with an “Alert” or “Advisory” classification ([www.cdc.gov/outbreaks](http://www.cdc.gov/outbreaks)) (also

- released through the CDC's Health Alert Network (HAN) notification process)
- C. Healthcare-Associated Infections (HAIs) Outbreaks and Patient Notifications page ([www.cdc.gov/hai/outbreaks](http://www.cdc.gov/hai/outbreaks))
- ii. For animal disease, the outbreak is identified as an infectious disease outbreak in animals within the U.S. on the World Organization for Animal Health (OIE) Weekly Disease Information page ([www.oie.int/wahis\\_2/public/wahid.php/Diseaseinformation/WI](http://www.oie.int/wahis_2/public/wahid.php/Diseaseinformation/WI)).
- A. The CDC or OIE has identified the taxonomy, including the viral family and/or species, of the pathogen and provides notice to the public of the identity of the emerging virus that is responsible for an infectious disease outbreak. Based on the taxonomy of the outbreak pathogen identified by the CDC or OEI, the pathogen's viral subgroup is enveloped virus.
- B. The virus can be transmitted via environmental surfaces (non-vector transmission), and environmental surface disinfection has been recommended by the CDC, OIE or EPA to control the spread of the pathogen.
4. You may begin communicating statements pertaining to emerging viral pathogens only upon CDC or OIE's publication per term 3.a. of an outbreak of an emerging viral pathogen meeting all of the criteria of term 3. You must cease and remove all such non-label communications intended for consumers no later than 24 months after the original publication of the outbreak per term 3.a., unless the Agency issue written guidance to the contrary due to continued public health concerns. The emerging pathogen claim language may remain on the master label.
5. Terms from points 1 through 4 above shall become immediately void and ineffective if registration for use against Human Rotavirus [ATCC VR-2018] [Strain WA] is suspended or cancelled or no longer meets the criteria for a disinfectant claim (see EPA Product Performance Test Guideline 810.2200). In addition, terms B.1 through B.4 above shall become immediately void and ineffective upon your receipt of evidence of ineffectiveness against any pathogen in a less-resistant Spaulding category.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. The following alternate brand names have been added to the product record:

- Lysol Brand IV Kills 99.9% of Viruses & Bacteria\*\* All Purpose Cleaner
- Lysol Brand IV Kills 99.9% of Viruses & Bacteria\*\* All Purpose Cleaner Citrus Scent
- Lysol Brand IV Kills 99.9% of Viruses & Bacteria\*\* All Purpose Cleaner Lemon Breeze Scent
- Lysol Brand IV Kills 99.9% of Viruses & Bacteria\*\* All Purpose Cleaner Mango & Hibiscus Scent
- Lysol Brand IV Kills 99.9% of Viruses & Bacteria\*\* All Purpose Cleaner Tropical Scent
- Lysol Brand IV Kills 99.9% of Viruses & Bacteria\*\* Multi-Purpose Cleaner
- Lysol Brand IV Kills 99.9% of Viruses & Bacteria\*\* Multi-Purpose Cleaner Citrus Scent
- Lysol Brand IV Kills 99.9% of Viruses & Bacteria\*\* Multi-Purpose Cleaner Lemon Breeze Scent
- Lysol Brand IV Kills 99.9% of Viruses & Bacteria\*\* Multi-Purpose Cleaner Mango & Hibiscus Scent
- Lysol Brand Kills IV 99.9% of Viruses & Bacteria\*\* Multi-Purpose Cleaner Tropical Scent
- Lysol Brand Kills IV 99.9% of Viruses & Bacteria\*\* Bathroom Cleaner
- Lysol Brand Kills IV 99.9% of Viruses & Bacteria\*\* Bathroom Cleaner Citrus Scent
- Lysol Brand Kills IV 99.9% of Viruses & Bacteria\*\* Bathroom Cleaner Lemon Breeze Scent
- Lysol Brand IV Kills 99.9% of Viruses & Bacteria\*\* Bathroom Cleaner Mango & Hibiscus Scent
- Lysol Brand IV Kills 99.9% of Viruses & Bacteria\*\* Bathroom Cleaner Tropical Scent

Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 04/12/2021
- Alternate CSFs 1-7 dated 04/12/2021

If you have any questions, you may contact Joe Daniels via email at [daniels.joseph@epa.gov](mailto:daniels.joseph@epa.gov).

