|-----------------------------|-------------------------------------|
| EPA Reg. Number: 802-597 | Date of Issuance: OCT 9 2009 |
|-----------------------------|-------------------------------------|

NOTICE OF PESTICIDE:
 Registration
 Reregistration
(under FIFRA, as amended)

| |
|--|
| Term of Issuance: |
| Name of Pesticide Product: Lilly Miller 5 M Weed & Feed |

Name and Address of Registrant (include ZIP Code):
Lilly Miller Brands
1340 Treat Blvd. Suite 650
Walnut Creek, CA 94597

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is reregistered in accordance with FIFRA provided that you:

- 1) Submit and/or cite all data required for registration/reregistration review of your product when the Agency requires all registrants of similar products to submit data.

Signature of Approving Official:

Joanne Miller
Product Manager 23
Herbicide Branch
Registration Division (7505P)

Date:

OCT 9 2009

- 2) Based on toxicity ranking per the acute toxicity review, the First Aid statements should be placed on the label in the following order:

IF SWALLOWED:
 IF ON SKIN OR CLOTHING:
 IF IN EYES:
 IF INHALED:

Place the First Aid section in a box.

- 3) As specified in the acute toxicity review, a phone number for emergency medical treatment information should be added to the label.

“Have the product container or label with you when calling a poison control center or doctor or going for treatment. **You may also contact [insert phone number 1-800-xxx-xxxx] for emergency medical treatment information.**”

- 4) Per the acute toxicity review, the following statements must be added to the Hazards to Humans and Domestic Animals section:

Following the “Harmful if swallowed.” sentence add: “Harmful if absorbed through skin. Causes moderate eye irritation.”

“Wear long sleeved shirt, long pants, shoes, socks, **and chemical resistant gloves (such as or made out of any waterproof material, selection category A).**”

- 5) The Environmental Hazards text currently on the label must be revised to include the following:

“This pesticide is toxic to fish and aquatic invertebrates **and may adversely affect non-target plants.**”

- 6) The following statement must be added to the Directions for Use section under Other Use Precautions:

“Do not apply directly to or near water, storm drains, gutters, sewers, or drainage ditches. Do not apply within 25 feet of rivers, fish ponds, lakes, streams, reservoirs, marshes, estuaries, bays, and oceans. Do not apply when windy. Apply this product directly to your lawn or garden, and sweep any product landing on the driveway, sidewalk, gutter, or street back onto the treated area. To prevent product run-off, do not over water the treated area(s) to the point of runoff or apply when raining or when rain is expected that day.”

- 7) It is recommended that the Storage and Disposal statements be presented in a text box for increased prominence. Update the Container Disposal Language to comply with PR Notice 2007-4.
- 8) Because this product has instructions for watering-in, the Directions for Use, Precautions and Restrictions statement must be revised to read:

“Do not enter or allow others (including children or pets) to enter the treated areas (except those involved in the watering) until the watering-in is complete and the surface is dry.”

Delete “General” from “General Precautions and Restrictions”.

- 9) Per the MCPP RED, the following application restriction is required in the Directions for Use Section:

“Minimum of 30 days between applications.”

A stamped copy of the label is enclosed for your records. You must submit one copy of the final printed label before you release the product for shipment. Products shipped after 12 months from the date of this letter must bear the new revised label. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA. Your release for shipment of the product constitutes acceptance of these conditions. This label supersedes all other previously accepted labels. If you have any questions please call Erik Kraft at 703-308-9358 or email at Kraft.Erik@epa.gov.

LILLY MILLER 5M WEED & FEED

X-X-X

Optional Marketing Statements:

Kills Dandelions, Clover, Chickweed & other broadleaf weeds
Greens-up your lawn quickly
Covers 5,000 square feet

ACTIVE INGREDIENTS:

| | |
|--|---------------|
| Dimethylamine salt of 2,4-dichlorophenoxyacetic acid | 0.58% |
| Dimethylamine salt of (+)-(R)-2-(2-methyl-4-chlorophenoxy)propionic acid | 0.14% |
| Dimethylamine salt of dicamba (3,6-dichloro-o-anisic acid) | 0.06% |
| OTHER INGREDIENTS | <u>99.22%</u> |
| TOTAL | 100.00% |

This product contains:

0.48% 2,4-Dichlorophenoxyacetic acid equivalent
0.11% (+)-(R)-2-(2-methyl-4-chlorophenoxy) propionic acid equivalent
0.05% 3,6-Dichloro-o-anisic acid equivalent
Isomer Specific by AOAC Methods.

