Sergeant's

"One Shot" Indoor Fogger

IMPORTANT CONSUMER INFORMATION

PURPOSE: Sergeant's® Indoor Fogger kills fleas, pre-adult fleas, ticks, lice, houseflies, spiders, mosquitoes, wasps, small flying moths, ants, scorpions, fruit flies, gnats, crickets, centipedes, black carpet beetles, silverfish, and roaches. One can treats up to 6,000 cubic feet. Sergeant's can be used in every room in the house: Kitchen, Family Room, Bedroom, Living Room, Garage, Basement and Attic. Also useful in Campers, Boats, Garages and pet sleeping areas where an insect problem exists. This unique Sergeant's product allows you to automatically fill a whole room with insect-killing fog while you are away.

DIRECTIONS: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For use only when building is vacated by humans and pets. Use at least one can per 6,000 cubic feet of unobstructed area (20' x 30' x 10'). Use additional units for remote rooms or when free flow of mist is not assured. REMOVE pets and cover or remove fish tanks, exposed foods, dishes, utensils, food processing equipment and surfaces. Open cupboards, closets, trunks and interior doors in areas to be treated. COVER asphalt tile, waxed wood floors, waxed furniture and plastic items such as stereo covers, which may come in contact with the fog (newspapers may be used). CLOSE outside doors and windows. Shut off fans and air conditioners. EXTINGUISH ALL flames and pilot lights. ACTIVATE FOGGER while pointing top of can away from face by pressing down firmly with thumb on spray tab, hooking the catch. Place fogger on stand covered with newspapers in center of room and leave house at once. DO NOT REENTER BUILDING FOR FOUR HOURS, then open doors and windows and allow to air for 30 minutes.

PRECAUTIONARY STATEMENTS

HAZARD TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Avoid breathing of mist and contact with eyes, skin or clothing. Wash contaminated skin promptly with soap and warm water. For eyes, flush with plenty of water. Get medical attention if irritation persists. Do not remain in enclosed areas after use. Stay out of rooms being treated for at least four hours. Ventilate enclosed area thoroughly before returning. For use in the home only. Cover all food processing surfaces and utensils during treatment or wash thoroughly before use. Do not contaminate feed, water or food stuffs. Food should be removed or covered during treatment. Remove pets, birds and cover fish aquariums before spraying. Some plastics may be affected. Remove or cover items such as eyeglasses, stereo covers, notion boxes.

STORAGE AND DISPOSAL: Contents under pressure. Do not use or store near heat or open flame. Exposure to temperatures above 130° may cause bursting. Do not reuse empty container. Do not puncture or throw container into fire or incinerator. Wrap expired container and put in trash collection.
