PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes eye irritation. Harmful if swallowed, inhaled, or absorbed through the skin. Avoid contact with eyes, skin or clothing during and after application. Avoid breathing spray mist. When applying this product, wear a long-sleeved shirt, long pants, shoes and socks, and waterproof gloves. Wash thoroughly with soap and water after handling. Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application. Do not allow people or pets onto treated areas until sprays have dried.

USER SAFETY RECOMMENDATIONS

- Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
- Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- Users should remove protective clothing and equipment immediately after handling this product. Wash the outside of gloves before removing. Keep and wash protective clothing and equipment separately from other laundry.

FIRST AID

Have product container or label with you when calling a poison control center or doctor, or going for treatment. If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice. If on skin or on clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

ENVIRONMENTAL HAZARDS

Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters and rinsate. This chemical has properties and characteristics associated with chemicals detected in groundwater. The use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For household use only. Not for use indoors.

WHAT IS THIS PRODUCT? AND WHAT WILL IT DO?

Ready-to-Use Blackberry & Brush Killer is the no-mix way to kill tough, woody plants and brush, such as blackberry vines, poison oak, Scotch broom, plus many others. This product can be used in many places around your yard, such as along fences and driveways, under decks, around patios and buildings, or in driveways and parking areas. The area can be planted again just a few weeks after spraying.

Use Ready-to-Use Blackberry & Brush Killer to kill all these plants:

- Blackberry
- Horsetail Rush (Field)
- Kudzu
- Mesquite
- Poison Ivy
- Poison Oak

Sumac
Scotch Broom
Willow
Wild Rose

Kill these plants, too:

Arrowwood
Blackgum
California Rose
Chinquapin
Hornbeam
Tanoak
Virginia Creeper
Alder
Ash
Aspen
Beech
Birch
Box Elder
Cascara
Ceanothus
Cherry
Choke Cherry
Cottonwood
Douglas Fir
Dogwood
Elderberry
Elm
Hawthorn
Hazel
Honeysuckle
Locust
Madrone
Maples
Mimosa
Mulberry
Oaks
Persimmon
Pine
Poplar
Raspberry
Salmonberry
Sassafras
Sweetbay

Magnolia
Sweetgum
Sycamore
Thimbleberry
Trumpet Creeper
Tulip Poplar
Vine Maple
Western Hemlock
Wild Grape
Winged Elm

HOW DO I USE THIS PRODUCT?

When To Use: Spray the brush or vines in Spring, after leaves are fully open, or in Fall, before the leaves begin to change color. During dry Summer weather, Ready-to-Use Blackberry & Brush Killer may work very slowly. For best results, spray brush a few days after a good rain, or after the area has been watered.

What To Do: It's so easy! There is no mixing with Ready-to-Use Blackberry & Brush Killer. Just shake, then spray.

Adjust the spray nozzle to give small droplets without a fine mist. Spray when the air is calm and there is no wind. Hold the sprayer about two feet from the plant and aim the nozzle at leaves and stems. Wet the brush completely with the spray. This product works through the leaves and bark; there's no need to wet the soil.

After leaves have dropped off (4 - 6 weeks after spraying), cut down the brush and dispose of it. Once the brush is gone, the area may be replanted.

What Not To Do: Do not spray when it is windy. Do not allow spray mist to drift onto vegetables, flowers, ornamental shrubs and trees, small fruits, fruit trees, or any other desirable plants. They will be damaged.

Do not spray when rain is expected. Do not allow children or pets to go into the treated area until the spray has dried. Do not water the area for 24 hours after spraying. Do not use this product around vegetables, fruits or other plants you eat. Do not use this product when temperatures are above 85 degrees F.

WHAT WILL I SEE?

In one to six weeks the leaves will begin to wilt, turn brown and drop off.

STORAGE AND DISPOSAL

Store this product in its original container and keep out of reach of children and domestic animals. If empty: Do not reuse this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

NOTICE: Seller makes no warranty, express or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.
