MAR 28 2008

Subject: Notification(s) for Label Revisions under PRN 98-10 and PRN 2007-4
(Storage & Disposal and Warranty Statement)

Dear Registrant:

The Agency is in receipt of your Application(s) for Pesticide Notification under Pesticide Registration Notices (PRN) 98-10 and 2007-4 dated March 11, 2008 for:

- EPA Registration 802-597 "Lilly/Miller 5M Weed & Feed"
- ✓ EPA Registration 802-588 "Lilly/Miller Ultrageen Weed & Feed"
- EPA Registration 802-12 "Lilly/Miller Microcop Fungicide"
- EPA Registration 802-92 "Cooke Kop-R-Spray Concentrate"
- EPA Registration 802-16 "Miller's Garden Sulphur"

The Registration Division (RD) has conducted a review of the request(s) for applicability under PRN 98-10 and PRN 2007-4 and finds that the label changes requested fall within the scope of PRN-98-10 and PRN-2007-4. The label has been date-stamped "Notification" and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on non-refillable containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions, please contact me directly at 703-305-6249 or Owen F. Beeder of my staff at 703-308-8899.

Sincerely,

Linda Arrington

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. When using this product, wear long pants, long-sleeved shirt, socks and shoes. After using this product, remove clothing and launder separately before reuse, and promptly and thoroughly wash hands and exposed skin with soap and water. Avoid contact with skin, eyes or clothing. Do not allow people (other than applicator) or pets on treatment area during application. Do not reenter or permit others to reenter treated areas until granules are washed into the soil and grass has dried.

7/19

FIRST AID

Have product container or label with you when calling a poison control center or doctor, or going for treatment.

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

If on skin or on clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

ENVIRONMENTAL HAZARDS

This product is toxic to aquatic invertebrates. Drift or runoff may adversely affect aquatic invertebrates and nontarget plants. Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters.

Optional marketing statements:

- Lilly Miller ULTRAGREEN WEED & FEED contains Trimec®--the long time choice of lawn care specialist. It kills even the toughest weeds you have: dandelion, clover, plantain. We carefully blend ULTRAGREEN WEED & FEED to give your lawn all the nitrogen university experts say it needs. Some of the nitrogen goes to work right away and some works slowly over time. Your lawn looks great and you won't have to feed it again for another two months.
- The best defense against weed and disease attack is a thick, vigorous lawn. Promoting the overall vigor of your lawn will help fight against weeds and diseases. ULTRAGREEN WEED & FEED contains the three essential nutrients for your lawn: Nitrogen (N) to stimulate thick, rich, green growth; Phosphorus (P) for early root formation; Potash (K) helps build resistance to disease.
- One application of ULTRAGREEN WEED & FEED will control the following weeds: Dandelion, Henbit, Plantain, Buttercup, Chickweed, Lawn Daisy, Clover, Spurge, Japanese Clover, Puncture Vine.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. The maximum number of broadcast applications per treatment site is 2 per year. For household use only.

USE PRECAUTIONS

2,4-D, MCPP and Dicamba are injurious to most plants other than grasses, so this material should be applied carefully on a day with low wind velocity to avoid drift onto valuable plants. Applications during hot weather (over 80 degrees F) are apt to cause some temporary damage to turf. Do not use on St. Augustine grass, Dichondra, carpetgrass or clover lawns. Can cause possible injury to bentgrass. Do not apply within the drip line of desirable trees and shrubs.

For best results, do not mow lawn for two days prior to application. Do not apply to new lawns under three months old. Apply to moist soil and foliage using an accurate spreader and the appropriate dial setting from the chart below. Do not water for at least 24 hours after application. A second application can be applied after one month to control any particularly hard-to-control weeds.

Captions for illustrations:

Lawns must be thoroughly watered the day before application. Then water again lightly, just prior to application. Begin spreading by laying down two strips of lawn food at each end of lawn. Fill in remaining area as shown here. Close the spreader when you stop walking or make turns to avoid uneven coverage. Stopping and starting with the spreader box open will waste lawn food. Overlap previous wheel track slightly, as shown, to avoid gaps in coverage. Wait 24 hours for herbicide to work. Then, water in to start the greening process.

SPREADER SETTINGS

SPREADER SETTINGS ARE APPROXIMATE. USE AS A GUIDE ONLY. NOT A GUARANTEE OF EXACT COVERAGE. Condition of spreader, walking speed and roughness of area affect coverage. If fertilizer appears to be coming out too fast, adjust the setting to slow the flow. Close spreader when filling, turning or stopping. Rinse spreader with clear water after use. Avoid stains to concrete.

IRON WILL STAIN. USE THIS PRODUCT ON LAWNS ONLY. KEEP THIS PRODUCT OFF SURFACES SUCH AS SIDEWALKS, PATIOS, WOODEN DECKS, DRIVEWAYS AND CLOTHING. Sweep concrete surfaces IMMEDIATELY to prevent staining. If concrete is wet when contact occurs, staining may be impossible to prevent.

Drop Spreader Models	Settings (20 lbs. for 4,000 sq. ft.)
Earthway Ev-N-Spread	10
Green Thumb (True Value)	8.25
Ortho 5000	8.25
