

OUTSIDE OF HOMES

ANTS, EARWIGS, SPIDERS, BOX ELDER BUGS

1. Use 1 tablespoon per 1 gal. of water (1 pt. per 32 gal.).
2. Spray outside areas thoroughly. Apply around house foundations, garbage containers; along runways; in cracks of cement walks and patios. Also spray Box Elder trees and other ornamentals where bugs congregate, using 1 teaspoon per 1 gal. of water.
3. Repeat as necessary.

TERMITES in Buildings

1. Use 1 pt. mixed with water to make 12 gallons of mixed Spray.
2. **Homes with Basements or Crawl Spaces, New Construction:** Dig trench along inside and outside of foundations 15 to 18 inches deep, but not below footing, (8 to 12 in. wide). Use 2 gal. of mixed spray for each 5 linear feet, applying half the amount to the bottom of trench against foundation. Apply remainder of mixed spray proportionately at 6 inch intervals while back filling trench, making last application just below ground level and covering with a thin layer of soil. For trenches 18 to 30 inches deep but not below footing use 4 gal. of mixed spray for each 5 linear feet.
3. **Slab type Construction**—Apply 1 gal. mixed spray per 10 sq. ft. of soil surface as an over-all preconstruction treatment under slab for porches, entrance platforms and utility entrances.
4. Inspect area yearly to determine possible reinfestation, and re-treat when necessary.

WARNING

Harmful if swallowed. Avoid breathing spray mist. Contact with skin can cause toxic symptoms. In case of contact with skin, wash with soap and water.

Do not spray into or near fire or open flame. Do not smoke while spraying. Avoid contamination of feed and foodstuffs. Do not contaminate drinking water.

Do not use this product on forage or feed crops which may be fed to dairy animals or animals being finished for slaughter. In order to avoid injury to bees, do not apply to plants in bloom.

This product is toxic to fish, birds, and other wildlife. Birds feeding on treated areas may be killed. Keep out of any body of water. Do not apply where runoff is likely to occur. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

Destroy empty container. Do not re-use for any purpose.

Chlordane
800

ACTIVE INGREDIENTS

*Chlordane, technical 72.3%
Petroleum Distillate 21.5%

INERT INGREDIENTS 6.2%

*Equivalent to 43.38% octachloro-4,
7-methanotetrahydroindane and
28.92% related compounds.

WARNING Keep out of the reach of children
See left side panel for additional warnings

E.P.A. Reg No. 802-443-AA

Please read entire label.
Use only as directed, noting all cautions.

LAWNS

SOD WEBWORM (Lawn Moth), WHITE GRUBS, JAPANESE BEETLE LARVAE, ANTS, CUTWORMS, MOLE CRICKETS, ARMYWORMS

1. Use 1 tablespoon per 1 gal. of water (1 pt. per 32 gal.).
2. Apply evenly over the lawn at the rate of 1 gal. per 150 sq. ft.
3. To control **Nightcrawlers**, use 4 oz. in 10 to 15 gal. of water. Apply evenly over 1000 sq. ft. of lawn.
4. For best results apply in the evening when lawn is dry. After treatment, follow with moderate sprinkling (1/4 to 1/2 inch of water) to thoroughly wet the soil.
5. Keep children or pets off treated areas until insecticide is washed into soil and grass is thoroughly dry.

ORNAMENTAL GARDENS

STRAWBERRY ROOT WEEVIL (Brachyrhinus) (CUTWORMS, BLACK VINE WEEVIL—Rhododendrons, Azaleas, Camellias, Primroses

1. Use 1 teaspoon per 1 gal. of water (1 pt. per 100 gal.).
2. **Established Plantings**—apply generously around the base of plants. Repeat as necessary.
3. **New Seed Beds**—apply at the rate of 1 gal. diluted material per 40 sq. ft. soil area and work thoroughly into top 4 to 6 inches of soil before planting.

THRIPS, ANTS, DIABROTICA BEETLES, FLEA BEETLES, LEAF MINERS, LEAFROLLERS, SOWBUGS, LYGUS BUGS, STINK BUGS, EARWIGS, GRASSHOPPERS on Roses, Gladiolus, Chrysanthemums Dahlies, Asters, Petunias, Carnations, Marigolds, Pansies, Zinnias.

1. Use 1 teaspoon per 1 gal. of water.
2. Spray plants thoroughly to cover both top and undersides of leaves as well as soil around plants. Repeat as necessary.

NOTICE: Follow directions carefully. Timing and method of application, weather and crop conditions, mixtures with other chemicals not specifically recommended, and other influencing factors in the use of this product are beyond the control of the seller. Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
