WHAT IS THIS PRODUCT? AND WHAT WILL IT DO?

Lilly/Miller Ready-To-Use Blackberry & Brush Killer is the no-mix way to kill tough, woody plants and brush, such as blackberry vines, poison oak, Scotch broom, plus many others. This product can be used in many places around your yard, such as along fences and driveways, under decks, around patios and buildings, or in driveways and parking areas. The area can be planted again just a few weeks after spraying.

Use Ready-to-Use Blackberry & Brush Killer to kill all these plants:

- Blackberry
- Horsetail Rush (Field)
- Kudzu
- Mesquite
- Poison Ivy
- Poison Oak
- Sumac
- Scotch Broom
- Willow
- Wild Rose

Kill these plants, too:

- Arrowwood
- Blackgum
- California Rose
- Chinquapin
- Hornbeam
- Tanoak
- Virginia Creeper
- Alder
- Ash
- Aspen
- Beech
- Birch
- Box Elder
- Cascara
- Ceanothus
- Cherry
- Choke Cherry
- Cottonwood
- Douglas Fir
- Dogwood
- Elderberry
- Elm

Winged Elm

#### HOW DO I USE THIS PRODUCT?

**When To Use:** Spray the brush or vines in Spring, after leaves are fully open, or in Fall, before the leaves begin to change color. During dry Summer weather, Ready-to-Use Blackberry & Brush Killer may work very slowly. For best results, spray brush a few days after a good rain, or after the area has been watered.

**What To Do:** It's so easy! There is no mixing with Lilly/Miller Ready-to-Use Blackberry & Brush Killer. Just shake, then spray.

Adjust the spray nozzle to give small droplets without a fine mist. Spray when the air is calm and there is no wind. Hold the sprayer about two feet from the plant, and aim the nozzle at leaves and stems. Wet the brush completely with the spray. This product works through the leaves and bark; there's no need to wet the soil.

After leaves have dropped off (4 - 6 weeks after spraying), cut down the brush and dispose of it. Once the brush is gone, the area may be replanted.

1/10/4

What Not To Do: Do not spray when it is windy. Do not allow spray mist to drift onto vegetables, flowers, ornamental shrubs and trees, small fruits, fruit trees, or any other desirable plants. They will be damaged.

Do not spray when rain is expected. Do not allow children or pets to go into the treated area until the spray has dried. Do not water the area for 24 hours after spraying. Do not use this product around vegetables, fruits or other plants you eat. Do not use this product when temperatures are above 85 degrees F.

#### WHAT WILL I SEE?

In one to six weeks the leaves will begin to wilt, turn brown and drop off.

#### STORAGE AND DISPOSAL

Store this product in its original container out of reach of children and domestic animals. Do not reuse container. Securely wrap original container in several layers of newspaper and discard in trash.

NOTICE: Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.
