Dear. Ms. Klettke:

Subject: Lilly/Miller Hose'n Go Weed & Grass Preventer  
EPA Registration No. 802-565 ✓  
Lilly/Miller Weed & Grass Preventer  
EPA Registration No. 802-564  
Re: Label Amendment, New Use  
Your applications dated May 5, 1989

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended is acceptable with the following comment:

Add the phrase, "Mixer/Loader/Applicator must wear protective clothing, consisting of coveralls, a long-sleeved shirt, shoes, and impermeable gloves when handling this product."

Sincerely yours,

Robert J. Taylor  
Product Manager (25)  
Fungicide-Herbicide Branch  
Registration Division (H7505C)

See inside of collar tag for complete use directions.

HOW TO APPLY: HOSE 'N GO WEED & GRASS PREVENTER will not kill existing weeds. Before applying HOSE 'N GO WEED & GRASS PREVENTER, remove any weeds, grass, fallen leaves and other plant debris. Rake area smooth, if necessary. HOSE 'N GO WEED & GRASS PREVENTER will cover 1000 sq. ft. of established annual and perennial flower beds, ground covers, ornamental beds, gravel walkways, driveways, etc.

Over application can cause damage to shrubs, trees and groundcovers. Do not apply to steep areas where runoff is possible. Do not use on dichondra or turfgrasses. Do not plant grass or shallow-rooted flowers and groundcovers (less than 4") in treated areas for 4 months following treatment. To prevent weed growth from occurring, do not disturb surface after treatment. Do not apply to or around vegetables.

To prevent staining avoid application to fences, sidewalks, patios, cement blocks, stucco or painted surfaces. If these surfaces are accidentally sprayed, hose off with water. May stain clothing.

SHAKE WELL BEFORE USING.

1. Connect spray nozzle to garden hose. Be sure valve is in "off" position. 2. Remove bottle cap and screw bottle onto nozzle. Turn on water. 3. Turn valve to "on" position to start flow of water. Use valve to shut off flow of water at any time. 4. Spray directly over area requiring application evenly and uniformly. 5. After application, turn on sprinkler or irrigation system for about 1 hour. Do not allow material to run off treated area.

NOTICE: Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.
