

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION: Avoid contact with eyes. If contact occurs, flush eyes thoroughly with plenty of water for 15 minutes. Get medical attention if irritation persists. Keep children and pets off treated area until spray has dried. Avoid contamination of feed.

ENVIRONMENTAL HAZARDS
 Avoid direct application to streams, creeks, rivers, ponds, lakes, or other water bodies. Do not use or store water by dipping or washing of any kind of equipment.

STORAGE AND DISPOSAL
 Avoid contamination of feed or feed containers. Do not reuse empty container. Wrap container and put in trash collection.

DIRECTIONS FOR USE
 This is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SHAKE WELL BEFORE USING
READ ENTIRE LABEL FIRST USE ONLY AS DIRECTED.
NOTING ALL CAUTIONS

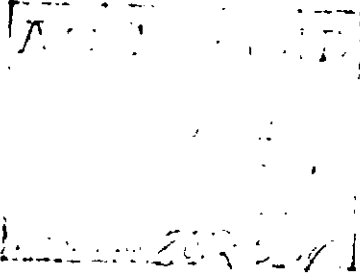

Lilly Miller KNOCKOUT Weed and Grass Killer controls a broad spectrum of weeds, grasses and undesirable vegetation around trees, shrubs and ornamental plantings, along driveways, fences and patios, and around buildings and spot treatment in lawns. It is a systemic, non-selective, foliar applied herbicide that moves from the treated leaves and stems to the roots, giving complete control. Visible effects of injury may take up to one week or longer with complete kill in 2 to 4 weeks.

CONTROLS:

NET CONTENTS 1 QUART

HOW TO USE - Overall Spray treatment
Tank Sprayer: To apply with a plastic, flexible, unlined, 1-gallon stainless steel tank sprayer mix 6 oz. (2 cups) of Lilly Miller KNOCKOUT Weed & Grass Killer per 1 gallon of clean water. Apply spray to the entire plant uniformly. Avoid spraying to runoff. When using a tank sprayer, work at the lowest possible pressure and avoid a fine mist pattern.

NOTE: A GALVANIZED or UNLINED sprayer is recommended. However, if a lined sprayer is used, it must be thoroughly cleaned after each use.

Hose-End Sprayer: To apply with a Lilly Miller hose-end sprayer, mix 6 oz. of Lilly Miller KNOCKOUT Weed & Grass Killer per 1 gallon of clean water. Add 1 quart of water to sprayer jar and spray desired area. **Do not add water to jar.**

DILUTION TABLE

Use this amount of Lilly Miller KNOCKOUT Weed & Grass Killer	In this amount of water	Area to treat
6 oz. (2 cups)	1 gallon	250 sq. ft.
3 oz. (1/2 cup)	2 1/2 gallons	500 sq. ft.
2 oz. (1/3 cup)	4 gallons	1000 sq. ft.
1 1/2 oz. (1/4 cup)	5 1/2 gallons	1330 sq. ft.

For WIPER, WICK OR SPONGE TYPE APPLICATORS
 Lilly Miller Knock-Out Weed and Grass Killer should be used with wiper, wick or sponge type applicators. For best results, do not mix with water; use directly from bottle and follow manufacturer's directions for use of applicators.

For SPOT TREATMENT on lawns and around trees and shrubs, use a type pressure sprayer recommended by manufacturer. Use 1/2 quart of Lilly Miller Knock-Out Weed and Grass Killer per 1 quart of clean water. Spray carefully being cautious not to contact foliage of desirable plants.

For LAWN RENOVATION - Use hose sprayer or hose-end sprayer for lawn renovation spray treatment. Areas can be treated 7 days after treatment directly into the dead grass.

IMPORTANT: Do not spray on a lawn that has been treated with any other lawn product. Avoid spraying directly onto water bodies. Do not spray on lawns that have been treated with any other lawn product. Do not spray on lawns that have been treated with any other lawn product.
