**ORNAMENTAL
INSECT CONTROL**

SEVIN is a highly effective insecticide for use on ornamentals. It kills Japanese beetles, bagworms, pine leaf miners, flea beetles, leaf miners, thrips, and certain other insects on ornamentals. SEVIN is also effective on fruit and vegetable insects. SEVIN is a contact insecticide and should be applied to the foliage of plants. SEVIN is also effective on lawn insects.

**LAWN
INSECT CONTROL**

SEVIN is a highly effective insecticide for use on lawns. It kills Japanese beetles, bagworms, pine leaf miners, flea beetles, leaf miners, thrips, and certain other insects on lawns. SEVIN is a contact insecticide and should be applied to the foliage of plants. SEVIN is also effective on fruit and vegetable insects.
