

WARNING

HARMFUL BY SWALLOWING, INHALATION, OR SKIN CONTACT. CAUSES IRRITATION. Avoid breathing spray mist. Avoid contact with eyes, skin and clothing. Wash thoroughly after handling. In case of contact, immediately flush skin with water; for eyes, flush with plenty of water for at least 15 minutes. Call a physician.

Do not contaminate food or feed products. Do not use on crops used for food, forage or pasture.

Do not apply when weather conditions favor drift of spray from areas treated.

This product is toxic to birds. Shrimp and crab may be killed at application rates recommended on this label. Do not apply where these are important resources. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

Disposal of wastes by burying in non-crop lands away from water supplies. Empty containers should be disposed of by crushing or by punching holes in them and burying with wastes

MOSQUITOCIDE A4

DIRECTIONS FOR USE

MOSQUITO LARVAE CONTROL

Use at the rate of 1/2 to 1 1/2 fluid ounces per acre. Apply as a uniform spray in sufficient water for good coverage. The higher rate should be used in areas known to have phosphate-resistant mosquitoes. Repeat applications as necessary.

WARNING: Young Shrimp in treated tidal waters may be killed at these rates of application.

NOTE: This product is for use only by Mosquito Abatement Districts, Public Health Officials and other trained personnel of Public Mosquito Control Programs.

NOTICE: Follow directions carefully. Timing and method of application, weather conditions, mixtures with other chemicals not specifically recommended, and other influencing factors in the use of this product are beyond the control of the seller. Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
