Ready-To-Use Lawn Weed Killer

STOP! READ THE ENTIRE LABEL AND ATTACHED PAMPHLET FIRST. OBSERVE ALL PRECAUTIONS AND FOLLOW DIRECTIONS CAREFULLY.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION. Harmful if swallowed. Avoid contact with eyes, skin or clothing. In case of contact with eyes, immediately flush with plenty of water. If on skin, wash with soap and water. If irritation develops, get medical attention. Wash hands before eating or smoking and after each use. Avoid contamination of food or feedstuffs.

ENVIRONMENTAL HAZARDS: Do not apply directly to water. Do not apply when weather conditions favor drift from target area. Do not contaminate water by cleaning of equipment or disposal of wastes. Do

not contaminate domestic or irrigation waters.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE PRECAUTIONS: Avoid drift of spray mist onto vegetables, grapes, flowers, ornamental plants, shrubs, shade and fruit trees, and other desirable plants. Do not apply on windy day. Do not apply to areas underlaid by roots of desirable trees and shrubs. Do not pour spray solution near these plants. Do not use on Dichondra, Carpetgrass, Centipede or St. Augustine grasses. Clovers present will be damaged if sprayed.

Shake well before use. This product contains TRIMEC turf herbicide, a combination of three proven weed killers - 2,4-D, Mecoprop and Dicamba. Together they control a wide range of broadleaf weeds; some of which are listed on this label.

Adjust nozzle to coarse spray. Do not use fine spray mists. They will drift and cause damage to non-target plants. Use to "spot-treat" weeds in the lawn. For best results apply when weeds are actively growing. Do not water within 24 hours after spraying.

Use as is. Do not mix. Do not dilute. Aim at weed and spray. Only a short burst is needed. Overspraying only wastes the product. Effects begin to show after a few days and weeds gradually die. Up to 4 weeks may be required for complete kill. Repeat in 3-4 weeks if necessary.

STORAGE AND DISPOSAL: Store this product in its original container and keep locked storage area out of reach of children and domestic animals. Do not store near feed or foodstuffs. Do not store near fertilizers, seed or other pesticides. Keep from freezing. Do not reuse container. Rinse thoroughly before discarding and securely wrap original container in several layers of newspaper and discard in trash.

NOTICE: Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.
