PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS ✓

CAUTION. Harmful if swallowed. Avoid contact with eyes, skin or
clothing. When using this product, wear goggles, long-sleeved shirt,
long pants, socks, shoes and chemical resistant gloves. In case of
contact with eyes, immediately flush with plenty of water. If on skin,
wash with soap and water. If irritation develops, get medical
attention. Avoid contamination of food or feedstuffs. After using this
product, rinse gloves before removing, remove clothing and launder
separately before reuse, and promptly and thoroughly wash hands and
exposed skin with soap and water. Remove saturated clothing as soon as
possible and shower. Do not allow people (other than applicator) or
pets on treatment area during application. Do not reenter or permit
others to reenter treated areas until sprays have dried.

ENVIRONMENTAL HAZARDS: This product is toxic to aquatic invertebrates.
Drift or runoff may adversely affect aquatic invertebrates and nontarget
plants. For terrestrial uses, do not apply directly to water, or to
areas where surface water is present or to intertidal areas below the
mean high water mark. Do not contaminate water when disposing of
equipment washwaters.

How do I use this product?

When to use: Spray any time weeds are actively growing; spring and fall are the best. Do not spray when rain is expected within 24 hours.

What to do: This product is ready to use and doesn't have to be mixed with water. Shake well before using. Adjust sprayer nozzle to give a coarse spray. Spray individual weeds. Wet solid patches of weeds well.

Wait for 24 hours after spraying to water the lawn.

Continue to water and feed the lawn, to help fill in places where weeds have died. After 4 weeks, you may re-seed any remaining bare areas.

What not to do: Do not use on newly planted lawns until 6 weeks after seed has come up. Do not allow spray mist to drift onto vegetables, flowers, ornamental shrubs and trees, small fruits, fruit trees, or any other desirable plants. They will be damaged. Do not water the lawn for 24 hours after spraying. Do not spray Lilly/Miller Ready-To-Use Lawn Weed Killer in areas where shrub or tree roots may be located.

What will I see?

Within 10 days you will see the leaves begin to curl and twist. Weeds will gradually die, taking several weeks to completely disappear.

STORAGE AND DISPOSAL: Store this product out of reach of children and domestic animals. Keep from freezing. Do not reuse container. Rinse thoroughly before discarding and securely wrap original container in several layers of newspaper and discard in trash.
