Shake container well before using. Miller's Lawn and Turf Weed Bomb is designed to permit easy treatment of lawn weeds without bending or stooping. Invert can, aim at weed and press valve. Only a short burst is needed. Over-spraying only wastes the spray.

Effects begin to show after a few days and weeds gradually die. Up to 4 weeks may be required for complete kill. Repeat in 3-4 weeks if necessary.

For lawns with many weeds, requiring an overall treatment, spray with Miller's Lawn & Turf Weed Killer.
