WHERE TO USE	WHEN TO USE	Tablespoons per gal. of water
ORANGES (Valencia)		
Red Spider Mites, Scale, Red, Black, Yellow & Purple	Do not use later than Sept 1st.	2 1/2

CAUTION

Harmful if swallowed! If swallowed do not induce vomiting. Call a physician immediately. Avoid inhalation of spray mist.

For foliage application the spray tank must be free of any sulphur residue before using this material. Do not combine sulphur sprays with this material and do not follow a previous application of sulphur or apply sulphur following an application of this material until sufficient time has elapsed for safety (at least 30 days). If in doubt, spray a portion of one tree previously treated with sulphur, using 1 quart of oil to 25 gallons water. If sufficient time has not elapsed, burn will show in several days.

Do not use oil spray when temperatures are above 90°F. When temperatures drop below 32°F during night, do not spray tree and vine crops until daytime temperatures have warmed to a point above 35°F and crops are free from moisture due to melting frost or heavy dews.

Do not use on foliage closer than 60 days after or 90 days before using CAPTAN or PHALTAN* products. Do not use in combination with SEVIN*. Application to trees weakened by disease, drought, drying winds, or high nitrogen applications may result in oil injury.

ENVIRONMENTAL CAUTIONS

Keep out of lakes, streams, or ponds. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

Do not reuse empty container. Wash thoroughly with water and detergent. Discard in safe place.

*PHALTAN is a registered trademark for phthalimide fungicide.
*SEVIN is the trademark of the Union Carbide Corp. for 1-naphthyl N-methylcarbamate.

NOTICE: Follow directions carefully. Timing and method of application, weather and crop conditions, mixtures with other chemicals not specifically recommended and other influencing factors in the use of this product are beyond the control of the seller. Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