ACCEPTED
with COMMENTS
In EPA Letter Dated:
OCT 9 2008

Under the Federal Insecticide,
Fungicide, and Rodenticide Act
as amended, for the pesticide
registered under EPA Reg. No.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Do not inhale dust. Do not allow contact with skin, eyes or clothing. When using this product, wear long pants, long-sleeved shirt, socks and shoes. After using this product, remove clothing and launder separately before reuse, and promptly and thoroughly wash hands and exposed skin with soap and water. Do not allow people (other than applicator) or pets on treatment area during application. Do not reenter or permit others to reenter treated areas until granules are washed into the soil and grass has dried.

FIRST AID

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 - 20 minutes. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and aquatic invertebrates. Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark except as noted on appropriate labels. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. Do not contaminate water when disposing of equipment wash waters or rinsate.

This chemical has properties and characteristics associated with chemicals detected in groundwater. The use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. Application around a cistern or well may result in contamination of drinking water or groundwater.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

General Precautions and Restrictions

Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application. Do not allow people

6007

or pets to enter the treated area until dusts have settled. The maximum number of broadcast applications per treatment site is 2 per year. For household use only.

2,4-D, MCPP and Dicamba are injurious to most plants other than grasses, so this material should be applied carefully on a day with low wind velocity to avoid drift onto valuable plants. Applications during hot weather (over 80 degrees F) are apt to cause some temporary damage to turf. Do not use on St. Augustine grass, Dichondra, carpetgrass or clover lawns. Can cause possible injury to bentgrass. Do not apply within the drip line of desirable trees and shrubs.

Do not mow lawn for two days prior to application. Do not apply to new lawns under three months old. Apply to moist soil and foliage using an accurate spreader and the appropriate dial setting from the chart below. Do not water for at least 24 hours after application. A second application can be applied after one month to control any particularly hard-to-control weeds.

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Store this product in its original container out of reach of children and domestic animals. **PRODUCT DISPOSAL: If empty:** Do not reuse this container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

Lawns must be thoroughly watered the day before application. Then water again lightly, just prior to application. Begin spreading by laying down two strips of lawn food at each end of lawn. Fill in remaining area as shown here. Close the spreader when you stop walking or make turns to avoid uneven coverage. Stopping and starting with the spreader box open will waste lawn food. Overlap previous wheel track slightly, as shown, to avoid gaps in coverage. Wait 24 hours for herbicide to work. Then, water in to start the greening process.

SPREADER SETTINGS

| | Settings (20 lbs. for 5,000 sq. ft.) |
|---|---|
| Drop Spreader Models | |
| Green Thumb (True Value), Ortho 5000, Republic EZ Drop, Scotts SpeedyGreen, Or TurfKing #530 | To be determined |
| Scotts PF-3 | To be determined |

Rotary Spreader Models

These spreaders can toss lawn food a great distance. Do not allow granules to fall in flower or shrub beds or around trees. These plants can be hurt.

| | |
|---|------------------|
| Republic Broadcast, Scotts SpeedyGreen Rotary, or TurfKing #540 | To be determined |
| Scotts EZ Green (EG-3) | To be determined |

7 of 7

SPREADER SETTINGS ARE APPROXIMATE. USE AS A GUIDE ONLY. NOT A GUARANTEE OF EXACT COVERAGE. Condition of spreader, walking speed and roughness of area affect coverage. If fertilizer appears to be coming out too fast, adjust the setting to slow the flow. Close spreader when filling, turning or stopping. Rinse spreader with clear water after use. Avoid stains to concrete.

GUARANTEED FERTILIZER ANALYSIS:

- Total Nitrogen (N) 20%
- 16.0% Ammoniacal Nitrogen
- 4.0% Urea Nitrogen
- Available Phosphate (P2O5) 2%
- Soluble Potash (K2O) 5%
- Sulfur (S) 17%

Derived from Urea, Ammonium Sulfate, Ammonium Phosphate, and Muriate of Potash.

Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapfco.org.metals.htm>

Filled by weight not by volume. Product may settle after packaging.
