Dear Ms. Hewitt:

Subject: Revised Labeling; Additional Brand Name  
Lilly/Miller Moss-Out  
EPA Registration No. 802-509  
Your Submission Dated May 7, 1987

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, is acceptable. A stamped copy is enclosed for your records.

The additional brand name "Lilly/Miller Hose'n Go Moss-Out" is also being accepted for this registration.

Sincerely yours,

Richard F. Mountfort *RFM*  
Product Manager (23)  
Fungicide-Herbicide Branch  
Registration Division (TS-767C)

**Enclosure**

P.S. As labels are printed, change the term "destroys" to "kills" or "controls" moss...

Just attach to a garden hose and spray

Covers 500 sq. ft.

FOR MOSS IN LAWNS AND TURF.

DESTROYS LAWN MOSS SO GRASS CAN GROW THICKER, RICHER.

ACTIVE INGREDIENT:

\*Ferric Sulfate, anhydrous . . . . 35.0%

INERT INGREDIENTS . . . . 65.0%

\*Equivalent to 9.75% Iron as Metallic

ACCEPTED  
with comment  
MAY 27 1987  
Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, this pesticide is registered under EPA Reg. No. 802-509

Keep out of reach of children

CAUTION

See back panel for additional cautions.

NET CONTENTS 1 GALLON (1 QUART)

Moss-Out kills moss in lawns so grass can grow into thick lush turf.

Moss grows on the soil surface in lawns where it competes with the turf, causing the grass to thin-out and creating an excessive build-up of thatch. Shaded or poorly-drained acidic areas encourage moss growth especially if the turf is undernourished. Apply MOSS-OUT to these areas when the moss is actively growing. Make applications as needed, beginning with the first fall rains, during warm, rainy, winter periods, or in early spring. Encourage strong turf development by applying a Lilly/Miller ULTRAGREEN or Super Rich fertilizer as directed. This will help prevent further moss growth.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SHAKE WELL BEFORE USING

Please read entire label. Use only as directed. Observe all cautions and precautions.

HOW TO USE: Shake Well Before Using

(Directions for hose-end sprayer without shut-off) (quart container)

1. Connect spray nozzle to garden hose.
2. Remove bottle cap and screw bottle onto nozzle. Turn on water.
3. Place finger over the hole on the right side of nozzle to begin application. Remove finger from hole to stop application.
4. Spray directly over lawn. The contents of this container will cover 500 sq. ft.

(Directions for hose-end sprayer with shut-off) (quart container)

1. Connect spray nozzle to garden hose. Be sure that valve is in "off" position.
2. Remove bottle cap and screw bottle onto nozzle. Turn on water.
3. Turn valve to "on" position to start flow of water. Use valve to shut off flow of water at any time.
4. Spray directly over lawn evenly and uniformly. The contents of this container will cover 500 sq. ft.

**MOSS IN LAWNS AND TURF**

1. Mix at the rate of 1/2 pint MOSS-OUT in 3 gallons of water for each 125 sq. ft. to be treated.

2. Apply with plastic sprinkling can or hose-end sprayer. MOSS-OUT can corrode galvanized metal. To apply with Lilly/Miller Six Shooter Hose-end Sprayer, fill sprayer jar full with MOSS-OUT. Do not add water to sprayer jar. Then, spray over a 500 sq. ft. area, using low water pressure, until jar is empty.

3. When sprinkling or spraying mossy area, be sure to soak the moss growth thoroughly. Treated moss should turn a dark, or black color. Action is most rapid in warm, dry weather.

4. Rinse equipment with water after use.

5. To improve appearance of lawn or turf, rake out dead moss a few days after treatment.

**USE PRECAUTIONS**

MOSS-OUT is for use on lawn or turf only. Contact with concrete, brick, tile or painted surfaces can cause severe staining. Since MOSS-OUT can cause corrosion to galvanized metal, apply only with plastic sprinkling can or hose-end sprayer. Use Lilly/Miller Moss-Kil to control moss on roofs, patios and other surfaces. See Moss-Kil label for directions.

**STORAGE AND DISPOSAL**

Store this product in its original container and keep in a locked storage area out of reach of children and domestic animals. Rinse equipment thoroughly with water after using. Do not reuse container. Rinse thoroughly before discarding and securely wrap original container in several layers of newspaper and discard in trash.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION: Harmful if swallowed. Avoid contact with skin, eyes or clothing. In case of contact flush with plenty of water; for eyes get medical attention. Wash hands thoroughly after using.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish. Do not apply directly to water. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment or disposal of wastes.

NOTICE: The use of this material being subject to conditions beyond our knowledge and control, the seller makes no warranty of any kind, expressed or implied, concerning the effects of this product, when not used in accordance with directions.
