Adco GERMISOL

DEODORIZES AS IT DISINFECTS
Concentrated Disinfectant and Germicide
"An ADCO Product"

Phenol Coefficient 5 A.C.A.C. Method

Miscible with Water with a Pleasant Wintergreen Odor.
GERMISOL turns milky white when diluted with water.

DIRECTIONS

For Disinfection:

Mix two (2) ounces of Germisol with one (1) gallon water. Spray or flush all surfaces to be disinfected. Before disinfecting, remove all surface dirt.

DISINFECTION OF URINALS, GARBAGE CANS, ETC.

Dilute five (5) ounces of Germisol with one (1) gallon of water. Spray or flush urinals, garbage cans, etc., with this solution. Repeat this treatment as often as necessary.

SCHOOL ROOMS

Mix two (2) ounces Germisol with one (1) gallon water, and apply by mopping.

SINKS AND DRAINS

Flush daily with a solution of two (2) ounces Germisol in one (1) gallon water after cleansing in regular manner, allowing contact for 5 minutes. This will aid in deodorizing.

ACTIVE INGREDIENTS—Isopropanol, Anhydrous Soap, Ortho Benzyl Para-Chlorophenol.

INERT INGREDIENTS—Water, 70%.

CAUTION! Keep Out of Reach of Children.

Harmful if swallowed! Avoid contact with skin, eyes and clothing. Avoid breathing spray mist. Avoid contamination of feed and food stuffs (H.P.) Keep away from children and domestic animals. In case of contact, wash with plenty of water.
