U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (7505P)
Ariel Rios Building
1200 Pennsylvania Ave., NW
Washington, D.C. 20460

EPA Reg. Number:

Date of Issuance:

802-588

DEC - 4 2009

NOTICE OF PESTICIDE:

Registration
 Reregistration
(under FIFRA, as amended)

Term of Issuance:

Name of Pesticide Product:

Lilly Miller Ultragreen Weed & Feed

Name and Address of Registrant (include ZIP Code):

Central Garden & Pet
c/o Lilly Miller Brands
1340 Treat Blvd., Ste. 650
Walnut Creek, CA 94597

~~Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.~~

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is reregistered in accordance with FIFRA section 4(g)(2)(C) provided you:

1. Submit and/or cite all data required for registration/re-registration review of your product when the Agency requires all registrants of similar products to submit data.
2. Make all the following changes to the product label:
 - a. Revise the **Hazards to Humans and Domestic Animals** statement to read as follows:
"CAUTION: Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Wear long-sleeved shirt, long pants, shoes, socks, and chemical-resistant gloves made of any waterproof material. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse."
 - b. Either remove or relocate the "If Inhaled" First Aid statement to below the "If in Eyes" statement.
 - c. It is recommended that the **First Aid** section be enclosed in a box for prominence.
 - d. It is recommended that an emergency contact number be included in the **First Aid** section.

Senior Registration Specialist
Herbicide Branch
Registration Division (7505P)

Date:

DEC - 4 2009

- e. Revise the first paragraph in the **Environmental Hazards** section to read as follows:
“This pesticide is toxic to fish and aquatic invertebrates and may adversely affect non-target plants. Runoff may be hazardous to aquatic organisms in water adjacent to treated areas. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Sweeping any product that lands on a driveway, sidewalk, or street, back onto the treated area of the lawn or garden will help to prevent run off to water bodies or drainage systems.”
- f. Make the following changes under the **General Precautions and Restrictions** section:
 - i. Revise the heading from “General Precautions and Restrictions” to “Precautions and Restrictions”.
 - ii. It is recommended that advisory precautions be distinguished from the mandatory restrictions by placing them under separate subsections.
 - iii. Add the restriction “Do not apply directly to or near water, storm drains, gutters, sewers, or drainage ditches. Do not apply within 25 feet of rivers, fish ponds, lakes, streams, reservoirs, marshes, estuaries, bays, and oceans. Do not apply when windy. Apply this product directly to your lawn or garden, and sweep any product landing on the driveway, sidewalk, gutter, or street, back onto the treated area. To prevent product run-off, do not over water the treated area to the point of runoff or apply when raining or when rain is expected that day.”
 - iv. Add the restriction “Wait a minimum of 30 days between applications.”
 - v. Revise the restriction from “For household use only.” to “For residential use only.”
- g. Under **Storage and Disposal**, add the text “Nonrefillable container. Do not reuse or refill this container.” directly before the statement “If empty: Place in trash or offer for recycling if available.”

A stamped copy of your label is enclosed for your records. You must submit one (1) copy of the final printed label before you release the product for shipment. Products shipped after twelve (12) months from the date of this notice or the next printing of the label, whichever occurs first, must bear the new revised label. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

LILLY MILLER[®] ULTRAGREEN[®] WEED & FEED X-X-X

[Additional Brand Name: Lilly Miller Rapid Green Weed & Feed]

Optional Marketing Statements:

- Kills Dandelions, Clover, Chickweed & other broadleaf weeds
- Kills even the tough weeds like dandelion, plantain, clover
- Greens-up your lawn quickly
- Quick green that lasts up to two months
- Covers up to 4,000 square feet
- With Trimec[®] Herbicide

ACTIVE INGREDIENTS:

Dimethylamine Salt of 2,4-Dichlorophenoxyacetic Acid	0.44%
Dimethylamine Salt of (+)-(R)-2-(2-methyl-4-chlorophenoxy)propionic acid.....	0.10%
Dimethylamine Salt of Dicamba (3,6-dichloro-o-anisic acid)	0.04%
OTHER INGREDIENTS	99.42%
Total	100.00%

This product contains:

- 0.36% 2,4-Dichlorophenoxyacetic acid equivalent
- 0.08% (+)-(R)-2-(2-methyl-4-chlorophenoxy) propionic acid equivalent
- 0.04% 3,6-Dichloro-o-anisic acid equivalent
- Isomer Specific by AOAC Methods.

Trimec Reg. TM of PBI/Gordon Corp.