**<< MARKETING CLAIMS >>**

Ready to Use

Easy and convenient to use

Easy to handle

(For) general use

Safe to use on hard surfaces all around the house

Ready to use

No need to dilute

No need for gloves

Non-abrasive formula

No mixing, measuring, (or rinsing) required

Used by hospitals Used in hospitals. Approved (for use) in hospitals

Eliminates (tough) Odors

Bleach-Free (formula)

Saves money (time)(labor)(by cleaning and in one step)

(Intended) (for) (use in) (schools) (retail facilities) (offices) ((and) (other) (institutional/commercial facilities)

**<< CLEANING AND DEODORIZING CLAIMS >>**

Bathrooms, sinks and faucets and floor areas

Cleans bathroom soils

Cleans everyday messes

Cuts through (wipes out) tough grease and grime

Cleans (Removes)(Cuts through (grease) (and) (grime) (and) (soap scum)(limescale) (effectively)

Cuts through (tough) (grease) (grime) (and) (soap scum)

Provides long lasting freshness

No smeary residue (left behind)

Leaves no smeary residue

Destroys odors (at the source)

Quick and Easy Cleaning

(leaves surfaces) Shiny

(An effective) (bathroom)(restroom)(floor) cleaner

Cuts through (tough) soap scum (without scrubbing)

Removes (tough) soap scum

Dissolves soap scum

Soap scum blaster

Cuts through (dirt), (grime) (and) (soap scum)

Tough on soap scum

Cleans mold and mildew stains

Cleans everyday messes

Cleans fingerprints

Cleans (up) grime

Compatible with equipment surfaces {or insert surface/site from Appendix 2}

Convenient ( bathroom) surface cleaner {insert surface/site from Appendix 2}

Cuts -and/or- removes (tough) grime

Suitable for everyday use

Suitable for use on {insert surface/site from Appendix 2}

Tough on grime

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Read and follow all directions and precautions on this product label.

(For use on) (Can be used on) {Insert hard non-porous surfaces from Appendix 2} (and other similar household surfaces.)

**To Operate:** Turn nozzle to (preferred usage) ("ON" position) (desired position).

**(To Refill (Bottle):** Remove trigger sprayer. Pour in product from refill container and replace trigger.)

**To (Clean) (/) (and) Deodorize:** (Spray) (Squirt) (Apply to) surface until visibly wet. (Allow to penetrate (soil or stain)). Wipe clean with a (damp) cloth (sponge) (or) (paper towel).

**To Clean (Lime Scale) (Soap Scum) (and) (Greasy Soil):** Allow product to sit to penetrate soil before wiping clean. Repeat if necessary.

**To Sanitize / Disinfect:** Preclean visibly soiled surfaces. Spray surface until visibly wet.

## &lt;&lt; one or more from following alternate directions &gt;&gt;

**To Sanitize:** Leave visibly wet for 60 seconds before wiping.

**To Sanitize for 24 hours:** Leave visibly wet for 5 minutes, allow to air dry.

The term "Y" is a placeholder for a character A – Z.  
"Hard, non-porous surface(s)" and the appropriate contact time must be disclosed on the final market label

**To Disinfect:** Leave visibly wet for 5 minutes before wiping

**<< Advisory Statements – mandatory >>**

DO NOT USE on eating/cooking utensils, glasses/dishes or cookware.

Not for use on food contact surfaces.

Not recommended for use on (wool), (silk), (unfinished, oiled, or waxed wood surfaces) (upholstery) (washable fabric).

(For other surfaces, test in an inconspicuous area.)

