Subject: Notification(s) for Label Revisions under PRN 98-10 and PRN 2007-4

Dear Mrs. Horton:

The Agency is in receipt of your Application(s) for Pesticide Notification under Pesticide Registration Notices (PRN) 98-10 and 2007-4 dated March 12, 2008 for:

EPA Registration 802-579
EPA Registration 802-580

Lilly Miller Super Rich Feed and Weed
Lilly Miller Ready-to-Use Lawn Weed Killer

The Registration Division (RD) has conducted a review of the request(s) for applicability under PRN 98-10 and PRN 2007-4 and finds that the label changes requested fall within the scope of PRN-98-10 and PRN-2007-4. The label has been date-stamped "Notification" and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on nonrefillable containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions, please contact me directly at 703-305-6249 or Joyce Edwards of my staff at 703-308-5479.

Sincerely,

A handwritten signature in black ink, appearing to read "Linda".

HOW DO I USE THIS PRODUCT?

When To Use: Spray any time weeds are actively growing; spring and fall are the best. Do not spray when rain is expected within 24 hours.

What To Do: This product is ready to use and doesn't have to be mixed with water. Shake well before using. Adjust sprayer nozzle to give a coarse spray. Spray individual weeds. Wet solid patches of weeds well. Wait for 24 hours after spraying to water the lawn. Continue to water and feed the lawn, to help fill in places where weeds have died. After 4 weeks, you may re-seed any remaining bare areas.

What Not To Do: Do not use on newly planted lawns until 6 weeks after seed has come up. Do not allow spray mist to drift onto vegetables, flowers, ornamental shrubs and trees, small fruits, fruit trees, or any other desirable plants. They will be damaged. Do not water the lawn for 24 hours after spraying. Do not spray Ready-To-Use LAWN WEED KILLER in areas where shrub or tree roots may be located.

WHAT WILL I SEE?

Within 10 days you will see the leaves begin to curl and twist. Weeds will gradually die, taking several weeks to completely disappear.
