PRECAUTIONARY STATEMENTS

HAZARDOUS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Avoid breathing dust. Avoid contact with skin, eyes or clothing. In case of contact, immediately flush eyes or skin with plenty of water. Get medical attention if irritation persists.

ENVIRONMENTAL HAZARDS

Avoid contact with fish, birds, and bees. Do not apply directly to water bodies, streams, drainage ditches, or to ponds, ditches, or to areas that may be frequented by aquatic organisms or adjacent areas. Do not contaminate water when disposing of equipment washwaters.

USE PRECAUTIONS

Do not apply this product to water. Do not apply this product to areas where it may be harmful to humans or animals.

ADDITIONAL STATEMENTS

Do not apply this product in such a manner as to directly or through drift expose workers or other persons. The area being treated must be vacated by unprotected persons. Do not enter treated areas without protective clothing until spray has dried. Because certain states may require more restrictive re-entry intervals for various crops treated with this product, consult your state Department of Agriculture for further information. Written or oral warnings must be given to workers who are expected to be in a treated area or an area about to be treated. Oral warnings must be given if written warnings cannot be understood by workers and must be in a language they understand. Give specific oral warnings which inform workers of areas or fields that may not be entered without specific protective clothing, the period of time field must be vacated, and appropriate actions to take in case of accidental exposure. Written warnings must include the following information: **CAUTION**, Area treated with FIFIFIVE on (date and time of application). Do not enter without full protective clothing until sprays have dried.

Do not apply to food crops within one day of harvest. Do not feed treated forage to livestock.
