LILLY/MILLER LAWN WEED KILLER

Kills Dandelions, Plantains, Japanese Clover, Chickweed and many other lawn weeds

Contains TRIMEC

Treats 9600 Sq. Ft. of Lawn

Keep From Freezing

ACTIVE INGREDIENTS:

*Dimethylamine Salt of 2,4-Dichlorophenoxyacetic Acid	9.41%
**Dimethylamine Salt of 2-(2-methyl-4-chlorophenoxy) propionic acid	4.54%
***Dimethylamine Salt of Dicamba (3,6-dichloro-o-anisic acid)	1.04%
INERT INGREDIENTS	85.01%

*2,4-Dichlorophenoxyacetic acid equivalent 7.82% (0.68 lbs. per gallon). Isomer Specific by AOAC method.

**2-(2-methyl-4-chlorophenoxy) propionic acid equivalent 3.76% (0.325 lbs. per gallon).

***3,6-dichloro-o-anisic acid equivalent 0.075 lbs. per gallon.

Trimec Reg. T.M. of PBI/Gordon Corporation

Keep out of reach of children

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Avoid breathing spray mist. Avoid contact with skin, eyes or clothing. When handling this product, wear chemical resistant gloves. Wear long pants, long-sleeved shirt, shoes, gloves, face shield or goggles when mixing, loading or applying this product. In case of contact, immediately flush eyes or skin with plenty of water. Get medical attention if irritation persists. Do not reenter or permit others to reenter treated areas until sprays have dried.

ENVIRONMENTAL HAZARDS

Do not apply when weather conditions favor drift from target area. This product is toxic to aquatic invertebrates. Drift or runoff may adversely affect aquatic invertebrates and nontarget plants. Do not apply directly to water or wetlands (swamps, bogs, marshes, or potholes). Do not contaminate water when disposing of equipment washwaters. When cleaning equipment, do not pour the washwater on the ground; spray or drain over a large area away from wells and other water sources.

Most cases of groundwater contamination involving phenoxy herbicides such as 2,4-D and MCPP have been associated with mixing/loading and disposal sites. Caution should be exercised when handling 2,4-D and MCPP pesticides at such sites to prevent contamination of groundwater supplies. Use of closed systems for mixing and transferring this pesticide will reduce the probability of spills. Placement of the mixing/loading equipment on an impervious pad to contain spills will

205

help prevent groundwater contamination.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Please read entire label. Use only as directed. Observe all cautions and precautions. Shake well before use.

Lilly/Miller LAWN WEED KILLER controls Bedstraw, Buckhorn, Buttercup, Chickweed, Clover, Dandelion, Dock, English Daisy, Ground Ivy, Henbit, Japanese Clover (Black Medic), Knotweed, Lambsquarter, Mallow, Morningglory, Oxalis, Pigweed, Plantains, Poison Oak, Purslane, Shepherdspurse, Speedwell, Spurge, Yarrow, and most other broadleaved lawn weeds.

NEW LAWNS AND BENTGRASS TURF

On new lawns wait until turf has been mowed two or three times and has reached a height of 2 inches before making an over-all spray treatment. Then spray with 2/3 of the dilutions given for established lawns (for example, in hose-end sprayers, use 5 tablespoons, fill jar to 5 gallon mark and spray 1000 sq. ft. of lawn. In pressure sprayers, use 1 tablespoon in 1 gallon of water and spray 200 sq. ft. of lawn).

"SPOT SPRAY" weed treatment (at half strength) may be made at any time with a small pressure sprayer. Hold the nozzle near ground level and spray the weeds only. (On Bentgrass lawns, temporary yellowing may occur.) Wait three weeks after treatment before putting new grass seed or stolons down in the bare spots.

ORNAMENTAL LAWNS & TURF (Other Than Bentgrass)

WHEN TO USE on established Lawns and Turf - spray at any time during the growing season when weeds are actively growing. Best control is obtained when applications are made in spring or fall. Treat Chickweed in the fall or in the spring as needed. Poor weed control may result if spray is applied during drought or just before rain.

For best results, mow lawn 2 or 3 days before treating. Do not water lawn within 24 hours after treatment. Repeat application, if necessary, for hard-to-kill weeds. Observe Use Precautions.

HOW MUCH TO USE - Over-all Spray Treatment

HOSE-END SPRAYERS: Use a hose-end sprayer designed for lawns. Put recommended amount of this product in jar, add water to indicated level, mix thoroughly and spray on area indicated. For example, to spray 3000 sq. ft. of lawn, measure 20 tablespoons into jar, add water to the 10 gallon level and mix thoroughly. Attach jar to hose, turn water on and spray as evenly as possible over the 3000 sq. ft.

