WASHINGTON, D.C. 20460

OFFICE OF  
PREVENTION, PESTICIDES AND  
TOXIC SUBSTANCES

Mrs. Rebecca M. Horton  
Consultant/Agent for  
Southern States Cooperative, Inc.  
118½ East Main Street  
Suite 1  
Salem, VA 24153-3805

APR 30 2008

Subject: Notification(s) for Label Revisions under PRN 98-10 and PRN 2007-4

Dear Mrs. Horton:

The Agency is in receipt of your Applications for Pesticide Notification under Pesticide Registration Notices (PRN) 98-10 and 2007-4 dated, April 2, 2008 for:

**EPA Registration 802-509      Lilly Miller Moss-Out**

The Registration Division (RD) has conducted a review of the request(s) for applicability under PRN 98-10 and PRN 2007-4 and finds that the label changes requested fall within the scope of PRN-98-10 and PRN-2007-4. The label has been date-stamped "Notification" and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on nonrefillable containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions, please contact me directly at 703-305-6249 or Joyce Edwards of my staff at 703-308-5479.

Sincerely,

A handwritten signature in black ink, appearing to read "Linda Arrington".

Linda Arrington

# LILLY MILLER® MOSS-OUT

[Additional Brand Names: Lilly Miller Moss Out! for Lawns; Lilly Miller Hose 'n Go! Moss Out! for Lawns]

- Economical Concentrate
- Kills Lawn Moss Quickly!
- Works In Hours
- Liquid Iron Gives Superior Results
- Covers 500 square feet
- Apply with a sprinkling can or hose-end sprayer

### ACTIVE INGREDIENT:

\*Ferric Sulfate, anhydrous . . . . . 35.0%

INERT INGREDIENTS . . . . . 65.0%

\*Equivalent to 9.75% Iron as Metallic

Keep out of reach of children

## DANGER

See back for additional precautionary statements and First Aid.

NET CONTENTS \_\_\_\_\_

### PRECAUTIONARY STATEMENTS

#### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Corrosive. Causes irreversible eye damage. Do not get in eyes, on skin, or on clothing. Wear safety glasses. Harmful if swallowed, inhaled or absorbed through skin. Avoid breathing spray mist. Remove contaminated clothing and wash clothing before reuse. Wash thoroughly with soap and water after handling. Do not allow persons or pets in treated areas until sprays have dried.

#### FIRST AID

Have product container or label with you when calling a poison control center or doctor, or going for treatment. If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice. If on skin or on clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Do not apply directly to water. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment or disposal of wastes.

MOSS-OUT kills moss in lawns so grass can grow into thick lush turf.

Moss grows on the soil surface in lawns where it competes with the turf, causing the grass to thin-out and creating an excessive build-up of thatch. Shaded or poorly-drained acidic areas encourage moss growth especially if the turf is undernourished. Apply MOSS-OUT to these areas when the moss is actively growing. Make applications as needed, beginning with the first fall rains, during warm, rainy, winter periods, or in early spring. Encourage strong turf development by applying a Lilly Miller Ultragreen®, Super Rich®, or Rapid Green™ fertilizer as directed. This will help prevent further moss growth.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For household use only.

SHAKE WELL BEFORE USING. Please read entire label. Use only as directed. Observe all precautions.

USE PRECAUTIONS: MOSS-OUT is for use on lawn or turf only. Contact with concrete, brick, tile, wood or painted surfaces can cause severe staining. Since MOSS-OUT can cause corrosion to galvanized metal, apply only with plastic sprinkling can or hose-end sprayer. Use MOSS-KIL to control moss on roofs, patios and other surfaces. See label for directions.

**MOSS IN LAWNS AND TURF**

1. Mix at the rate of 1/2 pint MOSS-OUT in 3 gallons of water for each 125 sq. ft. to be treated.
2. Apply with plastic sprinkling can or hose-end sprayer. MOSS-OUT can corrode galvanized metal.
3. When sprinkling or spraying mossy area, be sure to soak the moss growth thoroughly. Treated moss should turn a dark, or black color. Action is most rapid in warm, dry weather.
4. Rinse equipment with water after use.
5. To improve appearance of lawn or turf, rake out dead moss a few days after treatment.

Alternate use direction for container with hose-end sprayer attached:

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For household use only.

What is this product? And what will it do?

MOSS-OUT is the fast, easy way to kill moss in lawns. Once moss is gone, the grass is free to grow and thrive. This easy-to-use container attaches right to your garden hose, so there's no mixing.

MOSS-OUT is for lawns only. Use MOSS-KIL (in the economical concentrate or convenient Hose 'n Go® or ready-to-use containers) for moss on roofs, sidewalks, or other surfaces.

How do I use this product?

When to use: Use MOSS-OUT anytime moss becomes a problem in your lawn. Moss grows most vigorously during the warm, rainy periods in spring and fall, but will grow all year round in some shady areas.

Spray as often as needed to keep moss from crowding out lawn grasses.

What to do: Mow the grass a bit shorter than usual to expose more of the moss. To get the most complete kill of the moss or when the moss is very thick, rake out as much as you can using a thatching rake or lawn rake. Spray MOSS-OUT evenly over the mossy areas.

To use this sprayer:  
Sprays up to 20 feet!

1. Shake container well.
2. Remove the child-resistant closure and save it for resealing the container when you are finished.
3. Insert the dip tube of the hose-end applicator into the bottle and seal the applicator head tightly to the bottle.
4. Connect spray nozzle to garden hose.
5. Turn on the water from the faucet.
6. When you are ready to spray, turn the knob on top so that it points to the MIX position on the spray head. (Fig. 1)
7. The spray deflector on the front of the hose-end applicator can be rotated to give a stream or fan spray. (Fig. 2)

To stop spraying:

1. When you are finished spraying or if you have to stop spraying at any time, turn the knob back to the OFF position. (Fig. 3)
2. Turn off the water from the faucet.
3. Turn the knob to H2O then OFF, to drain the water from the hose. (Fig. 4)
4. Unscrew spray nozzle from hose. Remove hose-end from container.
5. Reseal the container with the child-resistant closure. Rinse the hose-end applicator.

This bottle will cover 500 sq. ft. (20'x 25'). Spray slowly and allow the Moss Out to penetrate the moss. The moss will turn black within hours. After a few days, rake out the dead moss using a thatching rake or lawn rake.

What not to do: MOSS-OUT is for lawns only. Do not let this product contact any other surfaces. It will stain them. Do not allow MOSS-OUT to contact galvanized metal. Do not try to cover more lawn area than 500 sq. ft. with this container; it will not be effective. Do not allow adults, children or pets back onto the sprayed area until it has dried.

What will I see?

The moss in your lawn will turn black and die within hours. The grass will gradually fill in thin and bare spots. You can help it along by adding Lilly Miller Ultragreen®, Super Rich®, or Rapid Green™ lawn food, Lilly Miller® Super Sweet™ or Soil Sweet™ lime, and a Lilly Miller® grass seed blend that's right for your yard.

**STORAGE AND DISPOSAL**

PESTICIDE STORAGE: Store this product in its original container and keep in a locked storage area out of reach of children and domestic animals. Close cap tightly after each use. Keep from freezing.

PESTICIDE DISPOSAL: If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain. CONTAINER DISPOSAL: If empty: Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available.

**NOTICE**: To the extent consistent with applicable law, seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. To the extent consistent with applicable law, buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.

For information on this pesticide product (including health concerns, medical emergencies, or pesticide incidents), call the National Pesticide Information Center at 1-800-858-7378. Other inquiries: [info@excelmktg.com](mailto:info@excelmktg.com).
