

LILLY/MILLER  
LAWN WEED KILLER

Contains TRIMEC

Kills Dandelions, Plantains, Japanese Clover, Chickweed and many other lawn weeds.

Just attach to a garden hose and spray. Ready to use. No mixing required. Covers up to 4000 sq. ft.

ACTIVE INGREDIENTS:

- \*Dimethylamine 2,4-Dichlorophenoxyacetate . . . . 9.41%
- \*\*Dimethylamine Salt of 2-(2-methyl-4-chlorophenoxy) propionic acid . . . . 4.54%
- \*\*\*Dimethylamine Salt of Dicamba (3,6-dichloro-o-anisic acid) . . . . 1.04%
- INERT INGREDIENTS . . . . 85.01%

800-485

- \*2,4-dichlorophenoxyacetic acid equivalent 0.68 lbs. per gallon (7.82%). Isomer Specific by AOAC method 6.D01-5.
- \*\*2-(2-methyl-4-chlorophenoxy) propionic acid equivalent 0.325 lbs. per gallon.
- \*\*\*3,5-dichloro-o-anisic acid equivalent 0.075 lbs. per gallon.

Keep out of reach of children  
CAUTION  
See side and back panel for additional cautions

NET CONTENTS ONE PINT (24 FL. OZ.) (ONE QUART) (ONE GALLON)

Lilly/Miller LAWN WEED KILLER controls Bedstraw, Buckhorn, Buttercup, Chic'weed, Clover, Dandelion, Dock, English Daisy, Ground Ivy, Henbit, Japanese Clover (Black Medic), Knotweed, Lambsquarter, Mallow, Morningglory, Oxalis, Pigweed, Plantains, Poison Oak, Purslane, Shepherdspurse, Speedwell, Spurge, Yarrow, and most other broadleaved lawn weeds.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Please read entire label. Use only as directed. Observe all cautions and precautions. Shake well before use.

NEW LAWNS AND BENTGRASS TURF

On new lawns wait until turf has been mowed two or three times and has reached a height of 2 inches before making an over-all spray treatment. Then spray with 2/3 of the dilutions given for established lawns. (for example, in hose-end sprayers, use 5 tablespoons, fill jar to 5 gallon mark and spray 1000 sq. ft. of lawn. In pressure sprayers, use 1 tablespoon in 1 gallon of water and spray 200 sq. ft. of lawn.)

"SPOT SPRAY" weed treatment (at half strength) may be made at any time with a small pressure sprayer. Hold the nozzle near ground level and spray the weeds only. (On Bentgrass lawns, temporary yellowing may

occur.) Wait three weeks after treatment before putting new grass seed or stolons down in the bare spots.

**LAWNS (Other Than Bentgrass)**

**WHEN TO USE** on established Lawns: Spray at any time during the growing season when weeds are actively growing. Best control is obtained when applications are made in spring or fall. Poor weed control may result if spray is applied during drought or just before rain.

Mow lawn 2 or 3 days before treating. Do not water lawn within 24 hours after treatment. Repeat application, if necessary, for hard-to-kill weeds. Observe Use Precautions.

**HOW MUCH TO USE - Over-all Spray Treatment**

**HOSE-END SPRAYERS:** Use a hose-end sprayer designed for lawns. Put recommended amount of this product in jar, add water to indicated level, mix thoroughly and spray on area indicated. For example, to spray 3000 sq. ft. of lawn, measure 20 tablespoons into jar, add water to the 10 gallon level and mix thoroughly. Attach jar to hose, turn water on and spray as evenly as possible over the 3000 sq. ft.

Use this amount of LAWN WEED KILLER	Fill jar to (gallons)	To spray this amount of lawn or turf
2 tablespoons	1	300 sq. ft.
10 tablespoons	5	1500 sq. ft.
20 tablespoons	10	3000 sq. ft.
30 tablespoons	15	4500 sq. ft.

**PRESSURE SPRAYERS** - measure indicated amount of this product into tank and dilute with water according to the following chart. Use a spray pattern which gives small droplets without any fine mist and cover the area indicated.

Use this amount of LAWN WEED KILLER	In this amount of water	To spray this amount of lawn or turf
2 tablespoons	1 gallon	300 sq. ft.
4 tablespoons	2 gallons	600 sq. ft.
6 tablespoons	3 gallons	900 sq. ft.
1 pint	16 gallons	4800 sq. ft.

**NOTE:** Whether using a hose-end sprayer, or pressure sprayer, avoid sprays which are too fine because they can drift and damage ornamental or garden plants. Coarse sprays are less likely to drift. Use separate hose-end or pressure sprayer for weed killing only.

**"SPOT SPRAY"** Treatment on established Lawns. To spray small area, or individual weeds, use pressure sprayer (do not use hose-end sprayer). Mix 4 tablespoons of this product in 1 gallon of water in pressure sprayer and spray as required being certain to "wet" each weed.

**HOW TO USE: SHAKE WELL BEFORE USING**

(Directions for hose-end sprayer without shut-off; 24 fl. oz. container)

1. Connect spray nozzle to garden hose.
2. Remove bottle cap and screw bottle onto nozzle. Turn on water.
3. Place finger over the hole on the right side of nozzle to begin application. Remove finger to stop application.
4. Spray directly over area requiring application evenly and uniformly. Check handy measuring guide to see how much of this liquid has been used.

(Directions for hose-end sprayer with shut-off; 24 fl. oz. container)

1. Connect spray nozzle to garden hose. Be sure that valve is in "off" position.
2. Remove bottle cap and screw bottle onto nozzle. Turn on water.
3. Turn valve to "on" position to start flow of water. Use valve to shut off flow of water at any time.
4. Spray directly over area requiring application evenly and uniformly. Check handy measuring guide to see how much of this liquid has been used.

#### USE PRECAUTIONS

Avoid drift of spray mist onto vegetables, grapes, flowers, ornamental plants, shrubs, shade and fruit trees, and other desirable plants. Do not apply on a windy day. Do not apply to areas underlaid by roots of desirable trees and shrubs. Do not pour spray solutions near these plants. Do not use on Dichondra, Carpetgrass, Centipede or St. Augustine grasses. Clovers present will be damaged if sprayed.

#### STORAGE AND DISPOSAL

Keep from freezing. Store this product in its original container and keep in a locked storage area. Do not reuse container or hose-end sprayer. Rinse thoroughly and discard in trash.

#### PRECAUTIONARY STATEMENTS

##### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Avoid breathing spray mist. Avoid contact with skin, eyes or clothing. In case of contact, immediately flush eyes or skin with plenty of water. Get medical attention if irritation persists.

##### ENVIRONMENTAL HAZARDS

Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not apply when weather conditions favor drift from target area.

NOTICE: Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling when such use and/or handling is contrary to label instructions.
