MOSQUITO LARVAE CONTROL

For mosquito larvae control in waters containing dense plant growth above water.

Apply at the rate of 5 pounds per acre (1/2 pound of Malathion).

May be applied to forage and pasture lands.

NOTICE: Follow directions carefully. Timing and method of application, weather and mixtures with other chemicals not specifically recommended, and other influencing factors in the use of this product are beyond the control of the seller. Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.

MP-3H

**CAUTION -- Keep out of reach of children**

Avoid breathing dust. Avoid contact with skin. Wash thoroughly after using. Avoid contamination of feed and foodstuffs.

Avoid drift to areas occupied by unprotected humans or beneficial animals.

This product is toxic to fish, shrimp and crab. Keep out of lakes, streams, or ponds (use around the edges of these areas). Do not apply when weather conditions favor drift from areas treated. Shrimp and crab may be killed at application rates recommended on this label. Do not apply where these are important resources. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

Dispose of wastes by burying in non-crop lands away from water supplies. Containers should be disposed of by punching holes in them and burying with wastes, or by burning (keep out of smoke).
