HOW TO APPLY: HOSE 'N GO WEED & GRASS PREVENTER will not kill existing weeds. Before applying HOSE 'N GO WEED & GRASS PREVENTER, remove any weeds, grass, fallen leaves and other plant debris. Rake area smooth, if necessary. Do not disturb surface after treatment. HOSE 'N GO WEED & GRASS PREVENTER will cover 1000 sq. ft. of established ornamental beds, gravel walkways, driveways, etc.

Overapplication can cause damage to shrubs, trees and ground covers. Do not apply to steep areas where runoff is possible. Do not use on dichondra or other turfgrasses. Do not apply to tulip plants that emerged to a height greater than 3/4". Do not plant shrubs, trees, ground covers or grass in treated area for one year following treatment. Do not apply to or around vegetables.

To prevent staining, avoid application to fences, sidewalks, patios, cement blocks, stucco or painted surfaces. If these surfaces are accidentally sprayed, hose off with water. May stain clothing.

SHAKE WELL BEFORE USING

1. Connect spray nozzle to garden hose. Be sure that valve is in "off" position. 2. Remove bottle cap and screw bottle onto nozzle. Turn on water. 3. Turn valve to "on" position to start flow of water. Use valve to shut off flow of water at any time. 4. Spray directly over area requiring application evenly and uniformly. 5. After application, turn on sprinkler or irrigation system for about 1 hour. Do not allow material to run off treated area.

NOTICE: Seller makes no warranty expressed or implied concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.