**ACCEPTED
with COMMENTS
In EPA Letter Dated:
DEC - 4 2009**

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No.

802-588

Keep out of reach of children

CAUTION

See back panel for Additional Precautionary Statements and First Aid.

Net Weight 20 lbs. (9 kg)

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION: Harmful if swallowed. When using this product, wear long pants, long-sleeved shirt, socks and shoes. After using this product, remove clothing and launder separately before reuse, and promptly and thoroughly wash hands and exposed skin with soap and water. Avoid contact with skin, eyes or clothing. Do not allow people (other than applicator) or pets on treatment area during application. Do not reenter or permit others to reenter treated areas until granules are washed into the soil and grass has dried.

FIRST AID

Have product container or label with you when calling a poison control center or doctor, or going for treatment.

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

If on skin or on clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic invertebrates. Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark except as noted on appropriate labels. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. Do not contaminate water when disposing of equipment wash waters or rinsate.

This chemical has properties and characteristics associated with chemicals detected in groundwater. The use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. Application around a cistern or well may result in contamination of drinking water or groundwater.

Optional marketing statements:

- Lilly Miller ULTRAGREEN WEED & FEED contains Trimec®--the long time choice of lawn care specialist. It kills even the toughest weeds you have: dandelion, clover, plantain. We carefully blend ULTRAGREEN WEED & FEED to give your lawn all the nitrogen university experts say it needs. Some of the nitrogen goes to work right away and some works slowly over time. Your lawn looks great and you won't have to feed it again for another two months.
- The best defense against weed and disease attack is a thick, vigorous lawn. Promoting the overall vigor of your lawn will help fight against weeds and diseases. ULTRAGREEN WEED & FEED contains the three essential nutrients for your lawn: Nitrogen (N) to stimulate thick, rich, green growth; Phosphorus (P) for early root formation; Potash (K) helps build resistance to disease.
- One application of ULTRAGREEN WEED & FEED will control the following weeds: Dandelion, Henbit, Plantain, Buttercup, Chickweed, Lawn Daisy, Clover, Spurge, Japanese Clover, Puncture Vine.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

General Precautions and Restrictions

Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application. Do not allow people or pets to enter the treated area until dusts have settled. The maximum number of broadcast applications per treatment site is 2 per year. For household use only.

2,4-D, MCPP and Dicamba are injurious to most plants other than grasses, so this material should be applied carefully on a day with low wind velocity to avoid drift onto valuable plants. Applications during hot weather (over 80 degrees F) are apt to cause some temporary damage to turf. Do not use on St. Augustine grass, Dichondra, carpetgrass or clover lawns. Can cause possible injury to bentgrass. Do not apply within the drip line of desirable trees and shrubs.

For best results, do not mow lawn for two days prior to application. Do not apply to new lawns under three months old. Apply to moist soil and foliage using an accurate spreader and the appropriate dial setting from the chart below. Do not water for at least 24 hours after application. A second application can be applied after one month to control any particularly hard-to-control weeds.

Captions for illustrations:

Lawns must be thoroughly watered the day before application. Then water again lightly, just prior to application. Begin spreading by laying down two strips of lawn food at each end of lawn. Fill in remaining area as shown here. Close the spreader when you stop walking or make turns to avoid uneven coverage. Stopping and starting with the spreader box open will waste lawn food. Overlap previous wheel track slightly, as shown, to avoid gaps in coverage. Wait 24 hours for herbicide to work. Then, water in to start the greening process.

SPREADER SETTINGS

SPREADER SETTINGS ARE APPROXIMATE. USE AS A GUIDE ONLY. NOT A GUARANTEE OF EXACT COVERAGE. Condition of spreader, walking speed and roughness of area affect coverage. If fertilizer appears to be coming out too fast, adjust the setting to slow the flow. Close spreader when filling, turning or stopping. Rinse spreader with clear water after use. Avoid stains to concrete.

IRON WILL STAIN. USE THIS PRODUCT ON LAWNS ONLY. KEEP THIS PRODUCT OFF SURFACES SUCH AS SIDEWALKS, PATIOS, WOODEN DECKS, DRIVEWAYS AND CLOTHING. Sweep concrete surfaces IMMEDIATELY to prevent staining. If concrete is wet when contact occurs, staining may be impossible to prevent.

Drop Spreader Models	Settings (20 lbs. for 4,000 sq. ft.)
Earthway Ev-N-Spread	10
Green Thumb (True Value)	8.25
Ortho 5000	8.25
Republic EZ Drop	8.25
Scotts AccuGreen 1000	8.75
