Electronic Transmittal: rbna@rb.com

**Note:** Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA).

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Tara Flint Silva, Acting Product Manager 31  
RMBI, Antimicrobials Division  
Office of Pesticide Programs

Date:

6/29/23

2. You are required to comply with the data requirements described in the DCI Order identified below:

- a. ADBAC GDCI-069105-30882

You must comply with all of the data requirements within the established deadlines. If you have questions about the Generic DCI Order listed above, you may contact the Reevaluation Team Leader (Team 36): <http://www2.epa.gov/pesticide-contacts/contacts-office-pesticide-programs-antimicrobial-division>

3. Make the following label changes before you release the product for shipment:
  - Revise the EPA Registration Number to read, “EPA Reg. No. 777-146.”
4. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. See FIFRA section 2(p)(2). If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process, FIFRA section 12(a)(1)(B). Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Assurance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 09/19/2022
- Alternate CSF 1 dated 09/19/2022

For use (in) (on) (: ) {insert use sites / use surfaces – see Appendix 2} (as a multi-purpose disinfectant cleaner) (surfaces)

Great for (kitchens) (bathrooms) {insert use sites / use surfaces – see Appendix 2} (most indoor and outdoor cleaning tasks)

Great on {insert use sites / use surfaces – see Appendix 2}

(Ideal) (Suitable) (for) (to) (use on) (finished hardwood) {insert use sites / use surfaces – see Appendix 2} (engineered hardwood) (and Bamboo)

(Safe) (to) (for) use on (: ) {insert use sites / use surfaces – see Appendix 2} (as a multi-purpose disinfectant cleaner)

Where to use: {insert use sites / use surfaces – see Appendix 2}

(Works) (well) (great) on ({insert use sites / use surfaces – see Appendix 2}) (finished hardwood) (engineered hardwood) (and Bamboo)

**<< SANITIZING CLAIMS – Hard, non-porous, non-food contact surfaces >>**

An effective non-food contact surface sanitizer (for use in {insert use sites – see Appendix 2})

Eliminates 99.9% of bacteria\*\*\* even in dilution

Eliminates 99.9% of bacteria\*\*\* even when diluted (in water)

Eliminates 99.9% of bacteria\*\*\* (in 3 minutes)

Eliminates 99.9% of the following (household) bacteria\*\*\* (commonly found in kitchens) (on hard, non-porous surfaces) in 3 minutes