(Test on an inconspicuous area for colorfastness.)

Does not harm most (kitchen) (bathroom) surfaces.

(May be used on: (plastic), (painted wood), (sealed wood) (painted surfaces), (vinyl), (leather), (stainless steel), (appliances), (aluminum), (glazed porcelain), (glazed ceramic), (shower curtains) (designer tiles) (glass) (mirrors) (waxed wood surfaces) {insert surface material from Appendix 2})

**<< PRECAUTIONARY / FIRST AID / CHEMICAL HAZARD / STORAGE & DISPOSAL INSTRUCTIONS >>**

**(KEEP OUT OF REACH OF CHILDREN)**

**PRECAUTIONARY STATEMENTS:** Hazards to Humans and Domestic Animals

**CAUTION:** Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

**<< Box and bullet format for FIRST AID section is optional >>**

**FIRST AID:**

**If in eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

**If on skin:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment. (For general information on product use, call the National Pesticides Information Center at 1-800-858-7378.) For medical emergencies, call the poison control center at 1-800-222-1222.

**<< STORAGE & DISPOSAL – Residential containers >>**

**<< TRIGGER BOTTLE - Refillable >>**

**STORAGE AND DISPOSAL:** Store in areas inaccessible to children. Keep securely closed. Refillable container. Refill trigger bottle only with this product. If not refilling, discard in trash or offer for recycle. Do not reuse this trigger bottle for any other purpose.

**<< For product labels with veterinary/farm/animal care use sites, the following statement will be used: >>**

Use to disinfect and clean hard, nonporous surfaces such as feeding and watering equipment, cages, utensils, instruments, kennels, catteries, stables, etc. Remove all animals and feed from premises, animal transportation vehicles, crates, etc. Remove all litter, droppings, and manure from walls, floors, and surfaces of facilities occupied or traversed by animals. Empty all feeding and watering equipment. Pre-clean all surfaces with soap or detergent and rinse with water. Spray surface until visibly wet and leave visibly wet for five (5) minutes. Ventilate buildings and other closed spaces. Do not house animals or employ equipment until treated surfaces have been thoroughly rinsed with water and allowed to dry. Thoroughly scrub all treating, feeding, and watering appliances with soap or detergent, and rinse with potable water before re-use.

**<< For product labels with medical devices listed on the label, the following statement will be used: >>**

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream, or normally sterile areas of the body, or (2) contacts intact mucous membranes, but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to pre-clean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection

## &lt;&lt; APPENDIX 3 &gt;&gt;

## &lt;&lt; Note to Reviewer: Not for Use on Final In-Commerce Product Label &gt;&gt;

<< Emerging Viral Pathogens Claims – Hard, non-porous surface >>

This product qualifies for emerging pathogen claims per the EPA's "Guidance to Registrants: Process for Making Claims Against Emerging Viral Pathogens not on EPA-Registered Disinfectant Labels" when used in accordance with the appropriate use directions indicated below.

This product meets the criteria to make claims against certain emerging viral pathogens from the following viral categories.

- Enveloped viruses

For an emerging viral pathogen that is an...	.....follow the directions for use for the following organisms on the label
Enveloped viruses	<sup>(†)</sup> Rotavirus

**Acceptable Claim Language:**

**(Product Name)** has demonstrated effectiveness against viruses similar to **{Insert name of emerging virus}** on hard, nonporous surfaces. Therefore, **(Product Name)** can be used against **{Insert name of emerging virus}** when used in accordance with the directions for use against **†Rotavirus** on hard, nonporous surfaces.

Refer to the **(CDC or OIE)** website at **(pathogen-specific website address)** for additional information. **(Name of illness/outbreak)** is caused by **(name of emerging virus)**. **(Product name)** kills similar viruses and therefore can be used against **(name of emerging virus)** when used in accordance with the directions for use against <sup>(†)</sup>**Rotavirus** on hard, non-porous surfaces. Refer to the **(CDC or OIE)** website at **(website address)** for additional information.
