PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Avoid breathing spray mist. Avoid contact with skin, eyes or clothing. In case of contact, immediately flush eyes or skin with plenty of water. Get medical attention if irritation persists.

ENVIRONMENTAL HAZARDS

Keep out of lakes, ponds or streams. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not apply when weather favors drift from target area.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

Keep this product in a locked storage area out of reach of children and domestic animals. Replace cap and securely wrap original container in several layers of newspaper and discard in trash. Do not incinerate or puncture.

USE PRECAUTIONS

Avoid spraying desirable plants (flowers, shrubs, etc.). Bentgrass, Carpetgrass, Dichondra and St. Augustine Grass may be injured if contacted. Do not apply within drip line of desirable plants.

NOTICE: Seller makes no warranty expressed or implied concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.

#### DIRECTIONS FOR USE

Use to "spot treat" weeds in the lawn. For best results, apply when weeds are actively growing. Do not water within 24 hours after spraying.

#### KILLS.....

|                                               |                 |
|-----------------------------------------------|-----------------|
| Dandelions                                    | Canada Thistle  |
| Plantains                                     | Filaree         |
| Chickweed                                     | Henbit          |
| Clover                                        | Lambsquarters   |
| Black Medic<br>(Yellow or<br>Japanese Clover) | Mustard         |
|                                               | Pennywort       |
| English Daisy                                 | Pigweed         |
| Curly Dock                                    | Sheep Sorrel    |
| Heal-All                                      | Yarrow          |
| Ground Ivy                                    | Buttercup       |
| Knotweed                                      | Oxalis          |
|                                               | Sherpherdspurse |

Shake container well before using.

Lawn and Turf Weed Bomb is designed to permit easy treatment of lawn weeds without bending or stooping. Invert can, aim at weed and press valve. Only a short burst is needed. Overspraying only wastes the spray.

Effects begin to show after a few days and weeds gradually die. Up to 4 weeks may be required for complete kill. Repeat in 3-4 weeks if necessary.

Irene Boone  
The Chas. H. Hill, Co.  
1131 NE. Killingsworth  
Portland, OR 97216

Dear Ms. Boone:

Subject: Label Revision: AOKC Method and Amendment Formula  
Lilly/Hiller Lawn & Turf Weed Bomb  
EPA Registration No. 502-510  
Your Application of June 10, 1983

The amendment referred to above, submitted in connection with registration under FIFRA is acceptable, provided that you:

1. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling:

- a. Modify "Keep out of lakes streams or ponds" to read:

Do not apply directly to water

2. Submit five (5) copies of your final printed labeling before you release the product for shipment.

A stamped copy of the labeling is enclosed for your records.

Before we can accept the amended formula, your supplier must submit the chemical composition or Calcutt CD-5 to this office referencing this product's name and registration number.

Sincerely yours,

Richard F. Mountfort *RFM*
