#### STORAGE AND DISPOSAL

Keep from freezing. Store this product in its original container and keep in a locked storage area out of reach of children and domestic animals. Rinse equipment thoroughly with water after using. Do not reuse container. Rinse thoroughly before discarding and securely wrap original container in several layers of newspaper and discard in trash.

Do not use this product around these plants; they will be damaged: Douglas Fir, Tachy arborvitae, Eastern (Canada) hemlock, or Slender deutzia.

Once an area is treated, do not dig in or otherwise disturb the soil surface. Weeds may pop up. Do not plant seeds, seedlings or other shallow rooted plants in a treated area until 4 months have passed. They may be damaged.

Weed & Grass Preventer with Surflan is orange in color. It will stain paint, stucco, wood, cement, brick, clothing and many other surfaces around the house. Do not allow this product to contact any of these.

#### What will I see?

- You will see beautiful flower beds with no weeds to spoil the view. You will see clean, tidy shrub beds, and weeds will no longer spring up around trees in the yard.

#### PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**NOTICE:** Seller makes no warranty, express or implied, concerning the use of this product other than that indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.

**CAUTION:** Causes moderate eye irritation. Harmful if inhaled or absorbed through the skin. Avoid breathing spray mist, ingestion and contact with eyes, skin, or clothing. Wash thoroughly with soap and water after handling. Wear a long-sleeved shirt, long pants, shoes and chemical resistant gloves when applying this product. Remove contaminated clothing and wash before reuse. Keep all persons, children and pets out of treated area until sprays have dried.

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For household use only.

#### What is this product? And what will it do?

- Weed & Grass Preventer with Surflan is the easy way to have beautiful, weed-free flower beds all year round. Once you've cleaned out the weeds and grass already growing around your flowers, shrubs and trees, Weed & Grass Preventer with Surflan keeps them from coming back. And it lasts up to 4 months!

- Now you can plant your zinnias or pansies or marigolds, spray with Lilly Miller Weed & Grass Preventer with Surflan, then sit back and watch them grow. No more hands-and-knees weeding for you.

- This easy-to-use container attaches right to your garden hose, so there's no mixing. Use only what you need, then put it away for next time.

**WEED & GRASS PREVENTER**  
Lilly Miller  
WITH SURFLAN.

**How do I use this product?**

- **When to use:** For established beds and borders, you can use Weed & Grass Preventer with Surflan anytime throughout the growing season. But, the area must be free of weeds and grass, before you spray. Respray every 4 months to keep the area free of weeds.
- Newly-planted flowers, shrubs or trees have to settle in. Wait 1 to 2 weeks after planting before using Weed & Grass Preventer with Surflan. After that, respray every 4 months to keep the area weed free.
- **What to do:** Shake well before using. Weed & Grass Preventer with Surflan won't work on the weeds and grasses already growing. So, you have to remove them before you get started. Spray to kill them or pull them out by hand.
- When you are finished preparing the area, you can spray.

**How to use this sprayer.**

1. Before you start, the small, scalloped, black knob should have the flat part facing forward. If it is not, push it out from the other side and rotate it to the front. The red knob should be in the OFF position.

**Hose 'n GO!**

2. Shake the container well and attach it to your garden hose.
3. Turn on the water from the faucet.
4. When you are ready to spray, turn the black knob so that the scallop is forward and push it in.
5. Turn the red knob one-quarter turn forward and begin spraying.
6. When you are finished spraying or if you have to stop spraying at any time, turn the red knob back to the OFF position.

7. Push the black knob out from the opposite side and turn it so the flat surface faces forward. This seals the container.
8. Turn off the water from the faucet.
9. Turn the red knob ON then OFF, to relieve pressure from the hose.
10. Unhook the container from the hose and store it carefully.

Spray Weed & Grass Preventer with Surflan evenly over the soil and the plants (yes, right over the top of the leaves), but avoid areas where bulbs are planted. The orange color lets you see where you have sprayed and prevents skips or overlaps. This whole bottle will cover 1,000 sq. ft. (20' x 50'). One quarter of the bottle (see markings on the side) will cover 250 sq. ft. (10' x 25' or a border 5' x 50'). Water the area with clear water for about 1/2 hour after treating.

For barkdust areas or other mulch covers: Wet the area well with clear water before spraying with Weed & Grass Preventer with Surflan. Water again afterwards.

**What not to do:** Do not use Weed & Grass Preventer with Surflan around vegetables, fruits or other edible

WITH  
**SURFLAN.**

**STATEMENT OF PRACTICAL TREATMENT:** If in eyes: Flush eyes with plenty of water. Call a physician if irritation persists. If swallowed: Call a physician or Poison Control Center. If on skin: Wash with plenty of soap and water. Get medical attention if irritation persists. If inhaled: Remove individual to fresh air. If breathing difficulty occurs, provide cardiopulmonary resuscitation assistance and get medical attention.

**ENVIRONMENTAL HAZARDS:** This pesticide is toxic to fish. Do not apply this product directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters. Cover or incorporate spills.