Use this amount of LAWN WEED KILLER	Fill jar to (gallons)	To spray this amount of lawn or turf
2 tablespoons	1	300 sq. ft.
10 tablespoons	5	1500 sq. ft.
20 tablespoons	10	3000 sq. ft.
30 tablespoons	15	4500 sq. ft.

BEST AVAILABLE COPY

PRESSURE SPRAYERS - measure indicated amount of this product into tank

304

and dilute with water according to the following chart. Use a spray pattern which gives small droplets without any fine mist and cover the area indicated.

Use this amount of LAWN WEED KILLER	In this amount of water	To spray this amount of lawn or turf
2 tablespoons	1 gallon	300 sq. ft.
4 tablespoons	2 gallons	600 sq. ft.
6 tablespoons	3 gallons	900 sq. ft.
1 pint	16 gallons	4800 sq. ft.
9 pints	144 gallons	1 acre

NOTE: Whether using a hose-end sprayer, or pressure sprayer, avoid sprays which are too fine because they can drift and damage ornamental or garden plants.

"SPOT SPRAY" Treatment on established Lawns and Turf. To spray small areas, or individual weeds, use pressure sprayer (do not use hose-end sprayer). Mix 4 tablespoons of this product in 1 gallon of water in pressure sprayer and spray as required being certain to "wet" each weed.

USE PRECAUTIONS

Use separate hose-end or pressure sprayer for weed killing only.

Avoid drift of spray mist onto vegetables, grapes, flowers, ornamental plants, shrubs, shade and fruit trees, and other desirable plants. Coarse sprays are less likely to drift. Do not apply to areas overlaid by roots of desirable trees and shrubs. Do not pour spray solutions near these plants. Do not use on Dichondra, Carpetgrass, Centipede or St. Augustine grasses. Clovers present will be damaged if sprayed.

STORAGE AND DISPOSAL

Store this product in its original container and keep in a locked storage area out of reach of children and domestic animals. Do not reuse container. Rinse thoroughly before discarding and securely wrap original container in several layers of newspaper and discard in trash.

NOTICE: Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling when such use and/or handling is contrary to label instructions.

THE CHAS. H. LILLY CO.
PORTLAND, OREGON 97218
EPA Est. 802-OR-1
EPA Reg. No. 802-485

(specific label copy for 24 fl. oz. hose-end applicator)

Just attach to a garden hose and spray. Ready to use. No mixing required.

HOW TO USE: SHAKE WELL BEFORE USING

(Directions for hose-end sprayer without shut-off; 24 fl. oz.)

STORAGE: Store at temperatures above 40 degrees F. Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate, is a violation of Federal law and may contaminate groundwater. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Plastic: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke. Metal: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

container)

1. Connect spray nozzle to garden hose.
2. Remove bottle cap and screw bottle onto nozzle. Turn on water.
3. Place finger over the hole on the right side of nozzle to begin application. Remove finger to stop application.
4. Spray directly over area requiring application evenly and uniformly. Check handy measuring guide to see how much of this liquid has been used.

(Directions for hose-end sprayer with shut-off; 24 fl. oz. container)

1. Connect spray nozzle to garden hose. Be sure that valve is in "off" position.
2. Remove bottle cap and screw bottle onto nozzle. Turn on water.
3. Turn valve to "on" position to start flow of water. Use valve to shut off flow of water at any time.
4. Spray directly over area requiring application evenly and uniformly. Check handy measuring guide to see how much of this liquid has been used.

(specific label copy for containers over 1 gallon)

LIMIT OF WARRANTY AND LIABILITY

The Chas. H. LILLY Co. (LILLY) warrants that this product conforms to the chemical or other description on the label (and/or instructions) and is reasonably fit for the purposes set forth on the label (and/or instructions) when used strictly in accordance with the label (and/or instructions) under the conditions described there. NO OTHER EXPRESS OR IMPLIED WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE OR MERCHANTABILITY IS MADE. This warranty is also subject to the following conditions:

*Buyer and all users shall promptly notify LILLY of any claims whether based in contract, negligence, strict liability, other tort, or otherwise.

*THE EXCLUSIVE REMEDY OF THE USER OR BUYER AND THE LIMIT OF LIABILITY OF LILLY FOR ANY LOSS, INJURY OR DAMAGE RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT (including claims based upon contract, negligence, strict liability, other tort, or otherwise) SHALL BE:

1. The purchase price paid for the product, or at the election of LILLY
2. The replacement of such quantity of the product as is involved.

IN NO EVENT SHALL LILLY BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES.

*LILLY agents have no authority to give warranties or make representations on its behalf, concerning the use, quality or performance of this product, or in any other respect.

*The use, handling, storage, and other influencing factors are beyond the control of LILLY. Buyer assumes all risk of loss, injury, or damage due to use, handling, storage and other influencing factors, including but not limited to, incompatibility with other products, and weather conditions.

Do not apply this product through any type of irrigation system.
