F & B ALGAE-CURE is made especially to control growth of algae in all types of swimming pools. Its long lasting action will control existing algae and subsequent doses will control recontamination by algae. Treated water can be used immediately . . . no waiting.

DIRECTIONS FOR USE

F & B ALGAE CURE comes concentrated. Dilute with at least nine parts of water before applying. Pour required amount of F & B ALGAE-CURE into a plastic watering can, fill with water and sprinkle around edge of pool. Apply initial treatment to a freshly filled pool or at first visible signs of algae growth. Apply under sunny conditions for most effective results. Rinse empty container thoroughly with water and discard it.

CAUTION

F & B ALGAE CURE may cause skin damage. Do not get on skin, eyes or clothing. In case of contact wash thoroughly. For eyes, wash thoroughly and get medical attention. Harmful if swallowed. If swallowed, call a doctor.

FISH CAUTION

This product is toxic to fish. Effluent should not be discharged where it will drain into swimming ponds or public water. Apply this product only as specified.
