PESTICIDE INFORMATION

Active Ingredients:

0.5% of active ingredients are listed on the label. The remaining 99.5% are inert ingredients.

For more information on this product, please contact the manufacturer at 1-800-555-1234.

Directions:

Apply to lawn areas. Do not apply to other areas. For more information, see the label.

The manufacturer warrants that this product is safe for use as directed. The manufacturer does not warrant that this product will be effective against all pests. The manufacturer does not warrant that this product will not cause damage to plants or animals.

See the label for more information. Do not use this product if you are pregnant or nursing. Do not use this product if you are allergic to any of the ingredients. Do not use this product if you have a history of asthma.

Product: AGRICO CHINCH BUG CONTROL

Chinch Bugs may become active any time the temperature exceeds 70° F. If you suspect chinch bug damage in your lawn check the margin of the dead area using the tin-can method explained below under "Locating and Identifying Chinch Bugs."

#### SOAK TREATED AREA AFTER APPLICATION

First  
Stage

#### LOCATING AND IDENTIFYING CHINCH BUGS

Fig  
III.

Bug III.  
Second  
Stage

Young Chinch Bugs range in size from 1/20" up to nearly adult size. They are red with a white band across their backs. Adults are approximately 1/5-inch long. They are black with white patches on their wings which fold over their backs. The simplest way to locate them is to take a metal can with both ends cut out and insert one end several inches into the ground in an area of suspected infestation, but where grass is green. Fill the can with water. Chinch Bugs will rise to the surface in about five minutes.

Stage  
Adult

#### DIRECTIONS

STOP  
SIGN

1. Adjust spreader settings according to the above chart. Apply contents of this bag on 2,500 sq.ft. (50' x 50') of lawn.
2. Drench or sprinkle treated area thoroughly with water immediately after application.
3. Do not allow persons or pets on treated lawn until grass is completely dry.
4. Follow the Warning Statement on reverse side.

#### WARRENT

The statements made on this label or by any of our agents concerning this material are given for information only. They are believed to be true and accurate, but because conditions of use, which are of critical importance, are beyond our control, Agrico Chemical Company, Division of Continental Oil Company, does not give, nor does it authorize any agent or representative to give any warranty, statement or representation, express or implied, concerning this material, except that it conforms to the chemical description on the label. Neither Agrico Chemical Company, Division of Continental Oil Company, nor the seller shall be held responsible in any manner for any personal injury or property damage or other type of loss resulting to the user or to any other person from handling, storing, or using of this material whether or not in accordance with the directions. The buyer assumes all risks and liability resulting from such handling, storing or use and accepts and uses this material on these conditions.
