Subject: Labeling Notification per Pesticide Registration Notice (PRN) 98-10 - Minor label revisions.
Product Name: LILLY MILLER READY-TO-USE BLACKBERRY & BRUSH KILLER Admin
Number: 802-596
EPA Receipt Date: 06/02/2026
Action Case Number: 00700356

Dear Sarah Kuete-meier:

The U.S. Environmental Protection Agency is in receipt of your application for notification under Pesticide Registration Notice 98-10 for the above referenced product. The EPA has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The labeling submitted with this application has been stamped "Notification" and will be placed in our records.

Should you wish to add/retain a reference to your company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act and is subject to review by the EPA. If the website is false or misleading, the product will be considered to be misbranded and sale or distribution of the product is unlawful under FIFRA section 12(a)(1)(E). 40 CFR § 156.10(a)(5) lists examples of statements the EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the EPA find or if it is brought to our attention that a website contains statements or claims substantially differing from statements or claims made in connection with obtaining a FIFRA section 3 registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

If you have questions, please contact Jamey Shuler via email at shuler.jamey@epa.gov.

Sincerely,

Kable Bo Davis

NOTIFICATION

802-596

The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:

07/29/2026

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes eye irritation. Harmful if swallowed, inhaled, or absorbed through the skin. Avoid contact with eyes, skin or clothing during and after application. Avoid breathing spray mist. When applying this product, wear a long-sleeved shirt, long pants, shoes and socks, and waterproof gloves. Wash thoroughly with soap and water after handling. Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application. Do not allow people or pets onto treated areas until sprays have dried.

USER SAFETY RECOMMENDATIONS

- Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
- Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- Users should remove protective clothing and equipment immediately after handling this product. Wash the outside of gloves before removing. Keep and wash protective clothing and equipment separately from other laundry.

FIRST AID

Have product container or label with you when calling a poison control center or doctor, or going for treatment.

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

If on skin or on clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

ENVIRONMENTAL HAZARDS

Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters and rinsate. This chemical has properties and characteristics associated with chemicals detected in groundwater. The use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For household use only. Not for use indoors.

WHAT IS THIS PRODUCT? AND WHAT WILL IT DO?

Ready-to-Use Blackberry & Brush Killer is the no-mix way to kill tough, woody plants and brush, such as blackberry vines, poison oak, Scotch broom, plus many others. This product can be used in many places around your yard, such as along fences and driveways, under decks, around patios and buildings, or in driveways and parking areas. The area can be planted again just a few weeks after spraying.

Use Ready-to-Use Blackberry & Brush Killer to kill all these plants:

Blackberry	Poison Ivy	Willow
Horsetail Rush (Field)	Poison Oak	Wild Rose
Kudzu	Sumac	
Mesquite	Scotch Broom	

Kill these plants, too:

Arrowwood	Cottonwood	Raspberry
Blackgum	Douglas Fir	Salmonberry
California Rose	Dogwood	Sassafras
Chinquapin	Elderberry	Sweetbay
Hornbeam	Elm	Magnolia
Tanoak	Hawthorn	Sweetgum
Virginia Creeper	Hazel	Sycamore
Alder	Honeysuckle	Thimbleberry
Ash	Locust	Trumpet Creeper
Aspen	Madrone	Tulip Poplar
Beech	Maples	Vine Maple
Birch	Mimosa	Western Hemlock
Box Elder	Mulberry	Wild Grape
Cascara	Oaks	Winged Elm
Ceanothus	Persimmon	
Cherry	Pine	
Choke Cherry	Poplar	

HOW DO I USE THIS PRODUCT?

When To Use: Spray the brush or vines in Spring, after leaves are fully open, or in Fall, before the leaves begin to change color. During dry Summer weather, Ready-to-Use Blackberry & Brush Killer may work very slowly. For best results, spray brush a few days after a good rain, or after the area has been watered.

What To Do: It's so easy! There is no mixing with Ready-to-Use Blackberry & Brush Killer. Just shake, then spray.

Adjust the spray nozzle to give small droplets without a fine mist. Spray when the air is calm and there is no wind. Hold the sprayer about two feet from the plant and aim the nozzle at leaves and stems. Wet the brush completely with the spray. This product works through the leaves and bark; there's no need to wet the soil.

After leaves have dropped off (4 - 6 weeks after spraying), cut down the brush and dispose of it. Once the brush is gone, the area may be replanted.

What Not To Do: Do not spray when it is windy. Do not allow spray mist to drift onto vegetables, flowers, ornamental shrubs and trees, small fruits, fruit trees, or any other desirable plants. They will be damaged.

Do not spray when rain is expected. Do not allow children or pets to go into the treated area until the spray has dried. Do not water the area for 24 hours after spraying. Do not use this product around vegetables, fruits or other plants you eat. Do not use this product when temperatures are above 85 degrees F.

WHAT WILL I SEE?

In one to six weeks the leaves will begin to wilt, turn brown and drop off.

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Store this product in its original container and keep out of reach of children and domestic animals. **PESTICIDE DISPOSAL:** If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain. **CONTAINER DISPOSAL:** If empty: Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available.

{Optional sprayer head assembly instructions to print on bag containing sprayer head and attached to bottle:}

1. Remove sprayer from bottle and remove from bag.
2. Slide the sprayer cap down the hose to the stop position.
3. Remove child resistant cap from the bottle and discard cap.
4. Place sprayer hose into bottle and screw sprayer cap on securely.
5. Turn sprayer nozzle to selected pattern and follow Directions for Use. Turn sprayer to OFF position after use.

{Alternate optional spray head assembly instructions (as approved on Dec. 12, 2011 stamped-approved notification):}

**Sprayer
Directions**
