PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
WARNING

Causes eye irritation. Do not get in eyes, on skin, or on clothing. In case of contact, immediately flush eyes or skin with plenty of water. Get medical attention if irritation persists. Harmful if swallowed. Do not contaminate feed or foodstuffs.

STATEMENT OF PRACTICAL TREATMENT

In case of contact, wash with soap and water. If in eyes, flush with water for 15 minutes and get medical attention if irritation persists.

ENVIRONMENTAL HAZARDS

Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

DISPOSAL

Do not reuse empty bag. Put in trash collection.

LILLY/MILLER
SCU 82-26
Illustration

Lilly/Miller SCU 82-26 Contains nutrients shown in this exploded view of this quality lawn care blend.

NITROGEN, water soluble

Just add water and it goes to work feeding your lawn immediately. Nitrogen is a protein builder, helping grass to grow healthy and strong. Gives your lawn its rich green color.

NITROGEN, water insoluble

Lilly/Miller's special controlled release nitrogen, released to the grass roots slowly and continually, by action of bacteria in the soil. Feeds your lawn over a long period of time. Builds protein and color through steady feeding.

▲ PHOSPHORIC ACID

This important nutrient helps early growth and root formation. Helps young plants grow strong.

POTASH

Potash encourages a strong root system. Builds up your lawn's resistance to disease.

SULPHUR

An essential element for protein movement. Helps nitrogen promote strong sturdy plant growth.

IRON

Iron is necessary to chlorophyll production. This important element turns your lawn that deep emerald green.

MANGANESE

Works with iron to form chlorophyll and keep your lawn extra green. Also activates many enzymes which help plants grow strong.

Lilly/Miller SCU 82-26 is a fully balanced, complete lawn food, containing six essential growing elements. It turns your lawn into a lush, rich green carpet of healthy, strong turf.

A regular feeding with SCU 82-26 nourishes your lawn for 5 to 7 weeks, keeping it green and developing strong, hardy turf. It also controls moss in your lawn, leaving it rich, green and thriving. If lawn moss isn't a problem, the extra iron will green your lawn thoroughly, making it lush, emerald turf.

DIRECTIONS

Full Feeding (with Moss Control)

For moss control in established lawns and feeding of established lawns any time of the year. For planting a new lawn.

1. Mow lawn to expose any existing moss and allow fertilizer to enter soil readily
2. Apply Lilly/Miller SCU 82-26 at the rate of 25 lbs. per 5,000 sq. ft. See spreader chart below.
3. Water lawn regardless of temperature.

HOW TO SPREAD LAWN FERTILIZER (Illustrations)

Begin spreading by laying down two strips of lawn food at each end of your lawn. Fill in remaining area as shown here.

Make turns with the spreader CLOSED to avoid uneven coverage.

Overlap previous wheel track slightly, as shown to avoid gaps in coverage.

Close the spreader when you stop walking to avoid uneven coverage. Stopping and starting with spreader box open will waste your lawn food.

SPREADER SETTINGS

Application Rate	Lilly/Miller Spreader	Turf King	Scotts Models 35 & 75
Full Feeding with MOSS CONTROL	8½	8	8½

Guaranteed Fertilizer Analysis:

Total Nitrogen (N).....18%
7.8% Ammoniacal Nitrogen (from
Ammonium Sulphate & Ammonium Phosphate)
5.1% Other Water Soluble Nitrogen
(from Sulphur-coated Urea & Urea)
2.6% Controlled Release Nitrogen
(from Sulphur-coated Urea)
1.9% Water Insoluble Nitrogen (from Methylene Urea
Co-polymers of Leather Tankage)
0.6% Other Insoluble Nitrogen (from Methylene Urea
Co-polymers of Leather Tankage)

Available Phosphoric Acid (P_2O_5).....4%
(from Ammonium Phosphate)
Soluble Potash (K_2O).....8%
(from Muriate of Potash)
Sulphur, expressed as elemental.....12.4%
(from Ammonium Sulphate, Iron Sulphate, &
Sulphur-coated Urea)
Iron, expressed as elemental.....5%
(from Iron Sulphate)
Manganese, expressed as elemental.....0.17%
(from Iron Sulphate)

CAUTION

This material may stain concrete and stone. Flush with water where spilling occurs.
~~Harmful if swallowed.~~ Do not reuse empty container. Destroy it by burying with
waste. Dispose of wastes by burying in non-crop lands away from water supplies.

NOTICE

The spreader settings given on this bag have been carefully determined by actual
test in new equipment. Incorrect dial settings, walking speed, wear, spreader
calibration and general condition of spreader can materially affect the rate of
flow. Since these conditions are beyond our control, neither The Chas. H. Lilly
Co. nor the retail dealer can guarantee exact coverage as indicated by the
recommended dial settings.
