Subject: Notification per PRN 98-10 – Adding Alternate Brand Names, Revised Language, and Adding Recycling Logo  
Product Name: Lysol Air Sanitizer  
EPA Registration Number: 777-143  
Received Date: 05/25/2023  
Action Case Number: 00452456

Dear Katrine Rubia:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Antimicrobials Division (AD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped "Notification" and will be placed in our records. The alternate brand **Woodland Escape and Berry Burst** have been added to the product record.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Assurance.

**DIRECTIONS FOR USE:** It is a violation of Federal law to use this product in a manner inconsistent with its labeling. (Read the entire label before using the product.)

**(To Unlock Cap:** Turn counterclockwise (1) (2) (clicks). Lock cap, after use.)

**((To) (Deodorize) (and) (Remove Malodors):** Spray in air (for 5 seconds).)

**To kill Bacteria\* and Viruses† in the Air (and Eliminate Odors):** Shake well before each use. Close or cover all doors, windows, air vents and returns. Only the user should be present during use. Hold can upright and continuously spray for 30 seconds towards the center of room and ceiling in a sweeping motion (back and forth) (left and right). Room size defined as [10ft x 10ft x 8ft or 800 cubic ft.]. **To kill bacteria\*** after spraying, leave room for 4 minutes. **To kill viruses†** after spraying, leave room for 12 minutes. After contact time, resume normal room ventilation including opening doors, windows and uncovering returns and vents. Not for use around food. Rinse food contact surfaces with potable water after use. Spray may leave hard floors slippery. Do not concentrate spray over hard floors.

For spaces 801 to 4,000 cubic ft., repeat the directions for use by spraying in the center of each 800 cubic ft. section, not to exceed 5 sprays per day.

Product is for application to air only with no residual effect after room is reopened. This product is intended to supplement public health guidelines for indoor air including maintenance and ventilation.
