

If Swallowed: Call a physician or Poison Control Center immediately. If possible, vomiting should be induced under medical supervision. Drink one or two glasses of water and induce vomiting by touching the back of throat with a finger. Do not induce vomiting or give anything by mouth to an unconscious or convulsing person. If In Eyes: Flush With water for 15 minutes and seek medical attention.  
**NOTE TO PHYSICIAN:** Irrigate eyes with 0.05M Disodium edtrate (EDTA) solution. If On Skin: Immediately remove contaminated clothing and flush skin with plenty of water. If Inhaled: Flush nostrils with water and seek medical attention.

**ENVIRONMENTAL HAZARDS**

Do not apply directly to water or wetlands.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**STORAGE AND DISPOSAL**

Store this product in its original container and keep in a locked storage area out of reach of children and domestic animals. Rinse thoroughly before discarding and securely wrap original container in several layers of newspaper and discard in trash.

To open nozzle, hold container with nozzle pointing away from face. Depress button on trigger head and rotate nozzle clockwise about 1/4 turn for spray; turn farther for stream. To close, rotate nozzle counter-clockwise until nozzle locks.

For best results, apply Ready-To-Use MOSS-KIL prior to the time when fall rains begin or in early spring. Moss growth can occur in nearly any location where dampness persists. Such areas include decks, steps, patios and fences. Because moisture is essential, moss growth appears during the fall; some occurs in the winter and spring. Very little moss forms in summertime. Controlling moss may add months or years of service to decks, fences, steps and such areas, and can keep walkways and steps from becoming slippery and dangerous. Destroying existing moss is done most effectively during times when its growth is most rapid and when rain is not expected for several days.

**SHAKE WELL BEFORE USING**

**READ ENTIRE LABEL. USE ONLY AS DIRECTED. OBSERVE ALL CAUTIONS AND PRECAUTIONS.**

**HOW TO USE ON WOOD AND CONCRETE - DECKS, STEPS, PATIOS, SIDEWALKS, FENCE POSTS:** Adjust nozzle to medium or coarse spray. Hold nozzle six to ten inches from surface and spray to thoroughly wet area. Avoid drift and runoff, especially if lawn or any desirable plants are nearby. For heavy moss, dampen, or spray when moss is damp to avoid runoff and assure thorough coverage. Apply when the air is still and when no rain is expected for 24 hours.

**USE PRECAUTIONS:** Avoid drift or runoff onto lawns, bedding plants, shrubs or any desirable plants because injury may result. Do not use in lawns or ornamental beds. Do not use on copper gutters, downspouts or fixtures.

**NOTICE:** Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.
