

USDA REG. NO. 781-17

DEODORIZES • CLEANS • DISINFECTS

POISON  **DANGER**

KEEP OUT OF REACH OF CHILDREN

CORROSIVE. May be fatal if swallowed. Do not breathe vapor or fumes. May produce chemical burns. Do not get in eyes, on skin, or on clothing.

ACTIVE INGREDIENTS:

Hydrogen Chloride	23.00%
Methyldodecylbenzyl trimethyl ammonium chloride	0.36%
Methyldodecylxylene bis (trimethyl ammonium chloride)	0.09%

INERT INGREDIENTS 76.55%

SEE REAR PANEL FOR ANTIDOTE AND DIRECTIONS

DIRECTIONS

(FOR EXTERNAL USE ONLY)

HOW TO CLEAN, DEODORIZE AND DISINFECT TOILET BOWLS.

1. Use sanitary swab to push water over trap of toilet bowl.
2. Squeeze water from sanitary swab.
3. Hold bottle over bowl—pour one ounce of PC-430 onto sanitary swab.
4. Thoroughly clean entire inside of bowl, particularly under rim. Flush toilet—rinse sanitary swabs.
5. Pour one ounce of PC-430 in bowl, clean entire bowl and floor, rinse and wipe dry.

HOW TO CLEAN, DEODORIZE AND DISINFECT URINALS

1. Hold bottle over urinal, saturate sanitary swab with one ounce of PC-430.
2. Thoroughly clean urinal parts, upper flushing rim, side water shields, urinal face and well, until all scale and stains are removed.
3. Remove urinal screen, pour one ounce of PC-430 into drain pipe and around edge.
4. To deodorize, permit PC-430 to take effect for several minutes, then thoroughly swab trap and pipe area, clean and replace screen. Flush urinal, rinse sanitary swab.

DIRECTIONS

(FOR EXTERNAL USE ONLY)—Cont

3. Place swab over drain. Pour 1.4 oz. of PC-430 on swab, flush urinal to dilute. Squeeze swab to prevent drip, swab outside of urinal and surrounding floor, rinse and wipe dry.

DO NOT USE PC-430 ON PORCELAIN SINKS, WASH BOWLS OR BATHTUBS, OR ANY SURFACE EXCEPT VITREOUS TOILETS AND URINALS. USE ON OTHER THAN VITREOUS WARE IS AT USER'S RISK.

Rinse empty container thoroughly and discard.

ANTIDOTE:

INTERNAL—Drink a teaspoonsful or more of magnesia, chalk, or small pieces of soap, softened with water in milk or raw egg white. In case of ingestion or injury, call physician immediately.

EXTERNAL—Wipe off the acid gently, immediately flood the surface with water, using soap freely then cover with moist magnesia or baking soda.
