COLLAR TAG

LILLY/MILLER.
 Ready-to-use

**Knock-Out
 Weed & Grass Killer**

ACTIVE INGREDIENT:
 Isopropylamine salt of glyphosate 0.96%
INERT INGREDIENTS 99.04%
 *N-(phosphonomethyl) glycine

Keep out of reach of children
CAUTION
 See inside panel for additional precautionary statements

NET CONTENTS 24 OZ.

PRECAUTIONARY STATEMENTS
 Hazards to Humans & Domestic Animals
CAUTION: Avoid contact with eyes, skin or clothing. Avoid breathing spray mist. In case of contact, immediately flush eyes with plenty of fresh water for 15 minutes. For skin, wash with plenty of soap and water. Get medical attention if irritation persists. Keep children and pets off treated areas until spray has dried. Avoid contamination of food or feed.
ENVIRONMENTAL HAZARDS
 Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of waste.

DIRECTIONS FOR USE
 It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL
 Keep from freezing. Store this product in its original container and keep in a locked storage area out of reach of children and domestic animals.
 Do not reuse container except as directed on this label. Rinse thoroughly before discarding and securely wrap original container in several layers of newspaper and discard in trash.

NOTICE: Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.

READ ENTIRE LABEL AND ATTACHED PAMPHLET FIRST. USE ONLY AS DIRECTED, NOTING ALL CAUTIONS.

Lilly/Miller KNOCKOUT Weed and Grass Killer controls a broad spectrum of weeds, grasses and undesirable vegetation around trees, shrubs and ornamental plantings; along sidewalks, driveways and patios; and around buildings and structures in lawns. It is a systemic, non-selective, foliar applied herbicide that moves from the treated leaves and stems to the roots, giving complete control. Visible effects of an application may take up to one week or longer with complete kill in 2 to 4 weeks.

WHEN TO USE

To assure effective control, apply when weeds are actively growing. Repeat application may be necessary to control hard-to-kill weeds and grasses. For best results, apply on a sunny day when the daytime temperature is at least 50°F. Apply only if the air is calm and rainfall is not expected within 12 hours. Do not use on or around edible feed or food crops.

HOW TO USE: Adjust nozzle to coarse spray. Hold nozzle within 2 feet of weed or grass and direct the spray to the center of weed. Do not over spray. Certain tough weeds such as Canada Thistle or Poison Oak may not be killed with 1 application. Re-apply in 4 weeks for complete control. When applying Lilly/Miller Ready-To-Use KNOCKOUT Weed & Grass Killer be careful not to spray desirable grass, shrubs or plants as it will kill all green plant tissue. Avoid drift to such green plant tissue. If spray accidentally contacts desirable grass or plants wash off with water immediately. Do not sprinkle area treated within 12 hours after application nor apply if rain is expected within 12 hours.

Controls Bermudagrass, broadleaf weeds and other grassy weeds:

- | | |
|---------------------|------------------------|
| Bahiagrass | London Rocket |
| Bermudagrass | Mullein |
| Bindweed | Pennsylvania Smartweed |
